Legion Birthday Gift Winner Aids Church

When Mrs. E. W. Emery, 425 Chestershire-av, was advised last Thursday evening that she had been awarded the Camp Chase Post 98 American Legion annual birthday gift of $1,000 she was dumfounded. Later she decided that the gift could be put to no better cause than that of the church so she in turn, gave the entire amount to the Hugo Memorial Church Building Fund.

Pictured above at Camp Chase Post are principals in the presentation of the gift. Left to right are Camp Chase Commander Roger Myers; Legionnaire Emery, Mrs. E. W. Emery presenting check to Rev. A. J. Weid of Hugo Memorial, and Larry Seales, chairman of the Camp Chase Birthday Gift Committee.

West High Recognition Day Is Scheduled For Thursday, May 7

By Nancy Farley

Readin', 'Riting, and 'Rithmetic are famous "R's", but West High has added one to its calendar for Thursday evening, May 7. Our "R" is for Recognition Day which has an important purpose; that of better acquainting the parents and other members of the community with the accomplishments of the students.

Students in Industrial Arts, Fine Arts, Household Arts, and Science will exhibit their work at 8:00 P. M. that evening. These fields in the "Arts" were selected for the reason that all the work is done by hand, and requires creating, planning and the development of the finished products with various materials. This injects creativeness and thus causes thinking for production.

"R" Day has stimulated interest among students as well as parents. This goal brings higher standards of work and provides a ground for recognizing various accomplishments otherwise unacclaimed.

This exhibit of work is not competitive, therefore not only the work of the "talented few" will be shown. Judging of the works is merely to bolster the interest and confidence of the students. Work judged "superior" or excellent therefore will serve to indicate artistic work, but does not necessarily represent the greatest individual achievement.

The departments of the school to participate in Recognition Day activities and the judges assigned to each room are, **Industrial Arts:** Rooms 108, 112, Woodwork; Mr. Russell Carter, Broadview Linoleum Company, and Mr. Ronnie Jones of Jones Lumber Co. Room 111, Metal: Mr. Harold Erlenbach of Erlenbach Hardware. Room 217, Drafting: Professor Phillian, Dept. of Engineering Drawing, O.S.U.

Fine Arts: Room 304, Mr. Jay P. Roberts, Art instructor at Crestview Jr. High and Jerry Renner, graduating senior. Room 306, Junior High Art, Miss Inez Gooley, former West High teacher, and Mrs. Helen Courtwright, Art instructor at Roosevelt Jr. High School.

Home Arts: Room 228, Clothing, Miss M. Catherine Singer, clothing instructor at Linden McKinley High School. Room 135, Foods, Miss Elsie Groves, Vice Principal of South High School. Room 134, Home Management, Miss Elta Sayre, former Home Arts teacher at North High School, and Mrs. Mildred Young, former teacher of Home Arts, Everett Jr. High.

Science: Rooms 156, 158, Biology, Mr. William Bunner, Science Institute, Central High School, and Mr. G. E. Smith, Science Dept. at O.S.U. Rooms 212, 214, Chemistry, judged by the Ohio Academy of Science judges, and West High Science Dept.

General Science: Rooms 245, 247. These projects have been judged by an outside group of judges in connection with the Ohio Junior Academy of Science.

Arts and Crafts: Room 108, Mr. Horace L. Davidson of Ben Franklin Stores, and Mr. Lew Rousch, Rausch Bros. Hardware Co.

In addition merit awards will be given by Parent Committees.

RADIO SET BRINGS TRAGEDY

Unexpected Hazard Has Fatal Results

Death came quickly to a well-known radio amateur who had attained a wide reputation with his home-made transmitter. Eight months before the accident his friend, a representative of the Sun Life of Canada, persuaded him to take out a Sun Life Ordinary Life Policy which included a Readjustment Income Provision. On the night of the tragedy, the assured was making some slight adjustment to his radio set when he accidentally short-circuited the wires, causing 2,500 volts to pass through his body. He was killed instantly.

PROTECTION FOR WIDOW

The Sun Life policy, on which the deceased had paid only one annual premium of $76, immediately became a claim. Promptly, the Sun Life of Canada sent a cash payment of $1,000 to the widow, and also a further $100, being the first instalment of a monthly income to continue for one year under the terms of the policy.

A SUN LIFE POLICY FOR YOU

Sun Life policy plans are carefully designed to provide maximum protection and security. Most contracts contain generous cash and loan privileges and offer a wide range of settlement options when the sum assured becomes payable.

ORDINARY LIFE: Permanent protection for dependents at lowest cost. Makes available immediate cash at death for payment of debts, outstanding mortgages, succession duties, or provides a lifetime income to the beneficiary.

LIMITED PAYMENT LIFE: Protection throughout life but with premiums limited to the higher earning period.

ENDOWMENT: Protection for dependents for a predetermined number of years. Ensures future cash for buying a home, children's education, travel, etc., or a lifetime income for retirement.

SALARY SAVINGS: Convenient payment of premiums by monthly deduction from salary or wages under arrangement with employers.

GROUP ASSURANCE AND ANNUITIES: Life assurance and retirement plans for employees at low group rates.

OTHER SUN LIFE PLANS: Family Income; Retirement Pension; Mortgage Protection; Salary Continuance; Children's Special Assurance; Educational Policies; etc.

Let your friendly and experienced Sun Life Representative advise you on the choice of a policy most fitted to your needs.

YOUR YOUTH

By Bob Schmidt Dick Wilson

And now that we are rid of our late snows and blustery winds, it is time that all you Little Nine baseball players get out the old mitts and gloves and loosen up the throwing arms. Registration of players to compete in the Little Nine League, sponsored by the Hilltop YMCA, will take place in all Hilltop grade schools starting this week. Any boy eight through 12 years of age wanting to play will have a chance to register. The registrations are to be returned to the Hilltop "Y" office, and in the latter part of May the teams will be organized. Practice sessions, stressing fundamentals, will begin in early June.

The Hilltop Lions and Kiwanis Clubs are giving shirts to all boys who play in the league. The shirts are of different colors for each of the eight teams

Since you have heard of the baseball plans for the future, we will tell you of the softball outcome of the present. There are only three teams left on the Gra-Y double elimination tournament. They are West Mound, Westgate and John Burroughs. Westgate will face West Mound in the semi-finals next Saturday morning at 10:30 at Westgate Park. The winners will meet John Burroughs in the final the following week.

Speaking of softball brings to mind that the Church Leagues organizational meeting will be held May 21 at 7:30 at the Hilltop "Y" office. This meeting will be for representatives from both the juniors and intermediate church teams.

Wow! Bob Schmidt just informed me that the "Y" movies program which is held every Tuesday at the "Y" office is going full blast. The kids are sitting on each others' laps and hanging from the light fixtures, but a good time is always had by all. All you guys and gals may as well come on down after school and join in the festivities. There is always room for [illegible]

Got spring fever? Well, I have too! They tell me there is only one cure for it, and that is to get outside and keep active. The "Y" offers you a new program feature to enable you to do so. Every Wednesday after school, we have a Playground Day at West Broad Street School, where activities such as softball, outdoor basketball and group games are offered. Come on out and get rid of that fever. You have a standing invitation.

In closing this week's column, Bob and I want to say "Thanks a Million" to John Dickson, Walter Groezinger, Bob Edgar, Jack Imler, Dave Randall and Rev. Harold Dutt for the parts they played in the Hilltop YMCA Basketball Awards Night held last week at Westgate Park Shelter House.

If you do away with every fire that smokes you won't be warm.

The seventh annual Hilltop Relays will take place next Tuesday night, May 12, at Magly Field, with all City League teams with the exception of Aquinas competing.

This event, under the capable management of Rufe Glass, popular Cowboy track menor, has gained in popularity with each passing season until it is one of the greater Columbus outstanding sports events and with the battle for the team title expected to be very close a capacity turnout may be expected.

All field events will start promptly at 7 p. m. The following events are listed: shot-put, discus, high jump, broad jump and pole vault. Only two entries from each school are permitted in each of the above events.

The track events will start at 7:30 p. m. with only one contestant from each participating team permitted in each event.

Junior High events are limited to the 440 and 880 yard relays and will precede the same high school event.

Scoring for the individual events will be 6-4-3-2-1 and in the relays 12-8-6-4-2 points.

East High School is the defending relay champion but will be hard pressed to retain the title.

During the past week the Cowboys' track squad selected the following queens to reign over this event and who will present the ribbons to the individual point winners in each event. They are: Jane Glass, Anita DeMatteo, Betty Penn, Betty Ellingsworth and Susie Miller.

Trophies will be presented to the winning team and runner-up. Trophies will be presented the winning Junior High relay teams. A trophy will also be presented to the individual high point winner of the meet.

The following is the time schedule for track events: 7:30—120 yd. high hurdles; 7:40—100 yd. dash; 7:45—880 yd. run; 8:05—880 yd. relay (Junior High); 8:15—880 yd. relay (Senior High); 8:25—440 yd. dash; 8:35—shuttle hurdle relay; 8:50—two mile relay; 9:00—220 yd. dash; 9:05—mile relay; 9:15—440 yd. relay (Junior High); 9:25—440 yd. relay (Senior High).

The following are the present records and record holders for the various events of the Hilltop Relays.

Golfing Slants

By JACK KIDWELL

LONG IRONS

One of the prettiest sights in golf is a long iron shot played boldly to the green on the carry; but unfortunately it is one of the most difficult.

In the use of all clubs, with the exception of the putter, placement of the hands on the shaft remains the same.

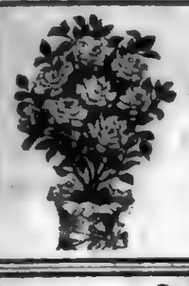
With but one exception the stance and the position of the body at address is virtually the same as in wood play. Since the shaft length of a two iron is about an inch and a half shorter than the shortest wood, you must necessarily stand closer to the ball to compensate for this variation.

Ball position for long iron play is determined by the lie. If it is good or bad we have but little choice to play the ball farther towards the center of our feet so we can more easily strike the ball a descending blow. This is vital in all lies of this type for unless the ball is struck before the iron enters the turf, the divot curls up across the club face, cushioning the ball and killing the force of the blow.

When the lie is good, the ball may be played forward off the left heel and hit cleanly from the grass. The new golfer can achieve greater initial success with all clubs by playing the ball forward and striking it sharply without taking a divot. As your game improves; experiment with advance phases of technique on the practice course.

The swing used for long iron play is basically the same swing employed for woods except it is more upright. As previously stated, the golfer must stand closer to the ball because of shorter shaft length.

Inability to hit long irons is frequently caused by failure to keep the head anchored; too great an attempt to supply hitting power by turning the upper part of the torso prior to impact, or hand action that is sluggish.



In the language of Jim Barnes, a great player out of the past: "A great many players come to grief from over-effort, causing the body to turn too fast for the arms and club head, on the downswing. Also by getting the wrist action into the effort too quickly after the down swing has started. It is alright to hit and hit hard providing the hands and arms work with the body as they should."

The playing of any golf shot requires a pivot or turning of the body, and a free wheeling circle or arc of the hands about the head. Either action, independent of the other is not enough. Each must be coordinated with the other if we ever hope to achieve the skill where our poor shots are few and our good shots are many.

This, or any other instructions, cannot be incorporated into your game by reading alone. No athletic venture is solely a contest of mental activity, but rather a blending of muscular strength and coordination. Your golf game will be only as good as the time spent on the practice course, training your muscles to do as your mind directs. It is there all the faults and inconsistencies of the stroke must be corrected.

This spring give your game a chance. Talk this instruction over with me, and spend as much time as possible practicing. The reward is surely worth the effort.

New Farm Shop Opened At Hilliards High School

The Hilliards High School's new farm shop was completed last week. The streamlined building with modern equipment and conveniences is now being used by the vocational agricultural classes and the Young and Adult Farmer class members.

The building is a 36x52 foot structure of hadite block. It has a precast concrete insulated ceiling with a built-up roof. It features the very latest in sky lights by the use of two sky-domes. These sky-domes are large plastic bubbles similar to those used for gun turrets on modern bombers and are found only on the most modern industrial buildings.

The building is heated by two overhead gas units, thermostatically controlled. The lighting is by four rows of fluorescent two-tube lights, the length of the building.

The shop naturally blends into six work areas which are woodworking, welding, painting, farm machinery repair demonstration and storage. All tools and equipment used in the new shop are mounted on movable racks, enabling better use of the existing space by arranging the equipment to fit the job being done.

The shop class also constructed a portable blackboard, a portable welding screen and two portable tool boards.

The work benches will be constructed by the class this fall. All work benches will be directly beneath the large windows along one side and end of the building.

The electric welder is located near the twelve-foot overhead door so as to weld outside the building if the situation demands. Another safety feature is incorporated in the water hydrant and drain. There is no interior tile drain within the building to accumulated oil, grease, shavings and other combustible materials. The hydrant is near the door and the slope of the floor carries the waste water from there to a field tile.

This building is the first unit of the Vocational Industrial Department planned in the long-range building program of the Norwich Local Board of Education. The building is so constructed that the windows and doors will not interfere with future additions to the structure.

Hilliards Thinclads Lose Meet

By Deseee Rausch

Hilliards track team went to Grove City High School Apr. 21 to take part in a dual meet. The Wildcats, since this was their second start, were anxious to avenge a setback handed them by both Westerville and Aquinas, in an earlier meet.

Hilliards racked up many seconds and thirds but these were not enough as the Greyhounds walked off the field with a 61 to 65 victory.

Kenny Engle of Grove City scored 20 points by himself, by taking first in the high-hurdles, the pole vault, the discus, and the high jump.

STARLING BASEBALL

By Jim Taylor

Starling beat West Junior by the score of 11 to 1 in a six inning practice game at the State Hospital grounds. The junior Cowboys loaded the bases in the first with none out, but could get only one run across, when Dencer walked Randall for the gift run. Edwards led off the third with a triple, but his mates couldn't plate him.

The entire Starling team played heads up ball, while Edwards and Coe shone for the HiRoppers.

Starling had little trouble with Champion, defeating them 21-11, in the first league game of the season for both teams at Harley Field.

Commissioner Asks Spring War On Rats

Many Hilltop housewives already have completed spring housecleaning or have the project well under way, but uninspiring weather has delayed most of the men folks on their outdoor chores. But the time is rapidly approaching when these tasks should be undertaken, according to Dr. Joseph H. Drayer, deputy health commissioner and chief of the division of sanitation.

Dr. Drayer believes rodent control is the most important target for spring attack because rats not only cause heavy damage to property of all kinds, but their toleration is dangerous because of their filth and tendency to carry disease. They are particularly dangerous in homes with children because the latter play on floors, under which rats may nest, or they may get into areas too confining for adults, where rats may hide.

"The rat problem would not be difficult to solve if every householder would close their homes and garages to pests and store all garbage in holeproof containers with well fitting covers," Dr. Drayer added.

"Rats will not stay where they are not fed. Nor will they stay where they are not accorded some harborage where they can live and hide. It's as simple as that, he revealed.

Piles of litter, such as grass cuttings or leaves, rubbish and old lumber in the yard, are particularly favored by rats, if they cannot have protection from the elements in house or garage. But always they will be found where food is nearby, the deputy health commissioner continued.

"Careful storage of garbage is well worth the added seconds it takes," he went on. "To increase the life of your garbage can, drain off the excess water before wrapping garbage in paper or paper bag. If the wrapping paper does not become wet it will not stick to the can when it dries, thus making it unnecessary for the garbage collector to pound the can on the side of his truck to get all the waste material out.

"If you must store new or used lumber in your yard, elevate it by 18 to 24 inches. Elevate your garbage and refuse containers, too, but elevate them sufficiently high that rats will not take refuge beneath them," Dr. Drayer advises.

Stagnant water around the premises should be avoided, notably empty food cans disposed of in refuse containers. Cans flattened by the foot before disposal do not offer breeding places for insects.

Columbus' DDT "fogging" program, which has reduced insect life greatly hereabouts since its inauguration four years ago, will be resumed early in June, Dr. Drayer said.

We're not worrying about that loudspeaker that can be heard four miles, it's the one that can be heard four apartments away that concerns us.—Christian Science Monitor.

The Gate Post

By Pat Martindale

During the past few years many new public schools have been built and nearly all of the older schools have been remodeled to take care of the increasing school population. Statistics show that there are approximately twice as many school children now in the elementary grades as there were before World War II.

Not only are the public schools "overflowing" but the parochial school population is far above the amount of school room at hand. Twenty per cent of the school children attend parochial schools in Columbus, which lessens the burden that much on the public school system. However, within a few more years even more schools will be needed so it was good news to hear that the Columbus Diocese will build three new Catholic high schools within the next nine years.

One of the new high schools, the last of the three, will be built on the Hilltop. This will be the first Hilltop Catholic high school, which should not only add to the growth of the Hilltop but will increase the value of property in this vicinity.

With the news of a new school in our community, a school entirely different than any we've had before, it gives us a feeling of pride to be Americans and to be able to send "our children" to a school of our choice, whether the three R's are taught or the four R's are taught (reading, 'riting, 'rithmetic and religion), where "our children" can train for any profession they desire. It is good to know that whichever school they attend they will go into the world with equal opportunities, freedom, honor, and even equal life because this is America, "The Land of Equal Rights."

With each new school built, public or parochial, America strengthens its heritage and liberty and the "deal" we made 177 years ago gets better every day.

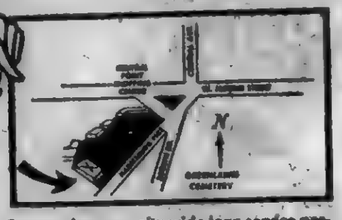
Your Home And You

By Rose L. Gilek

A rather difficult way of laying linoleum is required when the top of a kitchen sink counter rots or becomes so worn that it has to be replaced.



The metal trim around the fixture first has to be taken off. This is done by removing the screws which are usually located on the underside of the trim. Be careful when removing the trim not to bend it out of shape, as it may be difficult to replace. Once the trim is off, you can remove the old linoleum with water and a putty knife. When you have done this, inspect the surface of the sink or counter for any rotten wood. A slight crack in the linoleum will allow water to penetrate to the wood and damage it. Any part of the woodwork that has rotted should be removed and replaced with a sound piece of wood before putting on the new linoleum.

The new top should fit tightly at all seams, and it is suggested that a pattern first be cut from heavy paper. This pattern should fit exactly, and it may be necessary to cut several patterns before a perfect one is obtained Do not try to cut the linoleum until you are sure that the fit is correct or you may spoil a good piece of material.

The nakedness and asperity of the wintry world always fills the beholder with pensive and profound astonishment. — Samuel Johnson.

First Brick Is Laid For The West High Press Box

First brick were laid this week for the new press box which will adorn the west side of the stadium at Magly Field. The new structure is one of the principal objectives of the West High Boosters Club. Present at the ceremonies this week were the above pictured men as the first course of brick was started. Left to right are William Krause looking over Principal Irvin Young's shoulder as he wields a trowel, Lee Weigand and Bill Haire add their kibitzing as Coach Mack Pemberton places a brick and Fred Pegura checks the accuracy of his new brick masons.

Booster tickets numbering more than 200 have been placed in the mails but returns have only been made on 58 thus far, according to Booster Club officials.

Vegetable Medley Is a Quick Main Dish

BY DOROTHY MADDOX

HERE'S a vegetable medley to tempt lagging spring appetites. It is simple to prepare, is different and full of the flavors of many kinds of vegetables.

VEGETABLE MEDLEY

One-quarter cup butter, 1½ cups sliced onions, 2 cups celery cut in thin strips, 1½ cups carrots, cut in thin strips, 2 cups string beans cut in thin strips, ¾ cup green peppers cut in thin strips, 2½ teaspoons salt, ½ teaspoon pepper, 1½ cups mushrooms sliced lengthwise, 2 cups canned tomatoes, 3 tablespoons quick-cooking tapioca.

Melt butter in saucepan. Add onions, celery, carrots, string beans, green peppers and seasonings and cook 10 minutes, stirring frequently. Add mushrooms and tomatoes and simmer 20 minutes, or until vegetables are tender. Then add quick-cooking tapioca and cook 5 minutes longer, stirring occasionally. Serve with crisp bacon or grilled frankfurters, if desired.

Strawberries and tapioca are a sure sign of spring. Combined into a smooth, colorful pudding, this is an ideal dessert for all the family. Served with whipped cream or softened ice cream, it becomes a party dessert.

STRAWBERRY TAPIOCA
(Makes 6 servings)

Two cups sliced fresh strawberries, 2 cups berry juice and water, ⅓ cup quick-cooking tapioca, ¾ cup sugar, ½ teaspoon salt, 2 tablespoons lemon juice.

Sweeten strawberries with ¼ cup of the sugar and let stand 30 minutes. Drain, add enough water to juice to make 2 cups. Combine berry juice and water, quick-cooking tapioca, remaining sugar, and salt in saucepan and mix well.

Place over medium heat and cook until mixture comes to a boil, stirring constantly. Remove from heat. Cool, stirring occasionally. Add berries and lemon juice. Chill. Serve with whipped cream or softened ice cream if desired.

For a spring party dessert, surprise your guests with this appealing smooth strawberry tapioca garnished with whipped cream and whole strawberries.

MOTHER

No matter what our troubles are
Nor how hard they are to bear.
The load is lightened because,
Mother is always there.

We never need to fret and worry
Or complain of all our care.
Never once will she complain,
Even tho she is right there.

Tho our load in life is heavy
We need not give up in despair.
She will help to keep us going on,
Because she is always there.

We owe her more than we can pay
But if with her, our love we share;
We can always be certain that
She will always be there.

We should willingly appreciate her
In life and death in daily prayer.
In Heaven we will meet her again,
For we know she will be there.

— by Charles W. Widmaier.

RICH MAN, POOR MAN . . .

GOOD HEALTH FOR ALL

"Never Touch It"

I like lobster, but lobster doesn't like me."

You have heard that statement, or similar ones.

Maybe you have laughed at it. But allergy is no joke. Doctors take it seriously. Allergic diseases are seldom fatal, according to the Columbus Tuberculosis Society but the symptoms are always distressing. Sometimes there is so much discomfort that work, sleep, appetite, and recreation are interfered with and general health suffers.

Allergy is sensitivity, or hypersensitivity, to substances which are harmless to most people. About one person in ten is allergic to something. The substances that cause allergy are called allergens, and there are hundreds, even thousands of possibilities: pollens, house dust, furs, various foods, feathers, cosmetics, drugs, and even heat, cold and sunlight. The most common allergic diseases are hay fever, asthma, skin disorders like hives, and stomach and intestinal disturbances.

The Columbus Tuberculosis Society states that these diseases are not imaginary. If you have allergic symptoms, according to the society, you should get medical advice both for immediate relief and future protection. The doctor can make tests to discover the allergens which are causing trouble. Sometimes this is easy, but frequently it requires great patience.

Once the causes are discovered, you can learn to avoid the troublemakers as much as possible. Drugs may be prescribed to ease the symptoms. In some cases injections, medicines, and vaccines are given to desensitize the patient. You may need help in ironing out emotional conflicts such as worry, fear, or anger which have a strong influence on allergic disorders. With complete cooperation with your doctor, you will be able to save your self from years of suffering and disability.

Illegal Fireworks Confiscated At West High

Pictured above is a portion of the fireworks confiscated during this past week by police and school authorities at West High School from youths in the school who had been illegally (against state and federal laws) trafficking in the illicit merchandise. Police began investigations after school officials became alarmed at the number of explosions about the school. They discovered at least five youths ordering fireworks from out-of-state firms and selling them at inflated prices to younger children. Harsh measures were promised by both police and school officials toward any recurrence of the offenses.

(c) Active participation and leadership in township and school affairs by leading residents and taxpayers should enable this form of government to perform the needed services as efficiently and probably more economically than either of the proposed plans.

The facts determined by the research group as to Education are: The township must provide state approved educational facilities for each normal child of school age. The board of education must meet minimum operating standards, provide qualified teachers, and pay at least the minimum salary required by state law. In addition, it must compete with the Columbus area for teachers.

The state however does not require many extras and frills, often found as a part of the school program. There is little justification for any school expenditure that does not contribute directly to the education of the child. Needless expenditures and waste are generally eliminated when items are carefully examined and school operation budgets periodically reviewed.

A study of public school building needs in the township states the following with respect to the community's "ability to pay" for educational activities: The financial ability of the community to pay for new school building construction and its apparent willingness to do so. This is a most important factor since school building plans can be translated into buildings only if the community can afford and is willing to pay for carrying out these plans.

The fact that many voters in the township pay small annual taxes shifts the taxpaying burden to the large land holder, industry and business, which directly benefits least from many of the expenditures.

The fact that the funds can be made available is no justification to provide a standard of services higher than actually needed by the community. The land owner, the industrialist and businessman seldom objects to his portion of the tax bill when his contribution is being spent wisely and economically for the benefit of the area in which he lives or operates.

On "Other Governmental Services" the fact finding body had this to report:

Costs paid for protection of life and property, health and sanitation, streets and highways, will be largely dependent upon township planning. Zoning details should be carefully worked out and plans drawn for future development, and when adopted, rigidly enforced.

This should all finally result in well developed neighborhoods, more adequate services, better homes and higher real estate values, a more desirable area for industrial development, all at a lower cost to the taxpayers.

How can this be accomplished? This may all be accomplished by the formation of an association of individuals interested in the general welfare of the township. Various township interests should be pooled to find the best possible solutions to the townships current and future problems. Industry and business in the area has the know-how of organization and administration. It may well take the initiative in uniting the community in a plan of positive action to improve present conditions.

Mary Ellen Says:

Here's What The Experts Say

"Can I wash wool blankets in my automatic washer and dry them in the dryer?" "I have simply ruined blankets by washing them in my automatic washer. What can I do with them?"

Finding answers to these and other frequently asked questions was the aim of an investigation recently completed by the home economics department of the Ohio Experiment Station. In this study, a large number of blankets, both soiled and new, and blanket swatches were laundered by different methods in various washers and dryers.

What We Found Out

Most all automatic washers can be used with success for the laundering of wool blankets if all operations can be controlled by hand but blankets cannot be allowed to wash through the regular cycle without excessive shrinking and felting. Blankets can also be dried in dryers without felting and with a minimum of shrinkage if they are carefully handled.

Wool blankets, which are woven under tension, will relax (shrink slightly) when first wet. Agitation, or tumbling in the washer, was found to be the main cause for shrinkage, felting and distortion of blankets. Hot water, contrary to common belief, had little or no more effect on the blanket than did "luke warm" water. Wool gives up soil easily and with the use of synthetic detergents soil is quickly dispersed and held in suspension in the water.

Of the various methods tried and repeated many times in the study the following method was the only one that gave satisfactory and "like new" results. This method can be used in either automatic, spinner or wringer types of washers.

The "Soak" Washing Method

1. Inspect blanket. Brush any heavily soiled spots or streaked bindings with vegetable brush and warm detergent water.

2. Fill washer with water comfortably warm to your hands (about 120 degrees F.). Add mild or all-purpose synthetic detergent (same amount used for white clothes) and operate machine until it dissolves.

3. Stop the washer action, immerse the blanket and allow it to soak 15 to 20 minutes. Turn it over 2 or 3 times by hand. DO NOT allow washer to operate unless the blanket is part cotton, then for not more than one-half minute.

4. Advance dial to "spin" and extract water or put through the wringer if a conventional washer is used.

5. Give the blanket two deep soaking rinses without operating the washer for five minutes each in warm water or about the same temperature as the wash water. Turn blanket by hand. Spin or wringer wring after each soak-rinse.

Local Women Plan Coronation Ball

London's coronation preparations have inspired the local Daughters of Scotland to plan a similar coronation ball, on Tuesday, June 2, at Valley Dale from 8 p. m. until midnight. Thomas Graham, 33 W. Norwich-av, will be master of ceremonies. The entertainment will consist of folk songs and dances typical of Britain and her colonies.

Mrs. William McGuire, 670 Chesterhire-rd, president of the Purple Heather Lodge of Daughters of Scotland, has appointed Mrs. David Silver, 70 Highland-dr, and Mrs. David Armour, 136 Letchworth-av, co-chairmen for the event.

Seen at Seiller's

Mother's day will soon be here. Let's make it a day Mom will long remember. Seiller's have so many special Mother's day gifts; you won't have any trouble at all finding her a lovely gift.

Mother will love the light magic of Kayser Nylon Lingeries, Fresh and cool as a spring breeze, or a beautiful new handbag, or several pairs of sheer Berkshire hose in the new spring shades, They will delight Mothers of all ages.

Imagine how thrilled she'll be to open a gift of Kahra jewelry, and how proud she'll be to wear it; or, help her dress up her room with a beautiful, luxurious chenille bedspread in her favorite color.

Perhaps Mom thinks getting meals three times a day is a little humdrum. She will feel every meal is a special occasion with one of the very modern salad sets, cake sets or lazy susans, Seiller's have in this week.

If she is the type that gets a lift from looking chic around the kitchen, she'll love one of the cute Pat Perkins cotton dresses or a Dianne Young blouse.

Regardless of type, size or age, you'll find a gift that will be sure to please "that sweet somebody, that thinks you're somebody" — your Mom.

A fitting tribute to the mothers of our community was given by Mrs. Belle Boucher, a resident of Rome for more than 31 years, during a program of her literary society, when she gave this reading 58 years ago:

TWO LITTLE PAIRS OF SHOES

Two little pairs of shoes tonight
Before the fire are drying
Two little pairs of tired feet
In a trundle bed are lying.

The tracks they've made across the floor
Make one feel like sighing—
These little shoes with copper toes
They run the livelong day
And often times I almost wish
That they were miles away
So tired am I to hear so oft
Their heavy tramp at play.

Today I was disposed to scold
But when I look tonight at those
little shoes before the fire
With copper toes so bright;
Methinks how sad my heart would be
To put them out of sight
For in a trunk upstairs I've laid
Two socks of white and blue
If called to put those shoes away
Dear Lord, what would I do?
I mourn because there are not tonight
Three pairs instead of two.

"I mourned because I thought how nice
My neighbor 'cross the way
Could keep her carpets all the time
From getting worn and grey
Yet well I know she'd smile to own
Some little shoes today.

"The mothers weary get and worn
Over our load of care
But how we chide these little ones
Let each of us beware
For what would our fireside
Be tonight if no little shoes were there?"

"Scouts Turn Tables On Mothers"

Pictured above is a portion of the committee engaged in making plans for the reunion of alumni of West High School. Seated, left to right, are Ruth Hall Ricker, "28"; Olive Munro Matheny, "28". Standing, left to right are Marcella Thompson Tanner "27"; Christine Mackenzie Manish, "27"; Helen Griffin Plummer, "27"; Nellie Doughty Heisler, "29" and Elsa Rodgers Bussenburg, "29".

By Mrs. James W. Whalen

Above are four officers of Intermediate Scout Troop 103, New Rome, who along with other troop members are busy making culinary surprises for their mothers, while their mothers are concentrating on a bake sale to be held at Harrison's Market, W. Broad-st and Rome-Hilliards-rd, Friday, May 8, at 4 p. m. and continuing until 9 p. m. on Saturday, May 9, to raise funds to purchase individual troop flags for the four New Rome troops.

This New Rome Neighborhood Ass'n of the Girl Scout organization of Columbus and Franklin County was first started in May of last year. While not yet a year old it has participated in all the community and county-wide projects with such enthusiasm and success that it is most deserving of the sincere plaudits of District No. 10 of which it is a member.

Your Branch Library

Even more frequent than the arrival of spring on the Hilltop (twice in the month of April) is the arrival of new books at the Hilltop Branch Library. The library staff still maintains that somewhere in the 15,000 volumes is a book to please every reader.

Some of the more recent additions to the shelves are in the realm of adult fiction. On the market now are Desiree fashions, Desiree perfumes and a host of other Desiree products. We have the book that started the ball rolling. "Desiree" by Annamarie Selinko is the story of the first sweetheart of Napoleon, Eugenie Desiree Clary who rose from silk merchant's daughter to queen of Sweden and scandal of Europe.

"The Second Happiest Day" would be of interest to the habitual reader if for no other reason than it is authored by John Marquand's son, John Phillips. The book has merit on its own, however, and the reader who chooses it from curiosity will stay on from interest.

Carl Sandburg symbolizes to many the voice of America, strident at times but fundamentally strong and clear and a little amazed at itself. He has written his biography in "Always the Young Strangers," and again his writing has a fresh, young, poetic quality that has marked his work in the past.

What with all the interest in Ohio and her early beginnings, the book, "To Keep Us Free," should be a must. Margaret Allis continues the story she began in "Now We Are Free as she carries the Fields family into the Ohio region at the beginning of the last century.

"Another novel, "The Golden Admiral," by Van Wyck Mason, follows Sir Francis Drake for whom the book was named, against Spain and her magnificent sea power.

Everyone is interested in good luck and the library has a book entitled "How To Attract Good Luck and Make the Most of It in Your Daily Life. In this small volume Albert Carr claims that it is when chance combines with our own perceptions and actions that luck enters our lives.

For those who like their adventure on the factual side L. N. Cotlow describes his journey through aborigine country and his encounters with its people in "Amazon Headhunters."

In "Shakespeare of London" Marchette Church writes not at all the sort of thing one might expect in a biography of the greatest of all dramatists. The book is excellently written and full of more than interesting commentary on the life of London during the late 1500's and early 1600's.

Fortunate is the man who keeps a sense of humor in all situations. C. W. Thayer, author of "Hands Across the Caviar," (you may remember him for "Bears in the Caviar") can still write about Russia with a smile. Just as everyone is interested in luck so is everyone interested in making money stretch. "How To Make Growing Clothes For Your Baby" by Mariska Karasz will help you do just that.

If your problem is rusty typewriting Nathaniel Altholz has composed "Modern Typewriting Practice" just for you.

Last in this sample group of titles and resume's of new Hilltop books is 'Kiss Me Again Stranger," a collection of eight stories by Daphne DuMaurier, who for mere readers' money can put the new science fiction and chiller writers to shame.

Lesson in Basic English

A navy lieutenant at a South Sea island station undertook to give an old native a lesson in basic English. He pointed at a marine and said "man."

The native dutifully repeated, "man."

That gave the volunteer teacher a thrill. He went on and pointed to a palm tree. "Tree," he announced. The native echoed, "tree." That certainly was progress.

Just then a plane roared overhead. The lieutenant thought he'd give the native the first chance this time. "What, he asked, pointing upward.

"I'm not sure," said the native, as he stood and squinted at the plane overhead. "It looks like a PB2Y, but it might be a B-24."

'Copter Service 7,000 Feet Up & Down Lifeline to Men on Big Power Project

In the mountainous wilds of British Columbia, where the Aluminum Company of Canada (Alcan) is actually reversing rivers in their course and blasting one of two 10-mile tunnels through mountains to complete what can be the world's largest aluminum-producing center, one of a fleet of helicopters rises from a company campsite after delivering supplies and materials to construction crews. Because of the rugged terrain, great heights and limited landing space, only 'copters can be used to supply the men working on the towers and cables. At left is airview of the base camp at Kemano, hub of the multi-million dollar project. Never before in modern times has one industrial plant promised to increase so enormously the North American production of aluminum which today finds some 4,000 diversified uses ranging from sardine cans to jet planes. Aluminium Limited's Alcan project can have an ultimate capacity of 550,000 tons of the metal—equal to 53 per cent the 1952 U. S. production.

Band Caps Missing

Five caps were reported stolen from the new Columbus Municipal band at Sunshine Recreation Center during this past week, and a plea has been made for their return.

Highland Nine Is Eliminated In Gra-Y Softball Tournament

By Dick Wilson

Howe's two-run double, a Highland fielding farce and good West Mound Spirit were the determining factors in a 9-6 upset victory of West Mound Gra-Y over Highland Gra-Y in the Hilltop YMCA Double Elimination Softball Tournament held at Westgate Park last Saturday morning.

Up until the sixth inning the ball game was a nip and tuck affair. Highland jumped into an early lead as they scored two runs in the first inning on a base on balls, an error and a hit by Little Galentine. West Mound retaliated in the first of the second as Larry Myers scored on a walk, a stolen base and a single by Larry Dulin. Highland was given a run in its half of the third as the West Mound infield booted three easy chances in a row, but the Mounders held up the game in the first of the fourth with a two run spree.

And then "the rains came" in the last of the sixth when the West Mound boys put together two hits, two walks and two errors to gain six runs and a victory.

Batteries for West Mound were Larry Myers and John Ryer LeRoy Lowery, Howard Shepherd, Ronnie Davis and John Bennett divided battery duties for the losers.

West Mound	0	1	0	2	0	6	
Highland	2	0	1	0	0	3	

John Burroughs continued with its winning ways in the second game, downing a previously unbeaten Westgate nine to the tune of 8-3. The boys from Sullivant-av showed in the first inning that they meant business as they scored three runs off pitcher Eddie Schmitt on three singles and a walk. They continued to score every inning until the bottom of the fifth when they went down 1-2-3.

Bill Ingle, J.B. slow-ball artist, once again hurled for the victors and limited the Westgaters to a total of five hits and did not give up a single walk. David Mack led the losers in hitting with a triple and a single in three times at bat. Jimmy Wilkinson led the victors at the plate with two singles in three times at bat.

Bill Kern was outstanding on defense for the losers and Roger Bruns looked good afield for the winners. Both boys made some brilliant plays from their infield positions.

Score by innings:

Westgate	0	1	0	0	2	
J. Burroughs	3	1	2	2	0	x

The tournament continues next Saturday at Westgate Park as Westgate faces West Mound at 10:30. John Kunts of the Hilltop YMCA Leaders Club will officiate behind the plate.

Your Shoetricism in SEILER'S
Says:

SHOE LENGTH

It is so easy for the shoe man to sell short shoes that I am surprised that anyone gets fitted long enough. Short shoes look better and they hit the heels better, but of course there is one little drawback about them — they cripple your feet sooner or later. If you want to avoid foot troubles, be a "crank" about the length of your shoes. Always stand to be measured, never take a pair of shoes which do not have at least half an inch of space ahead of your great toe. A more satisfactory way of judging length is to get the shoe long enough to bring your big-toe joint exactly over the curve of the sole at the inner border of the shoe sole. Then and only then does the arch of the shoe fit the arch of your foot. Remember that long before your big toe hits the end of your shoe, your small toes are crumpled along the outer edge. You have five toes. Give them all a break.

Services Planned For Mother's

Special Mother's Day services will be held in the Hilltop Community Sunday School next Sunday when the Sunday School will be taken over by the mothers of the church.

Every mother will be recognized by receiving a gift. There will also be given special recognition to the oldest, the youngest, and the mother of the largest family, having the largest number of her family with her in Sunday School.

At the 10:45 a. m. worship service mothers will also be in charge. Mrs. J. L. Dean, wife of the pastor, will deliver the morning sermon.

Transportation will be furnished for any mother and her family who wish to attend this service by calling RA. 6182 not later than Saturday night.

Someone has called our century the century of the vitamin pill. Most of these pills sell for a few cents apiece. That's cheap enough for the benefits to our bodies they perform.

But there's one vitamin that's never advertised, never washed down with a glass of water. Yet you can't do without it.

"Next to bread, *kindness* is the food all mortals hunger for—*it is the one essential vitamin of the soul.*"

If you want to test the vitamin of friendship-kindness and see it at work, visit your church next Sunday. In a world which seems to forget its value—and is paying dearly for its forgetfulness—kindness still reigns in the sanctuary of the church. You can *hear* kindness in the words of the old hymns; you can *feel* kindness in the handclasp of a friend or neighbor; you can *sense* kindness in the ever-glowing words of the gospel of God.

This vitamin is yours for the asking. It is as free as morning sunlight; as clean as summer rain; as limitless as eternity.

Take it only once a week—in church.

It will make your own week, and the week of all you meet, a better one—through kindness.

And to godliness, add brotherly kindness . . .
II Peter: 1-7

Bible Comment:

Speaking the Truth Is Only Christian Way of Life for All

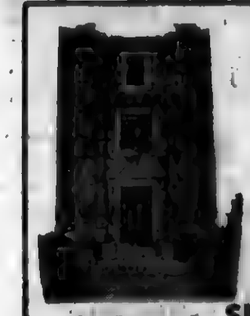
PERJURY done in the act of self preservation when a man is under the stress of great fear or emotion is far removed from the evil act of lying in order to injure someone else.

This is the greatest evil and is mentioned in the Ten Commandments. Moses put great stress on the importance of not bearing false witness against anyone.

Today the question of perjury is suddenly of great interest to many of us. Several men have been sentenced to prison for lying while giving testimony of great importance to our national security.

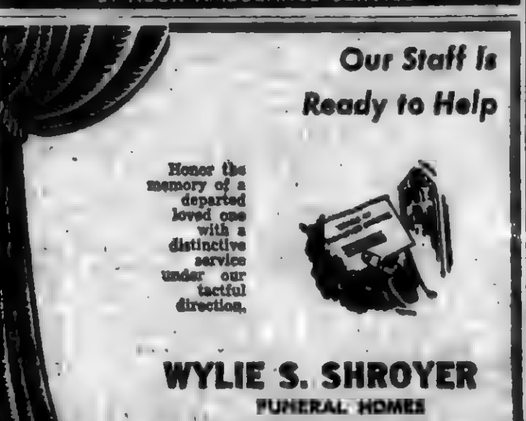
No matter why a man lies, his act is inherently evil.

Paul's description of Christian conduct is a good one. He pointed out that "Speaking the truth in love" is the Christian way—and the only Christian way.



To be sure, there have been dramatic instances of perjury which surprise us when we consider the sources of these false statements. One is the denial made by Peter when he was accused by the young girl as he sat in the outer room of the high priest's palace.

But Peter's denial was based on a sudden surge of his instinct for self preservation. His true nature is revealed almost immediately when he breaks into sobs at the realization that he has fulfilled the prophecy and denied his Lord.



The professional perjurers, the informers for profit, and those always ready to lie for their own advantage, are the men destined to suffer for their violation of the commandment. Because the great stress put on the commandment was not enough, even for the small group of people who made up the tribe of Israel in those ancient days.

Mentioned in the Proverbs are references to "burning lips" and "wicked hearts."

Ruin is the ordained fate of the perjurer. This is probably clarified best in the statement: "Whoso diggeth a pit shall fall therein; and he that rolleth a stone, it will return upon him."

Social Security Begins at Home
Our government may lighten the burden of life in years ahead, but much we can do for ourselves, right now, to banish worries we take for granted. For example simply by arranging, now, for the ownership of a family plot, you will have ensured upon those you love the one item of "Social Security" without which no "Peace-of-Mind-Plan" can be complete. Call or visit.

Test Your I. Q.

1. When did the state of Virginia take back her part of the District of Columbia?
2. What was the origin of the Washington Monument?
3. During the Renaissance, what invention was the reason for

knowledge suddenly becoming a widespread thing available to many people?
4. What is the meaning of the word Boer and to what people is it applied?
5. What is the Edward J. Neil Boxing Trophy and how did it originate?

Answers

1. In 1846 President James K. Polk announced that 30 square miles ceded to the federal government by the state of Virginia in 1790 had been returned. The Act of Retrocession permitted the citizens to decide this question.
2. In 1833 the Washington National Monument Society was organized. A fund-raising campaign produced about $75,000. The cornerstone was laid July 4, 1848. In 1859 money ran out and it stood half finished until President Grant ordered it finished by the Corps of Engineers. Dedicated Feb. 22, 1885, it was opened to the public in 1888.
3. The invention of the art of printing with movable type made books cheaper and easily available to the poor. Learning was suddenly no longer the exclusive property of the nobility.
4. It is a word of Dutch origin meaning farmer. It was given to the early Dutch colonists of South Africa.
5. It originated in 1920 in honor of Edward J. Neil, famous sports writer killed in Spain while covering the Spanish Revolutionary War. It is awarded each year by the Boxing Writers' Association of America to the person doing most for the sport. First winner was Jack Dempsey.

RESURRECTION

This tree has never known
How many leaves it bore,
Yet it grieves when each
Falls to the forest floor.

And I will never know
How many dreams I've had,
Yet every one that fader
Makes me a little sad

But dreams, like leaves in spring,
Come back in new disguise
Which proves to my delight
That no dream really dies.

Adventures in Poetry.

Here are two poems for Mother's Day:

SONNET FOR A LADY
(For Mother)

It has no substance, that of which I sing;
It cannot be confined within a square,
Nor is it circumscribed by what you wear,
Or how you smile or what you do.
The wing
Of painted butterfly a-quivering
In burnished sun diaphanous as air,
Defines it not Nor Aeschylus would dare
Say he had prisoned it in drama's ring.
It is elusive as the farthest star;
Intangible, and nebulous as light;
Artists have sorrowed, seeing from afar
Its haunting shadow strewn across the night.
Had they been wise, they would have turned to you.
For you are beauty infinite and true.

H. P. Stoddard.

IF MOTHER HAD READ HOUSMAN'S VERSE

If Mother ever had read Housman's verse
She would have liked his style, succint and terse
They had in common this: a keen, barbed wit.
The sorrow of the world—she'd learned of it,
Its bitterness, to know that in her day
Men had hearts of gold, but feet of clay.

I've seen her falter when misfortune hit;
I've seen her frown and purse her lips a bit,
But she would rally and her faith inspire
Her little brood. Love warmed them as a fire.
She had a faith that he could not quite achieve.
She knew there was a God; she could believe.

Here are some facts about local people that might not be widely known — There is a little lady in one of Columbus' hospitals who played on Broadway with Mae West and other celebrities. Mae sends her a check each year at Christmas . . . There is another lady who posed for a Madonna window of a large church in Los Angeles. I've seen photographs of the window and it is beautiful; so is the model . . . State Auditor James A. Rhodes has written some fine poetry. Once he consulted me about having a book of it published—then he became Mayor of Columbus and evidently was too busy . . . A girl who was formerly associated with one of the local radio stations is now in a large eastern city, helping to manage one of its swankiest apartment buildings . . . My favorite shutin writes regularly to approximately 100 patients in veterans' hospitals and other shutins in other hospitals and in their homes. She receives many grateful letters from chaplains, ministers and doctors thanking her for the good she is doing and has been doing since she became a shutin herself. Radio and television personalities, ministers and others who know of sick and lonely people have sent her lists of their names. She has never let them down, though she often needs encouragement and cheer, and needs to know that somewhere, somebody cares, too.

From Don Alban's Stiff Punching—My latest song title is: Stop your wool gathering and cotton up to me . . . The "good old days" refers to a last year's Marilyn Monroe calendar . . . The truant officer told the parent to paddle his own son whose giver name happened to be Canoe.

From Imogene Sherry's book, Here Is My Heart—
Someone told me love was blind—
No future—no hereafter . . .
The love you too, I do not mind
But give me back my laughter!

From here and there—Papa Bird said to Mama Bird: "Can you beat it? Just about the time we get a nest egg laid away, more bills accumulate!" Sign in a haberdashery store: "We alter hats to fit any promotion." Another sign—in a bar this time: "If you drive your husband to drink, drive him in here."

Highland School News

Mrs. Bascomb, the dental hygienist for the Columbus schools, has been checking teeth at Highland and has been giving dental health talks in all of the rooms.

Westgate Sidewalk Issue Will Be Discussed At Open Meeting

Franklin Twp. School Bond Issue Voted

Voters of Franklin Township Tuesday in their trek to the polls voted by 229 to 116 for the proposed $970,000 bond issue for new schools and other school improvements within the township, according to an official tabulation Wednesday morning by the Franklin County Board of Elections.

The official tabulation as released Wednesday, by precincts was Franklin A, For 7, Against, 8; Franklin B, For 30, Against 31; Franklin D, For 17, Against, 13; Franklin E, For, 7, Against 4; Franklin F, For, 52, Against, 3; Franklin H, For, 37, Against, 14; Franklin I, For, 37, Against, 21; Franklin J, For, 5, Against, 1; Franklin K, For, 14, Against, 10. Franklin C did not vote on this issue.

The newly voted bond issue of $970,000 will make improvements at Briggsdale School which now houses 170 students in the seventh and eighth grades with little or no facilities such as inside toilets or adequate facilities for classrooms available.

Skidmore School which now is overcrowded to the extent that classes are held in the auditorium and a portable building is also overtaxed. It will have eight rooms added, the auditorium enlarged and a new kitchen installed.

Under the bond issue a new school building of 10 to 12 rooms will be constructed West of the B&O Railroad and south of Sullivant-av, with a large auditorium available for community gatherings.

Wilson School on Ransburg-av is currently undergoing some modernization but the bond issue will now provide funds to further enlarge the school and bring children out of basement classrooms they are now forced to use due to overcrowding.

Under the new bond issue and the resultant construction Skidmore School will be able to care for all students north of W. Broad-st in Franklin-twp. The new school in southwest Franklin-twp will care for children in that area and the improvements in other schools will relieve already overcrowded conditions.

150 Attend Annual HBA Dinner Meet

Thorough knowledge of and confidence in a product, are the principal ingredients of good salesmanship, Robert Engle, sales manager of the Felber Biscuit Co., told a group of about 150 persons attending the annual Employer-Employee Dinner of the Hilltop Business Association on Tuesday evening at the assembly room of the General Motors Ternstedt Division.

He cited the example of many well known products which seemingly met with initial failures, but because of confidence in them by their promoters and through the extensive use of advertising, ultimately met with success.

Engle used humorous stories to illustrate the steps necessary to achieve satisfactory sales results.

The speaker was introduced by Curley LeFever, HBA program chairman, after the group had assembled in the meeting room following a dinner in the GM cafeteria.

At the conclusion of his talk, a short business meeting was held, presided over by president, Jack Alkire. A motion was made and adopted which puts the HBA in opposition to the proposal by the city to enforce the ban on parking on West Broad-st.

Pre-School Health Check Continues

James Henery, principal of Westgate and West Mound-st Elementary Schools, this week announced that the pre-school health check is being continued in order to accomodate the many new residents in the areas of the two schools.

He urged that parents of children in the area call the schools for an appointment with the school nurse as soon as possible.

All children who will be age 5 by Dec. 31, 1953 are eligible for enrollment in Kindergarten while those who reach the age of 6 before Dec. 31, 1953 are eligible for the first grade.

W. Broad Parking Ban Controversy Looms Over

A storm of controversy appeared to be brewing this week as plans were being studied for the prohibition of parking on W. Broad-st between Hague-av and Southampton-av. The State of Ohio has requested the city to enforce a portion of a contract entered into by the City of Columbus, State of Ohio and Federal government for the widening of W. Broad-st in that area.

The specific request has been made, that parking between Hague and Southampton on the south side of W. Broad-st be prohibited between the hours of 7 and 9 a. m. and that parking be prohibited on the north side of the street between the hours of 4 and 6 p. m.

According to information released this week prior to the letting of the contract for the street widening program, the State of Ohio, through the Director of Highways, and the City of Columbus, through the Director of Public Service on Oct. 9, 1951, signed a cooperative contract in connection with the construction.

In accordance with the terms as set forth in the contract, certain provisions were made in regard to vehicular parking, in that the City of Columbus agreed, that upon completion of the project by the Director of Highways, the City Council was to thereafter maintain the project in a satisfactory manner and make ample provisions each year for maintenance as well as to regulate traffic in the following manner: (1) Keep said highway open to traffic at all times. (2) Regulate parking in the following manner: by permitting parallel parking on each side, except that all parking be prohibited during peak hours on that side of the street in the direction of the predominant traffic flow.

In a letter to Mayor Oestreicher this week, S. O. Linzell, director of Highways for Ohio asked that Columbus take appropriate measures to enforce the parking provision contained in the contract so that the State of Ohio can be reimbursed by the Federal government for monies expended in the construction.

It was expected that merchants in the affected area would immediately launch a storm of protest over the proposal to ban parking at the peak hours.

C. H. Campbell, executive secretary of the Hilltop Business Association said this week, "It seems rather silly to prohibit parking after widening the street when parking was permitted beforehand. The street is about nine feet wider which will allow for more traffic. Another inconsistency in this request is that there is no more traffic from Hague-av west than there is from Hague east on Broad-st. It seems that a certain section is being penalized unjustly."

Grandpa Again

That bright light emanating from around Whitethorne and Broad these days is the glow from Bob Henery, owner of Superior Drugs, as he beams over the announcement of the birth of another grandchild. This time it is a nine pound boy born to Staff Sgt. and Mrs. Robert Henery at Shepard Air Force Base, Wichita Falls, Texas. Parents of the mother of Mr. and Mrs. Fred Hartman, 727 S. War-

Lincoln Village Developers Plan For Model City

The Hilltop's new neighboring village will be more than a housing project. It will be a model city, according to its developers.

Carl R. Frye, vice-president and general manager of the People's Development Co., the builders, says that a complete model city will be erected on the 1170 acres of land which fronts along W. Broad-st between Columbus and New

In a statement issued Saturday, Frye said, "In Lincoln Village we plan to 'build-in' many of the intangibles that make for good living. For instance, 580 acres of the project will be devoted to industrial sites. This, of course, will allow the people who live in the model city to drive to their homes in just a few minutes, or even to walk.

While industry is near the workers' homes, a buffer strip separates the houses from the factory sites in Lincoln Village.

"The nearness of the homes to the Ternstedt General Motors factory, Georgesville-rd and W. Broad-st, and the Westinghouse factory, now under construction on Phillippi-rd near Broad-st, will allow workers in these plants to save a half hour a day travel time and use it for rest in the morning and recreation in the afternoon."

Frye said that plans call for the building of 900 single houses in the first segment of the village within the next three years. They are to be constructed on a p'ot of land located on the north side of Broad-st adjoining New Rome.

A second section of houses is to follow and be erected on the south side of Broad-st slightly east of New Rome.

The 350 acres of land zoned for industry are located on both sides of Broad-st along Georgesville and Phillippi-rds.

Gall's Ice Cream Opens For Summer

Announcement was made this week that Gall's Ice Cream, located at N. Hague-av at Valleyview-dr is now open for business. Opening specials are hand packed and ready packed half gallon packages of vanilla ice cream and triple dip sundaes.

Gall's are open every day, Sundays and holidays included.

The Hilltop Business Association, Tuesday evening at its annual Employer-Employee Dinner, by vote of its membership went on record as being in opposition to the proposed parking ban now being contemplated by the city, between Hague-av and Southampton-av.

Action taken by the HBA marks the first organized resistance to the parking prohibition.

Neophyte Journalists Show Wares This Week

Members of the West High journalism class, pictured above, became newspaper men and women for one week at least, and edited this edition of The Hilltop Record as their annual work project. In their work this past week, they gathered and wrote news stories, read copy, wrote headlines, and in general, received experience in putting together a newspaper. Left to right are, first row, Shelby Adams, Janice Underwood, JoAnn Wilson, Barbara Booth, and Diane Patton. Second row, Roger Thompson and Nancy Farley. Third row, Grace Durflinger, Barbara Linscott, Sharon Robinson, Doris Ruffer, Marilyn Kight, Donna Young, Judy Schulz, Jack Howell, Bernice Uhl, Judy Peery, and Pat Manus.

West Recognition Day To Be Held On June 2

By Nancy Farley

Each year the outstanding students of West High are presented with awards for the year's activities in a "special" assembly, which will be held June 2.

The college awards are Miami and Oberlin Universities; Kiwanis Club Award; Hilltop Record Journalism Award; and the Medical Auxiliary scholarship.

Two special senior awards, the Sparks Family Scholarship Trophy for leadership are presented to an outstanding boy and girl. The Danforth Foundation presents books entitled "I Dare You." Sons of the American Revolution Award, Veterans of Foreign Wars medal and American Legion awards are given.

J. Curtis Allen will present the school with a composite picture of the June graduating class. A one-year subscription to Reader's Digest goes to the highest ranking senior for scholarship.

Student Council officers of 1953-54 will be introduced and will give their acceptance speeches.

The National Scholastic Press Association's highest award, "The Star Pin" for service beyond the call of duty to make this year's book a success, will be awarded.

French medals and pins, band and orchestra pins and letters, mixed and girls' ensemble district MSEA contest awards, and recognition for Academy of Science week will be given.

The announcement of five boys, selected to attend Buckeye Boys' State by the Camp Chase Post 98 of the American Legion, and the selection of two Girls' State candidates and alternates will be made.

Remonstrance Filed To Halt School Transfer

Supt. of County Schools George Beery revealed this week that a filing was made late last Friday of a remonstrance by voters of Norwich Special School District protesting the action of the County Board of Education in placing Norwich Special School in the Norwich Local School District at Hilliards.

Beery said that if the signatures on the remonstrance are valid that the action of the County Board of Education will not be recognized and Norwich Special School District will be permitted to continue operation.

Civic Group Takes Role Of A Fact Finding Body

Members of the Camp Chase Civic Association this week announced plans for an open meeting at the Westgate Park Shelterhouse on Thursday, May 21 at 8 p. m. Purpose of the meeting will be to explore all angles on the red hot question of "Sidewalks and other improvements in the Westgate area."

William Jones, president of the Civic Association which a year or so ago leaped into public prominence with its determined battle against a low cost housing project, said this week, "A true picture is needed on the much discussed sidewalk issue in this area. The purpose of this meeting will be to air all views both pro and con in order that the residents of this area be fully aware of just what the controversial issue is all about."

Jones particularly stressed the point that the Camp Chase Civic group is not taking any issue in the matter other than to act as a fact finding body that will enable everyone to know exactly every questionable point in the issue.

Present at the open meeting next Thursday evening will be either Mayor Oestreicher or his personal representative as well as Jerry Spears, Jr., local councilman and representatives of the Columbus Engineering Department. Each will present his views on the matter to the assemblage, explaining in detail all ramifications on the issue. They are expected to explain such details as size of the sidewalks, location of the sidewalks in relation to curbs and a financing plan that will be equitable to all concerned.

Other interested groups are also expected to be on hand at the open discussion to present their views concerning the installation of the

It was pointed out that during the meeting everyone present will be enabled to present his views concerning sidewalks in the Westgate area by appending his signature to petitions which will be labelled "For Sidewalks," "Against Sidewalks," and "For Sidewalks Installed Next to Curb Line." With these expressions of desire by those in attendance it is felt that a clear picture can be obtained as to the distinct wishes of the community, after they have heard both sides of the question from sources that have made study of the problem.

One of the other questions which will be tackled during the meeting too, will be "Can We Have Sidewalks around Westgate Park and Westgate School?"

Vacation Time's A Calling --- Books Become Tiring

Summer vacation is just around the corner but it seems too far away for all the boys who think fishing is a much more favorable pastime than studying a stack of musty books.

The last month of the school year brings many temptations to skip classes and take off with a pole and a can of worms for the old river bank. An afternoon of fishing can do a world of good for a fellow's morale.

These very thoughts seem to be going through the mind of the boy pictured above. He is Tom Malish, a 7A student at West Junior High.

East Captures Hilltop Relays; West Cowboys Annex Second

By Roger Thompson

With tremendous team strength the Tigers of East High School successfully defended their rank as they rolled up 80 points to cop the 1953 Hilltop Relays, May 13, on the Magly Field cinder path. The contest ran smoothly under lights and was witnessed by an overflow crowd.

Although the Tigers only captured five firsts out of 15 events, their second place strength proved to be the determining factor. Close behind East were the Cowboys of West High with 68¼ points. Central was third with 63½; South fourth, 57¼; North, fifth, 29½ points; and Linden pulling the rear with 23½ points.

Individual point gatherer and outstanding speedster was South Sophomore Jack Covington who tied the relay's 220-yard dash mark of 22.4 and sped for a total of 15 points in the 220 and 100-yard dashes. Newt Foster of the Central High Pirates dashed to two first places in the 880-yard run and the 100-yard high hurdles. West showed great overall power in the field events as Charles Warne tossed the discus 136 feet one and three-fourths inches. Don Whipple of West chucked the shot 48 feet two inches to take a first marker.

The Cowboys also sparkled in the relays with such stars as Ralph Wheaton, Ralph Headington, Doug Cole, and Ted Dean. Charles Hicks, West pole vaulter, put on a great exhibition as he tied the East entry for first with 10 feet six inches.

Two new records were set by East's mile relay team which ran the course in 3.33.7, and Central's 440-yard relay group which took that event in 45.1. Champion Junior

Bulldogs Stop West Cowboys By 4-3 Score

By Roger Thompson

A three-run lead was not enough as the Bulldogs of South High produced two-run fifth and seventh innings to down West High 4-3 on the Ann-st diamond, May 11. Poor control by Cowboy pitcher, Roger Hamrick, led to the Westerners' downfall.

Walking a total of eleven men put Hamrick in trouble throughout the entire game. In the first two innings, six free passes were issued to South batters, without a run scored or a hit collected. West, also held hitless for three innings, made its bid in the fourth with one tally. This was gathered as South pitcher, Larry Evans, walked Herb Brown, retired the next two batters, then threw single pitches to Jim Vincent and Dick Hutchinson.

The Cowboys added two more in the fifth on a pair of Bulldog miscues coupled with Brown's single and a double by Sam Zavatsky. In the fifth, South got her first hits and runs as a pair of singles by Frank Howard and Ray Adams drove across two tallies to shorten the West lead by a 3-2 margin. Avoiding trouble in the seventh inning, pitcher Larry Evans found himself faced with bases loaded and one out, only to make the next two batters pop up to short-stop.

Chuck Mather Succeeds Pemberton As New Ohio Coaches President

West High's Mack Pemberton (center), retiring president of the Ohio High School Football Coaches' Association, is presented with a trophy by newly-elected president, Massillon's Chuck Mather, during Friday night's annual banquet at the Deshler-Wallick. Looking on is George Vieregome, left, coach of the victorious South All-Stars.

By Roger Thompson

The 22nd annual meeting of the Ohio High School Coaches Association was held May 8, 9 and 10, during which its main purpose was to elect a new president. Taking the place of retiring Mac Pemberton of West High is Chuck Mather, three time winner as "Coach of the Year", and coach of the state champions at Massillon High School.

The ceremonies began Thursday night, May 8, with a meeting of the board of directors, its main function was to set a site for the 1954 All Star Football game held annually with Ohio high school boys participating. The directors postponed all action on this matter until a later date. The only point decided was that the game will be held at Dayton or Springfield.

Friday night was banquet time for all the coaches. With George Trautman as toastmaster and R. B. Thompson as speaker, the meeting was devoted mainly to electing new officials. Along with Mather as president, George Vieregome of Zanesville, was elected vice-president. Also chosen were eight new directors, Pemberton being elected to District 10. Bobby Dodd, coach of Georgia Tech, gave a stirring speech on the great effect the annual football clinic had on all members.

The association presented trophies to the coaching staffs of last year's All Star game at Akron. Pemberton received his trophy for being last year's president.

At the conclusion to the activities, the 600 coaches attended the annual intra-squad preview of Ohio State which was held at the stadium May 10. The contest played in an 85 degree temperature went to the favored white team 30-19.

Dr. Tennyson Guyer Will Be Sports Banquet Speaker

By Judy Peasy

Dr. Tennyson Guyer, a noted minister and past president of Findlay College, is to be the speaker for the fourth annual all-sports banquet to be held Monday, June 1, at 7 p. m., at the Seneca Hotel. He is considered one of the best speakers in the state.

Dr. Guyer

The all-sports banquet is held annually to honor approximately all athletes from West High School who have participated in the various sports, such as track, baseball, basketball, football, golf, cross-country team and the cheerleaders. In order to attend the banquet, the athletes do not have to obtain a letter in their particular sport, but must have played one season.

This annual affair is under the joint sponsorship of the following six local service organizations: Hilltop Business Association, Hilltop Kiwanis, Camp Ghase Post 98 of the American Legion, Hilltop Lions Club, West High Boosters Club and the West High Athletic Association.

Tickets are $2.75 and will be on sale at Sensenbrenner's Store, 3467 W. Broad-st. Although the banquet is open to the public, parents of the athletes have first chance to purchase the ducats before they are put before the general public for sale.

Many satisfied customers attest the results of Record Want Ads.

Harry Graham
Your Shoetrician in SEILLER'S
Says:

BUNIONS

A few days back a worried young mother stopped in the store to ask me if there was anything she could do to keep her two-year-old son from developing a bunion. She said she was afraid he might have inherited it since both she and her mother had them. Lately she had been noticing his toes and it looked like one of them was getting crooked. We told her that we didn't believe that bunions were inherited, that a weakness of the joint might be congenital which would make it easy to acquire a bunion, but that short shoes, short stockings or pointed shoes would have to press the large toe over out of line to really make the bunion.

At our suggestion, a couple of days later, she brought the youngster in and we found that he had a narrow foot and had been fitted in cheap shoes, short and wide. His little toes were cramped and turned around the fore-part of the shoe. He may have a bunion when he grows up — he has the start of one now — but it will have been caused by shoes, not by inheritance. Cheap shoes usually come only in wide widths and narrow footed children are fitted short to keep the shoes on. Pay enough for youngsters' shoes to obtain a proper fit.

Central Point Shopping Center Will Observe Formal Opening May 14-16

Multi-Million Dollar Development Will Introduce 13 New Stores

Formal opening of the newly completed Central Point Shopping Center at Central-av and W. Mound-st and Harrisburg-pk, is being held Thursday, Friday and Saturday of this week with special ceremonies attending the introduction of 13 new stores and shops Thursday morning.

The completion of this multi-million dollar development gives shoppers of this area a completely integrated community of diversified business establishments offering free parking facilities for more than 2,000 cars. Every store at Central Point remains open every night until 9 o'clock to provide greater shopping convenience during leisure hours.

Sara Lou Gettinger, Franklin County Sesqui-Centennial Queen, was to preside at the opening ceremonies Thursday morning. She was also guest of honor at a breakfast for more than 50 civic and business leaders of the area at the new Marina Restaurant, at which Don M. Casto and Don M. Casto, Jr., were hosts. They are the developers and builders of Central Point. Following the breakfast Miss Gettinger was to cut ribbons formally opening the 13 new establishments in the south section of the shopping center.

New stores and services being introduced to the public for the first time include: Andrietti Shoe Repair, Central Point Drive-In Restaurant, Central Point Laundromat, Club Carry Out, Central Point Barbers, Do-Nut, Inc., Economy Savings and Loan, Farm Bureau Insurance Center, Goodsell Bros., Inc., Hallmark, Inc., Marina Restaurant, Dr. Fred L. Nicholson, optometrist, and the Turntable Record Shop.

The addition of these new shops gives Central Point more than 1500 merchandising departments offering everything for everybody.

Visitors to the Central Point Shopping Center during the formal opening Thursday, Friday and Saturday, will be privileged to see one of the most thrilling outdoor acts in the entertainment world.

By popular demand, the Central Point Business Association has arranged for a return engagement of Capt. Earl McDonald and his sensational High Fire Dive. It's a thriller from the moment he starts up the ladder to his 85 foot perch, until he plunges in a backward somersault into a six foot tank of water covered with gasoline shooting flames six feet into the air.

Thousands of persons thrilled to Capt. McDonald's performance last June when he first appeared at Central Point. Now, with the grand opening of the big shopping center Capt. McDonald is presenting one free show nightly at 9:15 o'clock. The public is invited to see this sensational attraction and there's plenty of free parking for every one.

YOUR YOUTH

By Bob Schmidt - Dick Wilson

With this wonderful weather the "Y" boys are enjoying many days of outdoor sports and games. All you fellows from West Broad School be sure and meet every Wednesday after school at the ball diamond. This is a supervised play group and the fellows are really enjoying themselves.

Registration blanks have been distributed throughout the Hilltop grade schools. Looks like a record-breaking league this year with an early increase in registration. Better hurry, fellows, and turn in your applications today.

The Little Nine Baseball League will be co-sponsored by the Hilltop Kiwanis, Hilltop Lions and your Hilltop "Y". Many thanks to the Kiwanis and Lions Clubs for their sponsorship. This means that every Little Nine player will receive a T shirt identifying him with the "Y" League.

By listening to Don Smith, chief of the fall "Y" membership enrollment you would think that September was right around the corner. Don and his committee have been securing their key personnel now. They have a running start and are confident that they will pass the membership goal for 1953. Good luck to Don Smith and his membership committee.

Let's all go camping. Boy how I love the outdoors. Swimming, hiking out sports, cookouts, over-night hikes and canoe trips are a few of the events you can enjoy by attending the Camp Alfred L. Willson. Call Bob or Dick at the Hilltop "Y" JO. 4841, for additional information.

Smoke signals say "All Big and Little Braves ready for 'Y' Indian Guide induction May 18, 6:30, South Side 'Y' Park. This induction will be held at the council ring with an Indian campfire. The induction team will come from Cuyahoga Falls "Y" branch of Akron, O. All "Y" Indian Guide Braves be sure to makum tracks early to South Side "Y" Park.

Cowboy Nine Shows Well In Mid-Season Contests

By Roger Thompson

The Cowboys of West High showed great improvement over a dismal early season by advancing themselves to the semi-finals in the district baseball tournament only to be knocked off by Newark on May 6, by a convincing 5-3 score.

Sporting a five-game winning streak, gained by upsetting City League leader North High, 6-7, and closing out a tough Bexley nine, 4-3, in nine innings, the Cowboys found their match in the Wildcats of Newark High School.

A five-run fourth inning collected on three singles, three walks and a pair of errors, was all that was needed to top the game. Three hit pitching by Newark's Bill Cartnal also contributed to the victory.

In league play the Cowboys are found supporting the "cellar" beams as a record of two wins and four losses holds them to sixth place.

Opening the season with a pair of wins over Mifflin and Plain City by identical 6-4 scores seemed to put West off on the right foot. Then, behind the two-hit pitching of Bilamanti, the Tigers of East High plastered a 4-0 triumph over the Cowboys. This led to a string of losses which befell the Westerners as they went down to defeat by Linden, South, and North, 9-2, 12-3 and 6-4 respectively.

A 9-0 shutout by Roger Hamrick over Central (district finalists) paired with victories over Grandview and St. Charles put the West nine back in the winning column.

With one more round to go in City League play, the outlook points to a better remaining season because of the fine display of teamwork in the tournament.

Award Contracts For West High Expansion

By Bernice Uhl

Columbus Board of Education recently awarded a general contract for new classroom space for West High School to Joseph Skillman and Co.

The addition will be made in the northwest corner of the third floor. The building was originally constructed with this change in mind so that the job is really not much more than converting an unused attic.

The two new rooms will be used for expansion of West's commercial department. The plumbing and heating contract for the project was given to Grif M. Lewis.

Scholarship Candidates Are Screened

By Bernice Uhl

A committee of men from the Hilltop Kiwanis Club, which consists of C. E. Campbell, chairman; Noble Allen, Dr. D. S. Cowles, H. G. Deems, Rev. Harold Dutt, Dr. R. J. Miller, and Franklin Sparks, is busy inspecting the candidates for the annual Kiwanis Club scholarships.

Each year there are two scholarships of $300 each given, one to a boy and another to a girl. Records of the students' school life are furnished by the school.

The committee makes its decision on the basis of scholarship, participation in school activities, their plans for future education, general attitude toward school, and athletic ability.

Winners will be announced in the near future.

Skidmore School Plans Health Check

They will receive a physical examination, vaccination and immunization shot at that time. Parents are urged to provide a child with the proper start in school by having him in good physical condition.

In order to enter the first grade in September, a child must be six years of age on or before Nov. 15 and must have his birth certificate to present on opening day of school, Sept. 8.

Pasadena, Calif. — When the brakes on the automobile of Wallace Watkins, 75, failed, his automobile started coasting down Lake Avenue. Three miles later, he crashed through a plate-glass window, into a drugstore, knocking prescription bottles onto the head of Larry Gordon, the pharmacist. Gordon was treated for shock—Watkins and his dog were unscathed.

Advertisers Assured Impressive Results From Classified Ads

Mrs. Robert Boyer of 263 Rome-Hilliards-rd, decided she would like to earn some extra money, but found that it would be necessary to remain at home, while she did so.

She decided to try advertising through the want ad column of the Hilltop Record. Although, she frankly admitted, she didn't expect much results, inserted the following ad,

Would like typing to do in my home. FR. 8-5668.

Mrs. Boyer was impressed with the pleasing response, for she now finds that she has enough work to keep her busy, and in her own home, all summer.

You need not be surprised at the results that you may receive from a Record classified ad. As one of our advertisers put it, "You can always count on getting answers from want ads in the Record."

Try them and see.

Camp Chase Legion Post Launches Annual Baseball Plan

By Roger Thompson

With the beginning of Spring, little minds as well as big ones wander toward the game of baseball and its activities. American Legion Baseball, placed on a national basis, is set up so that boys of all ages may participate.

The Hilltop, not to be bettered, will also have Legion baseball. The program will be under the joint sponsorship of the Camp Chase Post 96 and the Beasley-Grove Ford Company. Six teams will take part in this, our greatest national sport.

One team is made up of boys 15, 16, and 17 years of age. They will play such out-of-town teams as Newark, Circleville, and Lancaster. Another is for boys who were at one time unable to play Little League ball or Junior Legion baseball because of their age. A Little Bigger League was set up for boys 14 and 15 years of age. A Senior Knothole League is set up for the 17 and 18 year olds. It has been estimated that 90 percent of the boys playing Legion ball on the Hilltop are from West High School.

Seventy-five to 90 youngsters will play for the Camp Chase teams. The season will start Sunday, June 7.

As a reward, the boys are given a banquet and trophies for their participation. The nation is set into 12 sections to determine district and national champions. An All-Star double-header is set for July 17 at Red Bird Stadium for selected boys.

To show how important Legion baseball is, a few facts can be considered. The major leagues have at this time 323 boys who at one time played Legion baseball. Some of these are Yogi Berra, Al Rosen, Bob Lemon, Ted Williams, Gil Hodges, and many more. A great tribute is due to all of the civic-minded citizens that volunteer their leadership to the American Legion Baseball program.

By Nancy Farley

Columbus, the new rose capital of the world, will feature its 15th annual rose show, Sunday, June 7. The Columbus Rose Club is privileged to officially open the Garden of Roses in Whetstone Park, 4015 N. High-st.

Fred Schroeder, chairman of the show, said, "We are expecting at least 300 entries this year. Twenty-three prizes and 14 trophies will be awarded to the winners. Judging from the attendance at the show in the past years, the committee expects an attendance of 2500 people.

The gardens will not be completed for several years, but to date there are 25,000 bushes planted. Some of the new varieties are Chrysler Imperial Red, Ma Perkins floribunda type, Buccaneer, yellow, and Helen Grabel, pink. "Peace", the well-known variety, was originated by the Frenchman, Meilland.

Within the next year, the American Rose Society will have its offices located in a special building at the park. This will be the center of "rose interest" in the future.

Dr. Chadwick of Ohio State University, Walter Burwell of Burwell Nurseries, Bret Siemmons, Harley Bratton, Ray McNamard and Walter Engle will act as judges. All exhibitors are urged to bring their entries to the shelter house at the park by 8 a. m. on the day of the exhibit. The show will be open to the public at 1 p. m.

PORT COLUMBUS TRIP
By Jim Taylor

Miss Cherington's three 9A general business classes took a trip to Port Columbus on May 5 and 6. On Tuesday, May 5, Mr. Keith took the classes around and showed them around the port. He took them in a TWA airplane and told them everything about it.

On Wednesday Mr. Weidner took us on a conducted tour of the plane and explained interesting items about the port.

The TWA has 41 flights a day and it holds 1200 gallons of gas and it holds 1200 gallons of 91 octane gas. The TWA plane will hold about 4500 pounds of cargo and weighs about 42,500 pounds, including people and cargo. The engines will develop about 1800 horsepower. The plane takes off at about 120 to 140 miles an hour and makes a landing at a speed of 90 miles an hour. It takes 3,500 feet to get off the runway and flies about 20,000 feet in the air on a bad day and on a good day about 10,000 feet.

TWA has about 92 employers. They balance the plane by putting 200 pounds in the rear and 300 pounds in the front. They have six TWA flights a day, and 100 other airline flights daily. They carry about 1500 to 1600 people daily on these flights.

The airport was built on July 4, 1929 and is 24 years old now.

Starling Jr. Hi Remodeling Is Scheduled

By Bernice Uhl

An extensive remodeling program is being planned at Starling Junior High School. The new addition will house the boys' and girls' locker rooms, an instrumental music room, and a modern gymnasium that may be divided by sliding doors.

The school's present gymnasium will be rebuilt into a library, food and clothing workrooms, and an extra classroom.

Several other classrooms are to be redecorated and relocated. Fireproof stairways will also be installed.

Other additions are a new lighting and heating system, modern offices, nurse's clinic, and conference rooms.

The entire cost of these improvements is estimated at $400,000. June 8 set for the deadline on bids.

Women of St. John's Evangelical Church will have a general meeting and election of officers on May 20, 7:45 p. m., at the church.

Thousands Expected To View Scout-O-Rama At Fairgrounds

The Scout-O-Rama at the Ohio State Fairgrounds on May 16 and 17 will feature a great number of interesting booths. In all, there will be 121 booths demonstrating almost as many different skills, hobbies, and crafts. There is a great diversity in subject matter which will vary from Canadian Wilderness Canoe Trips to Sheep Raising.

Among the Cub Booths which will be operated by boys between the ages of eight and 11 will be found such interesting topics as space, basketry, puppetry, birdhouse making, paper craft, handicraft, Indian craft, homemade games, ceramics, plaster moddeling, Den doodles, nature lore, craftstrip projects and model planes.

The Scout Booths show even a greater variety. These booths will be manned by boys between the ages of 11 and 13. Here are some of the subjects: beef production, woodworking, camping, map making, Jamboree, rocks and minerals, aluminum foil cooking, First Aid, fishing, fire prevention, archery, winter camping, tin can craft, church awards, trail tents, communication, Indian lore, boat-making, bird study, pack frames, pioneering, printing, axemanship, railroading, cooking, foundry practice, radio, signaling, tent making, conservation, rope making, seamanship, aviation, tower building, tin can cooking, leathercraft, wild life, fly tying, and plumbing.

With the Explorers, boys between the ages of 14 and 18, the subject matter varies as follows: emergency service trailer, bridge building, fishing, fire prevention, trail camping, navigation, reptile study, Philmont, seamanship, and be keeping.

The various Units presenting the Big Show have been practicing and rehearsing since the first of February under the guidance of their Leaders and expert Counselors. Newly-elected officers of the lors.

There will be over 2,000 boys in uniform take part in the show. They will devote 38,000 boy hours in setting up, operating, and taking down their booths. It is estimated that well over 400,000 boy and man hours have been spent in getting ready for this big event. This is a fine example of how Scouting uses the two old expressions, "Learn to do by doing," and "Busy Hands prevent Mischief" to train for better citizens.

The general public is invited to attend, to enjoy themselves and support this Big Boys' Show. Tickets for the Scout-O-Rama may be obtained from any Cub, Scout or Explorer.

West Side Woman Honored For 25 Years Church Work

Mrs. John Betz

A special Recognition Dinner was held Friday, May 8, at Chicago Avenue Church of Christ in honor of Mrs. John Betz, 773 Sullivant-av, who has served for twenty-five years as Superintendent of the Junior Department.

Mrs. Betz began to sing in the church choir in 1927 and became church organist in 1930 and is still serving faithfully in this capacity. In addition she has raised five children: Mr. Claude Walters, 710 S. Burgess-av; Mrs. Robert Ward, 337 S. Ogden-av; George and John Jr., 773 Sullivant-av; and Mrs. J. G. Turner, Wheeling, West Virginia.

Following the dinner, the following program was presented: Vocal Solo— "To My Mother" Mrs. Claude Walters; Trio— "Anywhere With Jesus" (one of Mrs. Betz' favorite hymns) — Irene Will, Paul Miller, and Denver Kees. Two filmstrips entitled "The Growing Teacher" and The Great Adventure" were shown.

Paul Miller, Superintendent of the Church School, presented to Mrs. Betz as a recognition gift from the church two lovely pictures in matching frames: "Head of Christ" and Christ Knocking at the Door", both painted by Sallman.

Miller made a short talk reviewing Mrs. Betz' years of service, her interest in children and her unusual loyalty to the church. Many now serving as church leaders were at one time under Mrs. Betz' supervision and because of her faithfulness and Christian example were led to take their place in the ongoing work of the church.

Mrs. Betz spoke a few words at the close of the program concerning her work with Junior children and said 'I enjoyed every minute of it—it didn't seem like work!"

Seen at Seiller's

This is National Cotton Week. Cotton in 1953 continues to be King; even though it's rule has been threatened time and time again. There have been a rapid succession of new fibres in the last two decades, which were a challenge to old King Cotton for cotton, the white fluff which grows attached to the seed has been from time immemorial a valued article to every man, woman and child. We discovered in doing a little research on cotton, that samples found in the ancient tombs of India date back to 3000 B. C., and that it was in search of additional sources of supply of this fibre that many of the great exploration expeditions of the 15th and 16th centuries were undertaken.

Probably, the one cotton fabric that has increased in popularity more than any other is the lowly denim. Once it was used only for work clothes, pillow and mattress ticking, but no more, if you go to Seiller's you'll see many articles of clothing made from denim. The newest perhaps are the very cool and comfortable Hobby Jeans for men, with or without elastic in the back, as you desire. They come in blue, yellow and charcoal grey. Seiller's also have the very durable McGregor checked jeans for boys and McGregor swim and play shorts with built in supporter, designed for complete comfort. McGregor make shorts for every activity. "wear a short to suit the sport". Seiller's also have the "Bobbie Jeans" for girls, terry cloth shirts, lovely cool cotton blouses, Pajamas, gowns, lingeree, cotton plisse slips by Seamprufe that never need ironing, never lose their shape. Cute cotton halters with eyelet trim. Many, many wonderful cotton buys at Seiller's. Clothes that take to soap and water are always fresh, and also easy on the budget.

Summer Fashions

By Judy Schulz

In this warm weather, it is only natural to want to look your best and to feel cool and comfortable. This problem can be solved by including in your wardrobe dresses of sleeveless cottons, nylons, linens and organdies.

Designers are coming out with fuller skirts and with a hint toward shorter dresses. A skirt of starchy crinoline adds a new accent when worn underneath a full cotton skirt.

Stripes are the fashion note for this spring, giving one a smart appearance and incidentally, a slimming effect.

The newest fad among the ladies is the below-the-knee pants, commonly called pedal pushers. For summer weather, shorts, with contrasting belt or elastic band, will be seen in a myriad of bright colors.

With those spring dances coming, pastel formals of nylon net and silk will be popular with milady.

Every warm-weather fan will put her best foot forward this season in many styles of wedge sandals, graceful flats, and the popular mesh styles.

"So, Mr. Warm Weather, come on! We're ready."

Almost half of the population of the U.S. lives in 187 urban areas of less than five per cent of the total land area of the country.

Five Hilliards Youths Engage In FFA Spring Judging Contest

The Hilliards Chapter FFA, represented by Charles Hart, Bill Gibson, Lee Holt, Walter Kesler, Bob Hooper and their adviser, Leon Boucher, participated in the annual spring judging contest Tuesday, May 5.

The 120 boys from 20 schools in the five counties of Fayette, Greene, Madison and Franklin worked on outstanding livestock throughout the Hilliards and Dublin communities. Two rings of Poland Chinas were judged at Albert Woerner's of Hilliards, with Art Jordan, swine herdsman of Ohio State University, making the final placing and discussing the placings.

Purebred Herefords were judged at Blue Crystal Farms of Hilliards owned by Dr. Vidt. Included in the Herefords was a grand champion all-American Hereford at the Tulsa, Okla., show. Herman Purdy of Ohio State University officially placed the beef cattle and gave reasons on the rings.

The group then judged one of the outstanding Brown Swiss herds in the United States at John McKitrick's of Dublin. Included in the ring of three-year-old cows was a world record cow. All the cows were from the highest classified herd in the country, that of Welcome-In Farms owned by the McKitricks. Harold Kesner of the dairy department of Ohio State University made the official placings and discussed the reasons with the boys.

Hilliards High Is Host To Eigth Graders

Tuesday, May 5, the eighth graders from Hilliards Elementary School came to Hilliards High School in advance, some of the classes and become more familiar with the high school.

On Tuesday, May 12, Hilliards High was host to eighth graders from Brown, South Perry, Norwich Special, Prairie Township and Skidmore.

Hilliards Students Complete Projects

The boys in industrial arts at Hilliards High School are busy finishing up their projects for the semester. Several are building modern and colonial book cases. They are Pat Lamb, John McCarthy, Harry Baughman, Bill McNamer, Allen Remer, and Gary Morgan.

There seem to be quite a few coffee tables and TV tables also being made. Charles Tillman, Delmar Simcox, Clarence Rust, Ray Wolf, Jim King, Wayne Bloomfield, Noel Williams, Norman Beist, and Merritt Riggs all have spent considerable time on their tables.

Most of the other projects were small items. For example, Gerald Brown made a picture frame, Glen King a utility box, Clarence Boggs a clothes cabinet, Dick Jayjohn a nut bowl, Rex Crockett built a picket fence, and Charles Ryan a tool box. A flower-pot holder was made by Jim Haney and a turned lamp by Connie Snowden, while a chess board was completed by Dick Bailey.

Township Now Oiling Roadways

By Nancy Farley

Paul Wichterman, clerk of the Franklin Township trustees, announced this week that the oiling of all roads in Franklin Township was begun the week of Apr. 27. Approximately 50,000 gallons of oil was used last year on an area of 36 miles of roads in the township.

After the grading crew prepares the roads, the oil is applied. It takes 30 days or more to complete this work and the task is accomplished earlier in dry weather. However, the operation has been hindered somewhat due to the rainy weather.

"Oiling is necessary once a year and is not repeated unless a road becomes very dry and dusty," said Mr. Wichterman.

Last year, the trustees set aside $6,000 for the project. Mr. Wichterman believes $6,500 will cover this year' scost.

Hilliards Alumni To Banquet

The date for the annual Hilliards alumni banquet has been set. It will be held May 13 in the high school auditorium at 7 o'clock.

All the alumni of the school from the first class of 1921 have been invited. The senior class of 1953 has been invited as have the faculty members. A large turnout is expected.

The banquet is to be a casserole buffet banquet, with the noted Dr. Cotterman from Capital University on hand as the speaker.

Worthy Matron Ruth Frizzell and Worthy Patron Herbert Pfaltzgraf of Robert Morris Chapter No. 372 O.E.S. extend an invitation to all members to be present May 19 for Friendship Night, when University Chapter O.E.S. will be guests.

Entertainment will be furnished by the Hilltop Business Men's Chorus and refreshments will be served.

Adventists Sound "Victory Song"

Members of the Eastwood Seventh-day Adventist Church sang the "Victory song" Saturday when Pastor Richard T. Minesinger announced that the church had gone over its 50th annual Ingathering Appeal goal.

This year marked the golden Jubilee year of this Ingathering Appeal for world wide medical, educational and welfare work. The church's goal of $5,000 was reached and passed with a surplus of $1,000.

For the first time in the history of the Eastwood Church the contributions received in this 50th annual Ingathering Appeal makes every church member a "minute-man." This means the contribution [illegible] per member, the amount needed to support the world-wide missionary activities of the Seventh-day Adventist Church for one minute.

Directed Course

Do you know any people who are afraid of joining a church?

Perhaps they aren't actually "afraid." Yet they do admit a fear that the principles sponsored by churches might be "too confining" for them.

Those people have their answer in this picture. Like all rivers, this one, too, is confined—confined by banks on either side.

Yet without those banks, what would any river be?

A swamp. That's all. . .

Just a swamp.

Mental confinement is not the church's purpose. Aiding men and women to expand the channels of their lives into a steady stream of conscious, productive living—*that is* the mission of the church most fully realized by those who join its rolls.

The banks of the mightiest rivers are so narrow at their source that a man may step across. But at the river's mouth are great, useful harbors and bays that form the climax of its course.

So it is with the life of every man who accepts the church and the word of God.

A man's heart deviseth his way: but the Lord directeth his steps.—Prov. 16:9.

Golfing Slants

By JACK ROWELL

If, the next time you play golf, you stepped to the first tee and hit a long straight ball down the fairway, that drive would fill your requirements on any other hole where a drive is needed.

The type of chip shot played on the first hole may not be encountered the rest of the round. The kind of ball you are playing, lie, weather conditions, ground contour, condition of the greens, the placement of the cups and location of traps and bunkers are ever changing factors to be met and overcome.

It is these changing conditions, and failure to practice, that account for the poor play observed, and participated in, around the green.

The short approach can be played with a bold chip; the ball being hit to the green on the carry, with the golfer depending on the backspin imparted to the ball to stop it. Also a chip and run can be played where conditions warrant its use.

There is always a certain amount of danger connected with the use of the latter, since the possibilities are great that the ball will bounce off line. There are few fairways free of some roll, or obstruction, ready to spoil a well played chip shot that lands short.

If greens are hard, or high winds force use of the chip and run, it can be played most effectively with a four or five iron. Either club imparts a low jump to the ball, lessening the chance of a bad bounce. More golfers should avail themselves of this shot, despite the hazards, since the margin of error is smaller than in a chip with the more lofted irons. This is particularly true with golfers who have no confidence in their ability to use the latter.

Virtually all short shots are played with the feet close together, and slightly opened. The ball is positioned near the left heel. If the golfer uses the loose wrist chip.

Should you favor the firmer wrist action, the ball must be played near the center, so it may be struck prior to club contact with the turf.

Keep in mind that most short chips are played with the hands, wrists and arms. Only in this way can we develop a keen sense of touch, or feel, around the green. When a player permits body movement in these shots, all sense of touch is lost for an unknown source of power is introduced into the stroke.

Dont' try to scoop the ball or assist it to raise from the ground. The pitch of the club used is sufficient to loft the ball easily if it is swung through the ball with both arms outstretched as far as possible in the direction of the objective.

I have written a great deal about the importance of keeping the head anchored. It is a must in our short game for the slightest movement of the head forces the same movement upon the clubhead arc. The smallest deviation of the club from its proper groove can result in a shanked, topped, or bellied shot.

Once you have learned the fundamentals of the chip shot it can be mastered only by constant practice. Look for various conditions and situations; study them, and practice them, for it is the limitless number of these situations to the short game that makes it so hard.

Next week: Putting.

West Mound Gra-Y Team Eliminated

By Dick Wilson

West Mound Gra-Y was ousted from the Hilltop YMCA Double Elimination tournament last Saturday morning at Westgate Park as they were beaten to the tune of 12-3 by Westgate Gra-Y. The victory placed Westgate in the finals where they will meet John Burroughs who has an unblemished record of three victories in the tournament. Westgate has lost one game and won two in the tournament.

Batteries for the Westgaters were Eddie Schmitt, Joe Ditrieck and Richard Steele. The battery duties for the losers were handled by Larry Myers and John Hyer. Schmitt gave up seven hits and four walks as Myers was pounded for 13 hits and 6 walks. Both teams played errorless ball behind their hurlers.

The heavy slugger for the losers was Bob Bankfield as he accumulated two singles in three times at bat. The heavy artillery for the Westgaters was furnished by Eddie Schmitt as he banged out four singles in 4 times at bat. David Mack was the long ball hitter for the victors as he smashed a double and a home run in three times at bat.

Defensive stars for the game were Pete Howe of the losers and Bill McLaughlin of the victors as both looked very good afield and successfully handled several hard chances from their shortstop positions.

Score by innings:

Westgate	0	4	1	3	3	2	
West Mound	0	0	1	0	1	0	

The tournament continues next Saturday at 10 a. m. at Westgate Park as John Burroughs faces Westgate. If Burroughs wins the contest, they will be the tournament winners. If Westgate wins, a play off game will be played the following week between the two teams. John Kuntz and Bill Link of the Hilltop YMCA Leaders Club will be the umpires for the contest.

West Hi Edges Polar Bears 61-57 In Meet

By Roger Thompson

Although only taking five firsts out of a possible fourteen, a well-balanced West squad managed to edge out the North High trackmen 61-57, May 8, on the winner's cinder path. The Cowboys gaining a great lead at first, found themselves threatened as the Polar Bears closed with a 25 point rush in the four final events.

Showing great strength in all field events, the Westerners accounted for most of their points by taking 12 second and seven third places. North had the only double winners in Lion McLaughlin and Sammy Morgan. Jay Blackford, also a Polar Bear, helped the North cause with a first, second, and third.

West captured the 120 high and 180 low hurdles as Bob Brownlee and Dick Furry paved the way, each taking a first in these events respectively.

Discus and shot-put events both went to West as Charles Warne and Don Whipple, best of their kind in the city, led the pack. Charles Hicks managed to clear ten feet as he copped the pole vault event.

The West thinclads show great promise as the season nears its finish and the city and district meets loom in the future.

Executive's Busy Task:

Executives are a fortunate lot, for, as everyone knows, an executive has nothing to do—that is, excepting:

To decide what is to be done; to listen to reasons why it should not be done, why it should be done by somebody else, or why it should be done in a different way; and to prepare arguments in rebuttal that will be convincing and conclusive.

To follow up to see if the thing has been done; to discover that it has been done incorrectly; to point out how it should be done; on conclude that anyway as long as it has been done it might as well stay as it is.

To wonder if it is not time to get rid of the person who cannot do a thing correctly; to reflect that, in all probability, a successor would be just as bad or perhaps even worse.

To consider how much more simply and better the thing would have been done had he done it himself in the first place.

To reflect satisfactorily that, if he had done it himself, he would have been able to do it right in 20 minutes, and that, as things turned out, he himself spent two days trying to find out why it was that it had taken somebody else three weeks to do it wrong.

And to realize that such an idea would have a very demoralizing effect on the organization, because it would strike at the very foundation of the belief of all employes that an executive has nothing to do.—Contributed.

Two-Alarm Fire Damages State Hospital

Firefighter Carl Townsley, 24, of 1293 Duxberry-av, was overcome by smoke and heat from a two-alarm fire in a storage and water softener equipment building at the Columbus State Hospital, 1960 W. Broad-st, Monday morning.

The fireman was treated at the scene by Fire Department emergency squadmen, then taken to Mt. Carmel Hospital where he was treated and released. The first alarm was sounded at 10:35 a. m. the second a minute later.

The blaze, confined to one room of a 30 by 60-foot one-story cement block building, caused an estimated $2000 in damages — $1300 to the building and $700 to contents.

The structure was well away from the hospital itself and no patients were endangered.

Westgate Sidewalk Issue Will Be Discussed Tonight

Camp Chase Civic Group Calls For Open Meeting

The hot potato question of today, "Sidewalks or No Sidewalks For The Westgate Area" will get a complete and thorough airing Thursday night at the Westgate Park Shelter house when an open public meeting called by the Camp Chase Civic Association will convene at 8 p. m.

According to all indications an overflow crowd is expected to jam the new shelterhouse to hear the pros and cons of the question that has been batted about the community and in the Columbus City Council chambers for the past few months.

Present at the open meeting will be Mayor Oestreicher or his personal representative; Harry Metcalf, service director, Robert Warner, city engineer; Jerry Spears, councilman from the Hilltop and others who will show to the assemblage what can be done at this time under the present code. These men, although striving to present all the facts on the issue asserted this week that they will remain impartial on the question and merely present the facts so that the people of this community can be fully aware of the situation.

William Jones, president of the Camp Chase Civic Association, said this week, "A clear picture of all aspects of the situation is definitely needed in order that those living in this community be fully aware of just what the controversial issue is all about. The Camp Chase Civic Association is acting only in the capacity of a civic minded body interested in the welfare of this community. We intend to remain neutral, but at the same time find the facts and present them fully to the general public."

Other interested groups are also expected to be on hand at the open discussion to present their views concerning the installation of the sidewalks.

It was pointed out that during the meeting everyone present will be enabled to present his views concerning sidewalks in the Westgate area by appending his signature to petitions which will be labelled "For Sidewalks," "Against Sidewalks," and "For Sidewalks Installed Next to Curb Line." With these expressions of desire by those in attendance it is felt that a clear picture can be obtained as to the distinct wishes of the community, after they have heard both sides of the question from sources that have made a study of the problem.

One of the other questions which will be tackled during the meeting too, will be "Can We Have Sidewalks Around Westgate Park and Westgate School?"

Sensenbrenner Is Democratic Mayor Choice

M. E. "Jack" Sensenbrenner, 335 Guernsey-av, Tuesday night won the unsolicited support of the Franklin County Democratic organization in his campaign for nomination to the post as Mayor of Columbus. The Franklin County Democratic Executive Committee in a dinner meeting at the Southern Hotel indorsed Sensenbrenner as its preferred candidate for the top city job.

Sensenbrenner had announced his candidacy on Apr. 16 for the forthcoming Aug. 1 municipal elections, in which nominations are to be made for the offices of mayor, city attorney, city auditor, municipal judge and three seats on Columbus City Council.

With approximately 60 members of the 73 member Democratic Executive Committee present at Tuesday night's session, Sensenbrenner was given the blessing of the organization without a dissenting vote being cast.

Sensensenbrenner upon being advised of the indorsement of the Democratic organization, expressed his pleasure at being given that support but reiterated his previous statement of, "I filed to run in this race as an independent and pledged that to the people who have supported my candidacy. I am grateful to the Democratic organization for this support but wish it plainly understood that I am still running as an independent candidate."

Zoning Board Approves One Rezoning Case; Denies Two

In a public hearing held May 11 at Franklin Township House by the Franklin County Rural Zoning Board three cases were taken under advisement and announcement was made late Tuesday of the approval of one of the cases and the denial of the other two.

Approved by the zoning board was Case No. 217 of Rudolph Miesse, 782 Wilson-rd, Columbus, O., who had applied for a change of zoning, being a five-acre tract, located on the east side of Wilson-rd approximately one-fourth mile north of Fisher-rd, from a Residential and Agricultural District, to a Local Commercial District, Franklin-tp.

This was one of the cases not recommended by the West Franklin County Association in a recent meeting.

Disapproved by the Rural Zoning Board was Case No. 236 of Angelo and Anna Dallas, 3297 McKinley-av, who applied for a change of zoning on a tract of land, located on McKinley-av approximately 750 feet south of Trabue-rd and having a frontage of approximately 300 feet on McKinley-av with a depth of approximately 1600 feet (or to the N.Y.C.R.R.), from a Light Manufacturing District to a Heavy Manufacturing District, Franklin-tp.

Case No. 236 also did not have the recommendation of the West Franklin County Association.

The other case denied by the Rural Zoning Board was Case No. 239 by E. V. Cunningham, 3116 Valleyview-dr, who applied for a change of zoning on approximately 17 acres, located on the south side of Valleyview-dr, approximately 2250 feet east of Wilson-rd with a frontage of approximately 837 feet on Valleyview-dr and a depth of 1600 feet (excluding the northeast corner having a frontage on Valleyview-dr of 298 feet with a depth of 250 feet) from a Residential and Agricultural District to a General Commercial District, Franklin-tp.

The latter case was the only one given the approval of West Franklin County Associates at its review meeting held in late April.

It was pointed out that cases denied still have the right of appeal and may be brought before the board for rehearing.

Academy of Medicine Auxiliary Awards Nursing Scholarships

Announcement was made this week of the annual scholarship award of the Auxiliary to the Columbus Academy of Medicine with a West High School senior and a 1952 graduate of Linden McKinley High School being the winners of the Nursing School Scholarships. Normally there is but one scholarship awarded each year but the Auxiliary Review Board felt that both girls were tied and decided to award duplicate scholarships this year.

Winner of the scholarship from West High School is Dorothy Lampson, daughter of Mr. and Mrs. Reynold E. Greene, 2534 Elden-av. She plans to attend the Mt. Carmel School of Nursing.

Jean Workman, daughter of Mr. and Mrs. Glenn K. Workman, 2028 Agler-rd, a 1952 graduate of Linden McKinley High was a winner of a scholarship. Her plans call for enrollment in the St. Francis School of Nursing.

Pirates Trip West Cowboys By 2-1 Score

Tuesday afternoon the Central High baseballers behind the fine five-hit clutch pitching of Pete Cook handed the West Cowboys a 2-1 reversal on the Powell-av field, thus avenging an early season setback at the hands of the Cowboys.

The Pirate twirler was in difficulty only one frame, that being the sixth, as the Cowboys put together a base on balls and two consecutive singles to count their only run.

But with none out and runners on first and third, Cook bore down to fan the next two swingers and getting the third out on an easy infield roller.

All-city back stopper, Joe Morlan, accounted for all the winners' runs. His long fly in the first scored lead-off man Brooks who had singled, stole second and advanced to third on an infield out.

Morland's long fly triple to left center with a mate aboard in the third brought in what proved to be the winning run.

New Interest Rate Sparks GI Loans For New Homes

Since the interest rate on Guaranteed Home Loans for veterans has been recently increased from 4 to 4½ %, it is suggested that veterans of World War II and veterans who have had military service in any theatre since June 26, 1950, apply for a certificate of eligibility for Loan Guarantee.

Veterans should visit VA Office, 48 Starling-st, in person, for assistance in making this application.

New Lincoln Village Planning 900 Houses First Three Years

The multi-million dollar Lincoln Village model city will require eight miles of sanitary sewers in its initial development.

Carl R. Frye, vice president and general manager of the Peoples Development Co., builders of the project, disclosed Saturday that bids will be accepted soon on the giant underground sewage system. He said that the lines will be placed 10 feet underground at the shallowest point.

On Apr. 7, Franklin County Commissioners approved a trunk sewer and water line which would extend three miles along W. Broad-st to New Rome. County Sanitation Engineer Desso T. Mitchell said at that time that the $600,000 project should be completed by the end of the year.

The Lincoln Village system will flow into the new county sponsored line.

Frye also said that in spite of the unusual number of rainy days, the preliminary site grading on the first section of the village should be completed some time during June.

Some 900 houses are planned for the initial development. They are to be built within the next three years on a 257-acre plot of land which is located on the north side of W. Broad-st adjoining New Rome.

Lincoln Village is to also have 550 acres of land zoned for industrial sites. Part of the property is located on the north side of Broad-st along the west side of Philipsi-rd. It is directly across from the giant new Westinghouse plant, now under construction.

The balance of the industrial land is located along the south side of Broad-st. This is across Georgesville-rd from the Ternstedt, General Motors plant.

A 230-acre plot of land, located on the south side of Broad-st near New Rome is to be developed in the future. It is to be used for housing.

The Peoples Development Co. is a subsidiary of the Farm Bureau Insurance Companies.

Odd Flower Blooms On Hilltop

Mrs. Gordon Brion, 130 N. Harris-av, has a huge tulip which has proved to be a "stumper" for the many people who has called. It is a huge tulip red in color measuring 6½ inches across. Her daughters, Diana Lynn, age four, and Gloria Jean, age three, are pictured above with the odd flower. Anyone knowing the species of tulip shown in the photo will do Mrs. Brion a favor by calling her.

Lions Banner Disappears

Hilltop Lions Club is seeking information as to the whereabouts of a huge canvas sign they had erected on a vacant lot on W. Mound-st east of Wayne-av last week advertising the current carnival now in progress there under the sponsorship of the Lions Club.

The sign erected last Monday was still standing Wednesday morning, May 13, but by nightfall had disappeared.

A. L. Dailey asked that anyone having any knowledge of the present location of the sign to contact him.

Guns Are Stolen At State Hospital

Equipment and guns valued at nearly $700 were stolen from a paint shop at the Columbus State Hospital, 1960 W. Broad-st early Monday or late Sunday, according to the State Highway Patrol.

The burglars cut a screen from the window of the shop to gain entrance and carried off a chain saw, four guns and other equipment.

Death Takes A Holiday On Valleyview-dr

Pictured above is the scene of an accident Monday forenoon on Valleyview-dr near the intersection of N. Eureka-av where five-year-old Richard Waters, son of Mr. and Mrs. Thomas A. Waters, 443 N. Elden-av narrowly escaped death when struck by a car. Sheriff's Deputy C. Autert is pictured as he measured the skid marks in the road caused by the Cadillac car in the foreground and the distance from point of impact to the circled white area where the boy was picked up. Distance of the skid marks was 76 feet and distance from point of impact to the boys' body measured 40 feet.

Richard Waters

Death took a holiday from the Hilltop area Monday morning when five-year-old Richard Waters stepped into the path of a Cadillac sedan being driven eastward in Valleyview-dr by Mary Alice Holt, 55, of 406 Binns-blvd. The West Broad kindergarten pupil was hurled to the pavement 40 feet from the point of impact, according to measurements taken at the scene by Sheriff's Deputy C. Autert, the investigating officer.

Rushed to Mt. Carmel Hospital by a Jerry Spears ambulance the child was given emergency treatment, X-rayed and released late Monday to his parents, Mr. and Mrs. Thomas A. Waters. Other than severe bruises and a slight concussion he was reported as apparently being on the road to recovery.

In the meantime it was understood that Valleyview Council met Tuesday night to give serious consideration of more strice enforcement of traffic regulations within the village and to request the erection of a traffic light at the intersection of Valleyview-dr and N. Eureka-av. It was pointed out during the meeting that Valleyview-dr is a heavily traveled thoroughfare and that of recent months it "has become a speedway that endangers not only children but adults as well."

Auto Victim Said "Failing"

The condition of William Day, four-year-old son of Mr. and Mrs. Sherman Day, 1984 Brown-rd, is described as "failing."

The boy has been in Mt. Carmel Hospital with injuries, suffered when he was struck by the auto of Wayne Wolfe, 37, of 2135 Winterhead-rd, Saturday evening. The driver was not held.

Westway Postscripts

The next regular meeting of Westway VFW Post will be Friday evening, May 22, 2303½ W. Broad-st.

This meeting may well decide the fate of the present Post for the membership will be asked to make a final decision on an issue that may well be the dawn of a new, more agressive Post.

There are many members who have never set foot in the Post rooms and to them we wish to extend a special invitation to be at this next regular meeting, if they never attend another, for they have a right to a voice and a vote on the action that must be taken. If they fail to act at this time, the working membership must consider their absence as approval of any action the Post membership, present at that meeting, may take.

Friday, May 22 and Saturday, May 23 are set aside as Poppy Days and we urge each of you to make a special effort to assist in the sales of Poppies, for if we fail to do so, our needy comrades will be deprived of financial aid, made possible by the sale of Poppies.

We invite all veterans to join us in the Memorial Day parade and to be with us in the afternoon service at Georgesville cemetery, at 2 p. m.

This organization has a mandate from the national organization to participate in all community efforts, to the fullest extent of our Posts' capacity and we are aware that in the past, men appointed to serve with various community efforts, have failed to function as we would have liked them to function.

This failure of our appointed representatives does not mean that we are not interested in the affairs of our Hilltop community, but is a human failure of the Post Representative, one that we hope to correct.

I have been appointed by the Post to take an active part in the Hilltop Community Council and in the traffic situation as well as the transportation problems of the Hilltop.

I have attended several of these Community Council meetings in the past year, on traffic, bus and community needs and was agreeably surprised to find a hard working council, handicapped by such organizations as our own and several others on the Hilltop who have failed to appoint representatives who would work with and for this community organization.

Having been appointed by some three organizations, to represent them on the traffic and bus situation in Columbus, I come in contact with all parts of Columbus and find the same identical situation in each section.

Small, hard working community councils have attempted to carry the entire load; the actual work has fallen on the shoulders of a few who are willing to work and as in all organization work, we find a small, but vocal group, in each community, finding fault with everything the council does, or tries to do for the community. In each such case, the same thing applies; these are the community, civic, and business groups, that refuse to send a working representative to the community council, to promote in the council and in the community, the things their group is interested in promoting.

The juvenile problem, the transportation and bus problems are but a few of the many problems that demand the best brains of the entire community and a community divided in its thinking and in its efforts, is a community that is doomed to failure.

Wade Bros. Win New Nash

Wade brothers, pictured above, pupils of Jack Sherick whose Hilltop studio is at Burgess-av and W. Broad-st, were winners of a new Nash car on the Paul Whiteman TV Show out of Philadelphia. They will emcee Jack Sherick's show at Central High School on Saturday night at 8 p. m. and will also headline his television show on Channel 3, at 10:30 to 11 a week from Saturday.

This writer came to this city when W. Broad-st ended at Hague-av; the cars stopped there, so did the pavement Hague-av was a mud road, Harris, Warren and Powell-av, like many more streets were simply a part of a pasture field.

As a long time resident of the Hilltop who has lived on the Hilltop, off and on for half a century, I have a personal stake in the community, for my children grew up here, were born here, attended our Hilltop schools, just as I did as a child.

Our veterans organization invites the representatives of all Hilltop organizations to join us in an effort to make the Hilltop a better place to live in, to raise our children in, by taking a more active part in the affairs of our own community, in an organized way; through the Hilltop Community Council.

New Butcher At Fox Food Market

Eddie Slagle

"If you don't know meat, know your butcher."

That's the advice given by Eddie Slagle, who's been "butchering" in Columbus since 'way back in 1922, and has recently assumed the meat department management at the Fox IGA market, Eureka and W. Broad-st.

"There's a lot of folks who don't know the difference between a range and a corn-fed steer until they try to push a knife through it," Eddie says, "and for that reason must depend upon their butcher for advice. You can be sure I'll give them the benefit of my long years of experience."

Eddie served his "apprenticeship" with a meat packing company, learning the business from the "hoof up," he says.

4-H Tractor Maintenance Club Concludes Year's Activities

Franklin County's 4-H Tractor Maintenance Club climaxed its activities May 5 with a pot-luck dinner held at Prairie local school. Sixty members, parents and guests enjoyed the meal which was followed by a program in which several of the members participated.

David Pasicka and Don Bausch of Galloway gave a demonstration on "Care of an Air Cleaner" while Richard Scholl of Rome and Don Krieger of Galloway explained the carburetor and ways to adjust it to give best performance.

Following the demonstrations, John Mount, Junior Dean of the College of Agriculture, Ohio State University, discussed 4-H Club Work and the Tractor Maintenance Program. Samuel Huber, extension ag. engineer, gave an illustrated talk on the "History of Farm Power", tracing it from animal power to our modern tractors. The program was concluded by Carl Ruff, acting associate county agent, who spent the past summer in Sweden as an International Farm Youth Exchange Delegate, relating his experiences in that country with a series of colored slides.

The Maintenance Club members met at different implement dealer establishments throughout the county during the past winter studying various phases of care and maintenance which they can apply to their own tractors. Fred Kuns of Galloway served as advisor for this club and was assisted by Paul Eyerman and Bob McQuay of Grove City, and Charles Taylor of Canal Winchester.

Says:

We were visiting friends one night and toward the end of the evening our hostess suggested some refreshments in the way of coffee and sandwiches. When she went back to the kitchen she found that she was short of bread and called to her husband, asking him to go half a block down the street to a neighborhood confectionery and get some. Believe it or not, he got his car out to go that half block.
No wonder feet are so weak today. Most of us are suffering from "Gasoline Legs." Our feet don't get sufficient exercise to keep them strong. Take ten minutes each night when you have your shoes and stockings off, to systematically exercise your feet and legs. Good foot exercises include rising up and down on the tip-toes, walking about on the outer edge of your foot, standing on the edge of a box, book or a step and bending the toes first down and then up and sitting with one leg over the other and rotating the foot at the ankle. To these might be added picking up small objects with the toes and rolling the foot over a bottle or rolling pin. To get the best results exercises should be used regularly and systematically.

The welcome was given by Mrs. Ethlyn Schaub, the response by Bill Murphy, president of the class of 1953. Then M. D. Hartsook, superintendent of schools, was called upon for whatever remarks he wished to make regarding the banquet, and the class of '53.

Mrs. Mae L. Weaver made the presentation of the honor award to the honor student of the class of '53, who was Doris Brown.

This was followed by a reading in which Jay Kaltenback gave his version of "It's in the Book." This was followed by the main speaker, Prof. Homer Cotterman, from Capital University, who spoke on "Ohio."

This concluded the program, after which a dance was held.

An excellent crowd attended and enjoyed the evening.

YOUR YOUTH

By Bob Schmidt - Dick Wilson

Doggone it! The elements are "agin" us. Yes, I am referring to those April showers we are having in the month we are supposed to be having May flowers.

These untimely showers caused the postponement of another game in the Hilltop YMCA Gra-Y double elimination softball tournament which is held every Saturday at Westgate Park. There are only two teams remaining in the tournament. These are Westgate and John Burroughs. Westgate is the winner of the losers' bracket and J.B. has so far gone undefeated. This adds up to the point that if Westgate beats the boys from Sullivant Ave., there will have to be a playoff to decide the tournament winner. Of course, if J.B. defeats the Westgaters, they will have won the tournament without a defeat. The two teams will make up their postponed game on Saturday morning, May 23, at 10:30 at Westgate Park.

Congratulations are in order for Medicine Man Bob Schmidt and his Indian Guides on the impressive induction ceremony and picnic supper which was held last week at the South Side YMCA Park. The induction was capably handled by an induction team from Cuyahoga Falls and the picnic dinner was handled by Doc Bernard. (Never saw a man eat so much.)

Hey, gang! The Little Nine Baseball League applications are really pouring in. Better hurry up and get yours in so you will be assured of a place on a team. All the teams will be furnished with a "Y" shirt this year. The Hilltop Lions and Kiwanis are responsible for this vast improvement in the league. All games will be played on a regulation Little League diamond at West High School field.

The girls around the Hilltop "Y" all have their handkerchiefs out this week. This is not due to colds or sneezes but because Betty Knight, who has done a wonderful job as volunteer leader for the girls, is leaving them. Betty has transferred from Otterbein College to George Williams College in Chicago where she will study specialized courses for entrance into professional YMCA work.

With only a few weeks of school left, I believe it would be "fitten and proper" to announce that the "Y" is once again going to offer a Summer Fun Club this year. Read this column carefully and watch for further details about the club.

Rebekahs Decorate Mae Swopston For Outstanding Work

Mae Swopston, a member of Hilliards Rebekah Lodge 160, was one of a class of 14 Rebekahs from Ohio to have conferred upon her the Decoration of Chivalry, at the Deshler Wallick hotel Tuesday evening, May 12. This degree is conferred once a year at the Ohio Rebekah Assembly.

This honor is given to members of Rebekah Lodge for outstanding work in the community, including church activities and help to shut-ins. Recommendation for the degree must first be approved by lodge of which she is a member, a committee of three members of Junia Carton 1 of IOOF of Columbus and finally by the grand officers of the Carton of Ohio.

Among the more than four hundred people who witnessed the ceremony, were many from Hilliards.

BRAVADO

Why are little boys so scared?
Boys should all be brave.
I'm not scared of anything—
I'll go in the cave!
Come on now, don't be afraid,
No matter what you hear.
Don't you run from anything.
Remember I'll be near.
Makes no difference what you find—
I will guard you—from behind.

My own Omnibus—From a sightless lady I learned the difference between pity and sympathy . . . What I saw I couldn't believe—a waiter in an Ohio restaurant telling a sightless lady with a seeing-eye dog that she could not eat there. We had been seated by the same waiter and had given the order but we suddenly lost our appetites and walked out too. That same waiter would no doubt welcome a patron who was drunk and would annoy everyone in the place, or a family whose children would be allowed to throw food all over the floor and otherwise make themselves pests. Am not blaming the children either. See-ing eye dogs are clean and well trained and that's more than can be said for a lot of human beings . . . Rosemary Looney Street in Marysville, Ky., goes straight up a hill . . . A line from a story which impressed me, says that books are fine, but should not be regarded as substitutes for living . . . Am sure many beauty operators are wishing "Oh to be in England, now that May is here"—think of all the ladies who will be getting hallidos, mud packs and manicures the latter part of this month . . . A good polish for the star you wish on is Faith.

Mail—From my farmer friend near Buckeye Lake. "It is corn-planting time again. Hope my rows will be straight" . . . From a nephew in England: "Just had a date with an English gal. If she speaks English we all speak something else—THAT'S English? We almost had to use sign language" . . . From Mrs. Robert Snyder of Columbus, no street address: "You mentioned ministers—perhaps some of your readers (thank you, Madam!) can tell me the address of Rev. Enoch Smith, a former Hilltop minister." If anyone knows Rev. Smith's present address and will send it we will appreciate it . . . From a mother: "Mother's Day was like any other day. The day your children tell you they love you, that day is Mother's Day." How true.

• • •

A few anonymous quotes that might help: A beginner is always a good man . . . He is lifeless who is faultless . . . Brave actions never want a trumpet . . . There are no clubs under trees that do not bear fruit.

Do you suppose it will ever happen dept.—A newspaper won't be full of war news . . . a tv announcer won't go through the tired old oh-am-I-surprised-that-I'm-on-television-I-was-just-sitting-here-thinking-of-the-product I'm-going-to-tell-you-about routine . . . a radio or tv announcer will call them children or youngsters or kids even, instead of kiddies? . . . there won't be somebody trying to climb Mt. Everest?

• • •

They say this was overheard at the Zoo, though I have my doubts —A man and his small son were standing in front of a lion's cage. Suddenly the boy said "Daddy, if that lion gets out and eats you up, what bus should I take home?"

Indian Guide Movement Gains Favor

The "Big Chief" of the "Cherokee" tribe of Indian Guides, sponsored by the Hilltop YMCA is shown listening to a report from a "Little Brave" at a recent tribal meeting. Left to right in the photo are "Chief" James Jackson and son, Jimmy, 215 N. Harris-av; Frank Watts and son, Deward, 176 S. Burgess-av; Howard Thurston and son, David, 94 Elden-av; Charles E. Parks and son, Peter, 69 Haldy-av; Roger L. Stewart and son, George, 134 S. Burgess-av; Jack E. Spencer and son, Johnny, 102 N. Warren-av.

By Barbara Booth

"Pals Forever" is the motto of the Indian Guide groups sponsored by the Hilltop YMCA whose purpose is to bring father and son together for fun and companionship.

The Hilltop "Y" has organized five tribes of boys ages 8-9, the only such groups in the city except at the Spring Street "Y". The groups meet twice a month in their homes. The boys and their fathers join in games, handicraft, and even over-night camping trips. Each has an Indian name; fathers are called "Big Braves" and sons "Little Braves."

At each gathering they observe an Indian ritual. Their "officers" are: chief, wampum bear, tally-keeper, tom-tom beater, and Indian runner. The boys make their own tom-toms, totem poles and their headbands for which they may receive feathers for various scout reports and projects. A boy may not attend the meeting without his father and vice-versa.

Long ago, the Indian Chiefs of each tribe held a "longhouse" or a meeting together. The name is derived from their meeting place which was a long hut. The chiefs from each of these tribes also meet together frequently, using the Hilltop YMCA as their longhouse.

All five tribes, "Cherokee," "Shawnee," "Miami," Rick-a-poo" and "Wyandote," are working towards their induction, to be held at the South Side "Y" Park, May 15. Before the ceremony, the boys and fathers will have a cookout. An Indian Guide Induction team from Cuyahoga Falls will present a ceremony of dances in full costume.

There are 40 dads and 45 boys in these groups, the first of which was organized approximately eight months ago, with the purpose of getting each father to schedule some time with his son.

The Daughters of Scotland Coronation Ball in true country style, sons and daughters of the British Isles, will hold a dance and songfest. The John Shaws will bring back memories of Merrie England with the Morris dance and Mary Mac Gregor and Sheila Mac Cullum, will dance a Highland fling. Prof. and Mrs. Charles Crook will honor the Isle of Wales with native country songs and quite naturally the Fred Kenneys' daughter, Pat, a pretty Irish colleen, and David Tarpy will sing tunes of Old Erin. - Chi Rho Fellowship (For Junior High Students)

It's hard to make a full-page ad very personal. But we hope you will consider this an individual invitation to visit the church, become acquainted with its work and put your efforts behind its program. We believe the church grows by serving and giving others opportunity to serve and grow in the fellowship. We believe you will find a warm welcome and the goals of the church challenging.

We invite you to come to the open house we are having this Sunday afternoon from 3:30 until 5:00. You can then see what we have done. We will serve refreshments.

Children and young people will benefit most from our new construction. We now have facilities ranging from a crib room for the youngest to a social room for young people and other church groups. Then, too, there is the roomy kitchen, an office and the study where I am writing this letter.

While we were on this building program we decided to freshen up the old building so we gave the sanctuary and fellowship room new coats of paint. In the Fellowship room we eliminated some partitions so that much larger groups can meet and play and eat there.

But we realize this is just the beginning. Having larger space and better equipment means more responsibility. We, together with the other Hilltop churches hope to increase our service to the commmunity. And so this Sunday we are having a Dedication Service which we pray will be a symbol of a dedication which will become more and more evident.

We hope you will be with us this Sunday. And more than that, if you do not have a church association, we invite you to worship with us.

Carl Smith, Minister

On Sunday, May 17, the Camera Train Committee scheduled a special "Golden Spike Special" via the Pennsylvania Railroad over the original Columbus and Xenia railroad and the Little Miami railroad, Cincinnati Division. Due to rain the golden spike was not driven at Ft. Ancient as had been previously planned, but at Morrow, the passengers all unloaded and took pictures not only of the "driving of the spike" but of the engine, the engineers cab, the Ohio river, for approximately 30 minutes.

The many, enthusiastic youngsters as well as their adult companions welcomed this opportunity to explore the locomotive with the complement of 11 coaches, a number of which were very new and modern.

Upon arriving in Cincinnati the entire group was taken on an inspection tour of this very impressive 41 million dollar facility, i.e., the new Union Terminal. The behind scenes activity of this very modern station that handles 102 regular passenger trains daily, will not soon be forgotten by either the youngsters or the adults. Nor will the visit to WLW-T, the excellent Zoo, or the impressive Fountain Square with the bright sun rays creating an exquisite rainbow in the accompanying mist created by the many gallons of water exoelled through the very lovely fountain figures.

The next "Educational Train Ride" has been scheduled for Sunday afternoon, June 14, via the Chesapeake & Ohio Railroad, through the Hocking Hills, with picture stops en route for the camera fans.

This past Wednesday evening, Mrs. Floyd J. Armstrong, 310 Lenox-av, who is Southwest District vice-president of the PTA of Columbus and Franklin County, installed the new officers at South Franklin Township School for the new year. As a token of the appreciation of the PTA organization of this school, they presented Mrs. Armstrong with a lovely pink carnation corsage.

Mrs. Mattie Shinn, Selma and Thelma Shinn, and Mrs. Hazel Sweetman and son, Jackie, of Columbus, were guests of Mr. and Mrs. Jack W Shinn and children, Ricky and Christie, of 201 Pasadena-av on Sunday.

On Wednesday evening, May 13, the men of the Columbia Heights Methodist Church served an excellent dinner in the church basement for the first annual Mother-Daughter Banquet in two years.

Mrs. Wazen Werner, wife of Bishop Werner, was guest speaker and spoke on new and modern missions in India, using color slides to illustrate the great work done by members of the Women's Christian Societies throughout this country.

In conclusion, Mrs. Werner had two beautiful pictures of the fabulous Taj Mahal, the latter of the two having been taken in moonlight, and concluding with the very colorful and impressive Japanese cherry trees in blossom.

There were more than 140 present for the dinner and program.

WARREN AVE. CHURCH OF THE NAZARENE
Harris B. Anthony, Minister 600 SOUTH WARREN AVENUE
9:30 A. M.—Sunday School.
10:45 A. M.—"What Happened at Pentecost?"
6:30 P. M.—Young Peoples Hour.
7:30 P. M.—Evangelistic Service. "Peter's Downfall."

"Give us clear vision that we may know where to stand and what to stand for—for unless we stand for something, we will fall for anything."

These great words echoed across the hall of the Senate of the United States a short time ago. Great words—that have been repeated many times since first uttered in prayer by the Senate chaplain.

Yet there are many of us who believe in this thought, but find it hard to follow in these perplexing times. Can our churches be of help here?

If you are a member of a church, you need no answer to that question. You know that your church does not try to tell you *how* to stand on a question. That is your personal choice as a free American. But it does help you to separate the wheat from the chaff, the right from the wrong, so that you may stand for the right, knowing and unafraid.

Someone has said that the human race is divided into two classes—those who go ahead and do something, and those who sit back and inquire, "Why wasn't it done *this* way?"

Stand for something! Your church will help you with the most powerful incentive and champion that anyone may have—the knowledge that you are making your stand on the moral code of your God.

Therefore, brethren, stand fast, and hold the traditions which ye have been taught...

Golfing Slants

By
JACK KIDWELL

PUTTING

After developing skill to reach the greens in par figures, the scoring ability of a golfer is determined by his adeptness at stroking the ball into the hole with his putter.

It is often possible to recover from a poorly played shot anywhere on the course, but a missed putt is missed forever. We do not have a second chance.

There are many different putting positions and methods, but most successful players subscribe to "four or five basic fundamentals, no matter what position they may use.

We have a choice of two basic putting styles. One style is called the hinge wrist; the other, stiff wrist.

In using the former, the right forearm and elbow are rested on the right thigh; the putter is swung in a pendulum motion by hinging the wrist joints.

In the latter style, the wrists are held firm, while the shoulder sockets become the pivotal point for the club arc.

I have seen some excellent players who used a combination of both.

Whatever your choice may be, stick with it. Don't try another stance every time you have a bad day on the green.

The most commonly used grip is called the reverse overlap. The entire right hand is placed on the shaft, palm towards the hole; thumb on top; the shaft lays in the palm of the hand instead of across the heel.

The left hand is placed on the shaft, with the first finger overlapping the little finger of the right hand; palm facing palm; the left thumb in alignment with the shaft and right thumb. Pressure of the grip is light with the hinge wrist method, but firm with the stiff wrist stroke.

The ball is positioned opposite the left instep, but close to the toes to permit a more vertical pendulum instead of the flat rounded arc caused by standing too far from the ball.

Stand fairly erect, with your eyes directly over the ball. The head must be held motionless throughout the stroke. Any movement of the torso while stroking a putt destroys your sense of touch for you cannot control the additional power introduced from this source.

Keep your weight either forward on the left foot or balanced evenly between the feet.

Some of the best putters I have ever seen were players of average ability from tee to green, but once on the putting green could hold their own with most any one.

Here at Beacon it is not uncommon for some of our players to use only 23 or 24 putts on 18 holes. Barney McLain, John Yauch, Joe Worthen and Mike Hurdman are excellent putters, who could match sheis with the best on the green.

Earl Carper is a chap whose occupation is not conducive for the development of sensitive hands, but I am always amazed by the delicate touch he exhibits on the green; even after long periods away from the game.

The point I wish to make is that it is within the reach of all to become expert putters, but it requires much practice, desire and understanding of basic technique.

I played nine holes this morning with Ed Desmond, Marvin Riley and Doc Reiser. During the round both Desmond and Riley gave me a putting lesson which I graciously paid for at the end of the game. Nice chaps otherwise.

Mrs. Al Muth and Mrs. Mike Hurdman are Beacon's newest golfing members; which is father of the thought as to the oldest, I believe the dubious honor belongs to Dr. C. E. Brady and Clyde Johnson, two great fellows, for whom I remember caddying as long ago as 1930. The thought leaves me tired and worn.

Next weeks' instruction deals with playing the wind ball.

Vaulter In Relays

Dee Carroll, West High sophomore, is shown clearing 9'6" in the pole vault contest at the Hilltop Relays Tuesday night.

West Side Man's Neck Injured In Traffic Mishap

Forest Davis, 58, of 713 W. State-st, suffered neck injuries when his auto was struck by a pickup truck after he had stopped to permit fire equipment to enter Broad-st from No. 6 Engine House, Broad and Mill-sts, last Thursday afternoon.

The firemen were answering an alarm at 289½ Dakota-av, which proved to be a smoke scare.

Davis was admitted to Mt. Carmel Hospital and is in "just fair" condition, according to a hospital attendant.

The truck that hit Davis' halted auto was driven by Robert L. Shannon, 16, of 2170 Margaret-st, officers said. He was turned over to juvenile authorities.

Girl With A Future

She's probably not thinking much about the future, but her daddy is. He knows the years have a way of slipping by: that she'll be ready for college before he realizes it. That's why he opened an account for her at Dollar Federal and adds to it each pay day. With Dollar Federal's generous 2½% dividends, compounded semi-annually, this can grow into a college fund by the time she's ready.

Prairie School Health Checkup To Be May 21

Children six years old on or before Dec. 31 should be brought to the Prairie Elementary School, 117 Norton-rd, May 21, 1953, for a check up and registration.

If a child should require some physical attention, this can be taken care of during the summer and the child would be prepared for starting to school in September.

Parents should bring verification of birth such as a birth certificate from a doctor, board of health or hospital, also any record on immunizations the child may have had.

It is essential to have all September entrants register in order to plan the first grade classes, according to C. R. Meharry, principal.

Adams County Society Picnic Scheduled

Adams County Society of Columbus, will hold a picnic on June 7, which is the first Sunday in June. Shelter House No. 6 has been reserved. This is the only shelter house on the west side of the Scioto River.

The shelter house is available from 11 a. m. to 8 p. m. Bring your own food. All former residents from Adams County and their friends are cordially invited, said J. E. Cross, president, and R. W. Robuck, secretary-treasurer.

Classified Ads Solved Problem

Mrs. F. Ward of 441 S. Eureka-av wanted to buy an ironer. But with prices the way they are these days, her budget wouldn't allow it.

So, she though she would try putting this ad in The Hilltop Record and the West Side News in situations wanted.

WASHINGS AND IRONINGS DONE IN MY HOME. JO. 2158.

She said she expected a few calls, but not quite such a deluge.

She not only purchased a new ironer, which has paid for itself, but has also been able to buy twin tubs, a drier and curtain stretchers. Again we have positive proof The Hilltop Record and West Side News want ads really get the results.

Try them and see for yourself.

Denver, Colo. — A burglar, who evidently wanted to develop his muscles, broke into the YMCA recently, taking a 360-pound barbell weight-lifting set, valued at $110. Police want to present him with some more bars—stretching vertically in front of windows.

Isoniazid, the year-old drug in the treatment of tuberculosis, is now on the market in large quantities and at low cost.

PREGNANCY AND LACTATION

Many surveys reveal deficiencies of calcium and phosphorous among pregnant and nursing mothers, as well as in young and adolescent children. The demands upon the mother's body by the fetus or nursing infant are often so great as to rob the mother's teeth of calcium and also to result in a weakened bone condition in the child. Vitamin D promotes the utilization of calcium and phosphorous in the body. It aids in the regulation of blood calcium levels, and contributes to the healthful development and maintenance of the bones and teeth.

Hilltop Future Looks Increasingly Bright

Last week, Delmar Starkey, manager of the Chamber of Commerce, was the guest speaker at the Hilltop Kiwanis Club at which time he pointed to the future development of our community westward.

No one can hear the facts and figures as to what is ahead for Columbus without being reassured that this is a fine community in which to live.

Starkey pointed out the part the C. of C. had in securing our two fine new neighbors, G. M. and Westinghouse, and pointed out how fortunate this community is in having this type of industry in our midst.

Starkey showed that the Hilltop has had an increase of 37% in population from 1940 to 1950.

Parade of Progress Should Be a "Must"

Our good neighbors to the west, General Motors, are this week inviting the public to attend the local showing of their "Parade Of Progress" from May 28 to June 3 on the parking field south of the Ohio Stadium.

It was our privilege to be invited to witness a movie of the big show when the advance agents visited town recently and there is every indication that this should be a "must" with most families of our community.

This is not an advertising "gadget" in the sense that they are selling automobiles. In fact only a couple cars will appear in the show. It is a look inside the scientific developments of today and tomorrow.

Parents with youngsters will provide a real bit of education for their children when they take them to the GM "big top" and see their Parade of Pro-[illegible]

Pre-June Short Notes:

An old-time Hilltop firm will pull up roots and move a couple of blocks west about July when Shank & Saunders will take over new quarters in the old Dr. Wolfe home at 3652 W. Broad near Burgess. . . . And that makes the present suite of rooms available to someone interested in offices. (It has one of the two fireproof vaults on the Hilltop.) . . . The Donald Shafers of 166 Binns are in Baltimore, where their three-year-old daughter, Cathy, is undergoing heart surgery in Johns Hopkins Hospital. . . . A story is going the local rounds about the insurance man who reported his car stolen, only to find it impounded in the city garage for illegal parking. . . . Gregory Keith is the new arrival at the home of the Jack Remingtons' now at Fort Collins, Colorado, former residents of N. Ogden-av. . . . Unofficial reports state that the Lions Club cleared nearly $2,000 in their recent paper sale. . . . And . . . hold the phone. . . . The Lions and the Kiwanis will have a tug of war across Westgate Park Lake as a feature of the Hilltop Bean Dinner. . . . And won't that make a splash! . . . A local minister sends in his church announcements with the name of his church typed as "Untied Brethren." . . . Dick Wilson spent the past week at Lansing, Mich., in a "Y" conference. . . . Also understand Dick and a young lady from down Chillicothe way are thinking of a ring and things. . . . The George Lemkeys are thinking in terms of pinks and blues. . . . Hilltoppers are invited to take in the Hilliards Centennial this Saturday and Sunday. . . . The West High Annual, The Occident, was distributed at school Wednesday. . . . Jim Cooper, Gene Wolfe, Art Walker, Mack Pemberton and yours truly attended the 24th anniversary party of the Circleville Kiwanis Club Monday p.m. . . . Localites feel that Jack Sensenbrenner's stock in the mayoralty race went up several points with the democratic endorsement. . . . But Jack realizes only too well that he will have to have a slice of GOP votes to be elected.

Schoolboy Hit By Truck In Fair Condition

Monroe Tilley, 3247 Dover-rd, who was seriously injured last Wednesday afternoon when struck by a semi-trailer truck in front of Skidmore School, 1122 N. Hague-av, still remains in "fair" condition in Mt. Carmel Hospital.

The 12-year-old school boy suffered fractures of both legs, head cuts and possible internal injuries, when he ran into the path of the truck while he was trying to catch the school bus.

According to witnesses, the driver of the truck, George E. Tucker, 39, of 1945 E. 22nd-av, "did everything possible" to avoid hitting the boy. Both he and a passenger were thrown out of the cab, but were uninjured when Tucker swerved into a ditch. The truck was described as being "practically demolished."

Westinghouse Operation May Start This October

Production may start in October at the new Westinghouse plant on W. Broad-st, according to a statement made early this week by Harry W. Dailey, director of industrial relations for the local factory. The revelation of plans for the huge plant to become operative soon was made at a luncheon meeting of the Public Relations Society of Columbus.

Dailey said that a force of men is now busy reshipping new machine tools and the hugh W. Broad-st and Phillipi-rd installation.

Recent Photos of Westinghouse plant progress are on Page 3 of today's edition of the Hilltop Record.

Plans first called for the manufacture of jet engines in the new plant. Changes in government plans cancelled the jet engine schedule. U. S. machine tools sent here months ago must now be sent to other manufacturing plants.

Westinghouse will begin manufacture of appliances here months ahead of the original date now that the government order is out of the way.

Two assembly lines for refrigerators will begin work as soon as plant construction is complete. In 1954 Westinghouse expects to have two additional lines start operation. The plant will then hit a peak of 2000 refrigerators a day. Dailey emphasized that no hiring was being done at the present time. He said adequate warning would be given the community through the newspapers when help is needed.

The Westinghouse organization is going through a tremendous burst of expansion. Since the Mansfield plant was established in 1917 it has been expanded 1200 per cent of its first capacity. Even after refrigerator production is moved, the Mansfield plant will be overcrowded with the growing production which is left there.

The W. Broad-st site of the new plant consists of 330 acres. The buildings will cost about $22 million and the entire investment will be around $100 million by the end of this year.

An administration building will face Phillipi-rd. The plant will include an engineering department, cafeteria and a large auditorium, which will be used for employe activities.

Readers Agree, Results From Ads, Pleasing

Mrs. Embleton, 903 S. Hague-ave, placed this want ad in the Hilltop Record and West Side News, "GLIDER FOR SALE. RA. 5359." She reports she stopped counting the calls after the 30th one. She sold her glider to the first caller and tells us she's very happy with the results she always gets from the Record and News ads.

Mrs. Robens Fleming of 475 Hilltonia-av placed a want ad under "Miscellaneous For Sale," for a piano. This is the note we received from her "Thanks for running the ad. Could have sold seven pianos had I owned them."

Once again here is positive proof that Record and West Side News ads will really get the results. If you haven't tried them, do so! You will be glad you did.

Memorial Day

As the mournful notes of "Taps" sound out this Saturday they will echo the noble deeds others before us have performed so that we may live in freedom. It is only because of their great sacrifices that we, the living, are now enjoying the blessings of liberty. Let their heroism be the torch that lights our way. Let theirs be the example that guides us successfully on our path.

Adams, O'Hara, Schmidt, Goldstein, Konikowski, Fanelli, Saguru. From all over the world the lovers of liberty have come to America to live in freedom. To live in freedom, to fight for freedom, to die for freedom. It is only right therefore, that the symbol of Memorial Day be a man whose heritage no one knows, a man known only to God:

THE UNKNOWN SOLDIER

Hilltop Veteran Groups Plan Memorial Day Rites

Beginning Wednesday of this week and continuing thru until Friday evening the Hilltop veteran organizations will be found at the local cemeteries placing small American Flags and the traditional Poppy on the graves of the soldier dead from this community, in preparation for the annual Memorial Day services by each of the organizations.

Earliest event scheduled for Memorial Day will be a flag raising ceremony at West Gate Masonic Lodge by the Smith-Barratt American Legion Drum Corps. The Smith-Barratt Post and its auxiliary helped in the decoration of graves Wednesday at Greenlawn Cemetery.

Next on the agenda for the day will be the traditional Memorial Day parade in downtown Columbus in which the three local veterans' organizations, Camp Chase Post 98, American Legion, Hilliards Memorial Post, Veterans of Foreign Wars, Westway Post and the Smith-Barratt Post of the Legion will all participate.

The huge parade will form near Memorial Hall at 9 a. m. and move west on Broad-st to the W. Broad-st bridge where the Navy-Marine Post will hold its ceremonies of casting a wreath upon the waters of the Scioto River in memory of the sailor dead of this country. Immediately following the ceremony the various veteran organizations will proceed to various cemeteries for the individual post ceremonies.

Ceremonies conducted by Camp Chase Post 98 of the American Legion will again be held at Sunset and Alton cemeteries. The services at Sunset Cemetery are scheduled to be held at 1:30 p. m. with Rev. A. J. Wold of Hoge Memorial Church as the principal speaker of the day. Supt. Coulthard of Sunset Cemetery in addition to the officers of Camp Chase Post urges that the public attend these services which will honor the war dead.

Immediately following the services at Sunset Cemetery, Camp Chase Post will also conduct memorial services at the Alton Cemetery. At these rites Rev. Carl Smith of Hilltop Church of Christ will be the principal speaker. It was pointed out that these services too, are open to the entire public and are not closed affairs for the veteran organizations.

Veterans of Foreign Wars, Westway Post, according to Commander George Bradley, will hold open house at the Post Home, 2393½ W. Broad-st, following the downtown parade, and prior to services which will be held at Georgesville Cemetery at 2 p. m. with a speaker of the day to be from a local church. Open House at the club rooms will also be held the evening of Memorial Day. Decoration of graves by the post will be made at Georgesville Cemetery Thursday evening, May 28.

Hilliards Memorial Post of the American Legion will hold its services following the downtown parade and signal the opening event in the observance of the Hilliards Centennial.

Kiwanis Will Hear Legion Service Head

Robert H. Smith

As department service director, Smith is chief of a staff of about 15 paid Legion workers in Columbus, Cleveland Crile Hospital, Cincinnati and the Dayton Hospital, and hosts scores of county and post Legion service officers informed concerning the rules and regulations affecting veterans' rights. His office is in state headquarters, Columbus.

Police Probe Arson Attempt On Hilltop

Police and fire prevention officers this week were investigating an arson case after a 66-year-old Nashoba-av man reported someone tried to burn down his house.

Carl Mertins, 66, 325 Nashoba-av, reported he found a lighted fuse under the front doorsill at his home shortly before midnight last Wednesday. He extinguished the fire before it caused more than minor damage.

Fire officials said the manner in which the fire was started was very similar to the method in which flares were recently lighted and placed in two East Side rooming houses. They are still investigating these two fires.

Organized Study Is Launched On Youth Problem

Seven Hilltop service organizations were represented at a meeting held last week for the purpose of beginning study of the juvenile problems on the Hilltop, and to find ways and means of broadening the scope of child welfare programs currently handled by the various organizations.

Principal order of business for the committee last week was that of organization and the election of a permanent chairman and permanent secretary. Elected to head the 14-man group was Reynold E. Greene, representing Camp Chase Post 98 of The American Legion while Dick Wilson, representative of The Hilltop Lions' Club was named as the permanent secretary of the group.

Representatives to the committee from the various organizations are: Camp Chase Post 98, R. E. Greene, Clarks Finneran; Hilltop Kiwanis, Art Walker, Marden Long; Hilltop Lions, Robert Edgar, Dick Wilson; 13 Club, Lee Weigand, Jack Shank; Hilltop Business Association, J. Curtis Allen, Paul Nippert; Hilltop YMCA, Robert Schmidt, C. C. Hartley and Westway Post, Veterans of Foreign Wars, George Bradley, Daniel Russell.

It was pointed out during the meeting that one of the possible causes of the juvenile problems on the Hilltop today was the fact that present youth programs of the varied organizations covered only certain age groups and that many of the same youngsters engaged in several overlapping programs. Study will be made of the programs to seek means of enlarging them to cover that group between 14 and 18 years of age which is regarded as the bracket wherein the programs now are least effective.

Next meeting of the Youth Program Committee which was initiated by Camp Chase Post of The American Legion will be on June 10 at 8 p. m. in Camp Chase Post Home, 3211 W. Broad-st. At this meeting the committee will hear reports from several other agencies engaged in study of the juvenile problem.

Police Probing Glass Smashing Of Hilltop Store

Hilltop Jewelers, 2431 W. Broad-st, this week was the victim of smash-and-grab thieves when the front window of the store was smashed and five watches, three Ronson Lighters and a pen and pencil set stolen.

Lou Klass, owner of the establishment this week expressed indignation over the manner in which thieves got merchandise from his store. He said it would be easier for them and less costly to him if they had entered the store and asked for credit.

The window smashing was the second to occur on the Hilltop in a weeks time. Last week the front window of Sensenbrenner's Office Supply at 3487 W. Broad-st was also smashed by vandals. The belief was expressed that the window smashing in both instances was the work of a teen-age gang which has been making a nuisance of itself in the area.

Westgate Residents Object To Sidewalk Installations

Property owners and tenants in the Westgate area last Thursday night turned out en masse to voice their objections against installation of sidewalks throughout the Westgate area. Their action was followed by a letter this week directed to the Mayor of Columbus and Columbus Council voicing disapproval of sidewalks with exception of the fact that they advocated sidewalks around Westgate Park and Westgate School.

Pictured above in a portion of the overflow crowd which jammed the new shelterhouse to hear arguments both pro and con on the subject. The two-and-one-half long hour meeting caused the chairman of the meeting to lose his voice trying to control the heated debates which ensued.

Westinghouse Plant Size Proves Amazing

Some idea of the vastness of the new Westinghouse plant on W. Broad-st can be gained by this interior view of the huge installation taken during this past week. Note the hundreds of crates of machinery scattered throughout the area.

The steel frame work seen in the foreground of this photograph will house the administration offices of the new Westinghouse plant when it is expected to become operative this October. This view was taken from Phillipi-rd eastward.

This view of the new Westinghouse plant shows another idea of the size of the sprawling structure. Note how the railroad tracks running the length of the building seem to fade into infinity.

Cowboys Win Shutting Out Aquinas 2-0

West High School's baseball squad closed its 1953 home season Tuesday afternoon by taking a 2-0 verdict over Aquinas thus pushing the Terriers deeper into the city league basement.

Roger Hamrick, cow poke twirler, tossed a brilliant two-hitter and backed by the terrific hitting of Jim Vincent had things all his own way until the final inning when two miscues and a stolen base put Irish runners on second and third with none out. He then proceeded to strike out the next two batsmen and getting the final out himself on a bouncer to the mound, for a great bit of clutch pitching.

The only scoring of the game took place in the home half of the initial frame when Brown and Zavatsky singled, Hughes then sacrificed them to second and third from where they both scored on Vincent's double to center field.

The features of the contest along with Hamrick's fine pitching was the defensive play of Hub Brown and Jim Vincent's three for three boosting his city league batting average to a terrific .424 and making the 10th consecutive city league contest in which he has hit safely since going hitless against East in the season's opener.

Hilliards Wins Opener

By Ron Patterson

Hilliards baseball squad looked very impressive in its opening game against the Grove City Greyhounds on the home field last Thursday.

The starting pitcher for Hilliards was Ervin and for Grove City was Trigg. Hilliards jumped off to a one-run lead in the first and never relinquished it. After that the Wildcats crossed the plate eight more times, while the Greyhounds chalked up only five runs.

The Greyhounds had won two previous games. This indicates that the Wildcats squad should do well in the league. The batteries for Hilliards were: Erwin, Emrich, Fenton, Walker and Dougherty.

Rita White sang "The Lord's Prayer," accompanied by Joan Woodin.

The service was closed by the benediction by Rev. Pinnell and the recessional, played by Joan Woodin.

BREAK GLASS TO ROB KLASS

Discriminating thieves smashed a hole thru the plate glass window of the HILLTOP JEWELERS, early Monday morning and made off with five GRUEN WATCHES. In this respect they at least showed good taste in their selection of GRUEN WATCHES. The better way would have been to come in during store hours, and talk to Lou Klass, owner of the HILLTOP JEWELERS about opening up a charge account with a small down payment, and no carrying charges. Mr. Klass will also meet with any customer at any time by appointment (which is much more desirable than being awakened at three in the morning by Corbin Miller, Police Radio Patrolman, and a Hilltopper at that!) —ADV.

Harry Graham
Your Shoetrician in SEILLER'S
Says:
WEAK ANKLES
Saturday morning, there was an elderly woman in the store with her 11-year-old granddaughter The youngster apparently had been weeping, and I found out why when the grandmother asked to see a pair of high shoes for the girl. According to her ideas, the youngsters had very weak ankles, ran all of her shoes over terribly, and so, should wear high shoes.
I don't blame the girl for crying. Youngsters past school age seldom wear high shoes now. We showed grandmother, by means of our foot skeleton, that weak ankles are usually due to the heelbone tipping. This permits the ankle to roll in and down. Binding the ankle itself, doesn't help. In fact binding the ankle as you would do in high shoes, makes it weaker.
We showed grandmother how a low shoe, wedged an eighth of an inch on the inner edge of the heel held the ankle perfectly straight and still gave nature a chance to use and strengthen the muscles. We recommend high shoes only for babies until they can walk well, for elderly people who have been wearing them for sometime and for special cases where they are prescribed by the doctor.

MEMORIAL DAY

. . . The day we pause in silent meditation . . . as cannon and rifles issue their sharp, penetrating salute . . . and sombre, bugled hymns to fallen heroes drift across the nation. A time to remember - - and to resolve for the future.

Joe Smith and Fred Jones died taking Hill 73 . . . somewhere in Korea . . . sometime last year. It was their Big Job in defending Freedom for their families and their nation. But Hill 73 is NOTHING - - unless we, who are left behind, give purpose to their deed. Let us resolve now, to take greater interest in the business of BEING AMERICANS . . . in the future of our government . . . to vote (and THINK before we vote) at every election to make America stronger, free-er, greater! This is the salute that all the Joes and Freds would prefer us to give them, on this Memorial Day.

John Burroughs Wins Hilltop Gra-Y Softball Tournament

By Dick Wilson

Last Saturday morning at Westgate Park, John Burroughs Gra-Y Club cinched the Hilltop YMCA double elimination softball tournament by downing a scrappy Westgate team to the tune of 5 to 2.

The Westgate nine jumped into an early lead as they got together three hits, a walk and an error to score two runs. John Burroughs scored one run on one hit, a walk and two errors. The boys from Burroughs, after a shaky first inning, showed true championship form as they came back to score in each of the remaining four innings. The Westgate nine was held to no runs and only two hits in their remaining times at bat in the game.

The "big gun" for the boys from Sullivant-av. was Mousey Barnes, as he smashed out two singles in three times at bat. David Mack, of the losers, was the only consistent hitter on the Westgate nine, as he collected two singles in three times at bat. The losers were limited to a total of five hits for the entire game.

Battery duties for the victors were capably handled by Bill Ingle and Jack Sims. The victory gave Ingle win No. 4 against no defeats for the season. Eddie Schmitt and Joe Dietrick handled the pitching-catching chores for the losers.

"Little Mack" McLaughlin of the losers and Roger Bruns of the victors looked exceptionally sharp in the field as they handled several difficult plays and played heads-up ball.

THIRTY FOOT FALL FATAL

Rock Survey Proves Disastrous

While studying fissures in the rocks along a rugged coastline, a well-known geologist met swift and unexpected death. He was standing on the cliff top making his investigations when his weight loosened the ground near the edge, causing him to lose balance and crash down to the jagged rocks below. His injuries were so severe that he died a short time after his admission to hospital.

WIFE'S INCOME ENDURED

A brief four months before this tragedy occurred, the geologist had encountered his friend, a local Sun Life agent, who had persuaded him to take out an inexpensive Sun Life Ordinary Life Policy for $10,000. The result of this chance meeting was a lifetime income for his widow which is now being paid to her each month by the Sun Life Assurance Company of Canada.

Bengals Whip Cowboy Nine By 4-1 Score

By Woody Owens

East High School's Tigers, behind the fine three-hit pitching of Bob Salmans, continued on their merry way toward the 1953 City League baseball title Monday afternoon at Magley field as they downed the West High Cowboys by a score of 4 to 1.

The Cowboys took a short lived 1-0 lead in the bottom of the third as Hughes walked and Jim Vincent hit safely in his ninth consecutive contest by blasting a long triple to right field, scoring Hughes.

The Tigers retaliated with two markers in the fourth as Karnes singled to short, was advanced to second on Salmans' sacrifice, Barnett then bunted safely down the third base line, advancing Karnes to third.

Barnett and Karnes then worked a double steal with the latter scoring. Barnett then took third on a wild pitch and scored on Johnson's fine squeeze bunt.

The league leaders iced the contest in the fifth by counting twice more. Jordon doubled to left center and after the next two batters had been retired Karnes singled over second, scoring Jordon, and took second on an error. Salmans then singled to left scoring Karnes.

Camp Chase-Beasley Grove Little League Opens June 3

The Little Bigger League team of Camp Chase Post No. 98 and the Beasley-Grove Ford Co. opens its season next Wednesday. Game time has been set at 5:45, with final drawings as to where the game will be played and against what team still to be made. All home games will be played at West High School.

This is the first year Camp Chase-Beasley Grove has entered a team in Little Bigger competition. It is set up on a national scale for five boys 13, five boys 14, and five boys 15 years of age. League winners go into a series of playoffs of State, Regional and finally the National playoffs at Trenton, N.J.

Camp Chase's interest locally is twofold. Having more boys playing baseball and developing a strong farm system for the Camp Chase-Beasley Grove Legion Junior baseball team, a team they have sponsored for years. Camp Chase also has four other teams in Columbus Knothole competition.

The boys selected for the Little Bigger team are mostly graduates from the Camp Chase-Beasley-Grove Indians, who won the City Championship in Junior Knothole last year.

Players who have been selected and who will be issued uniforms in a pep meeting at the Camp Chase Post Home tonight are: 13-year-olds, Kenny Ciapsaddle, 2B; Mike McDonald, SS; Stan Huff, C; Paul Pennell, P-OF, and Lary Price, 1B.

14-year-olds: Chuck Coe, SS; Larry Dinsch, 2B; Jim Mentel, P; Ronnie Nehinger, OF, and Mike Posey, 2B.

15-year olds: John Edwards, C; Jim Wilson, C; Bill Spratley, OF-P; George Watkins, OF, and Dave Randall, 1B.

The Hilltop Record will carry complete information about this team throughout the summer months.

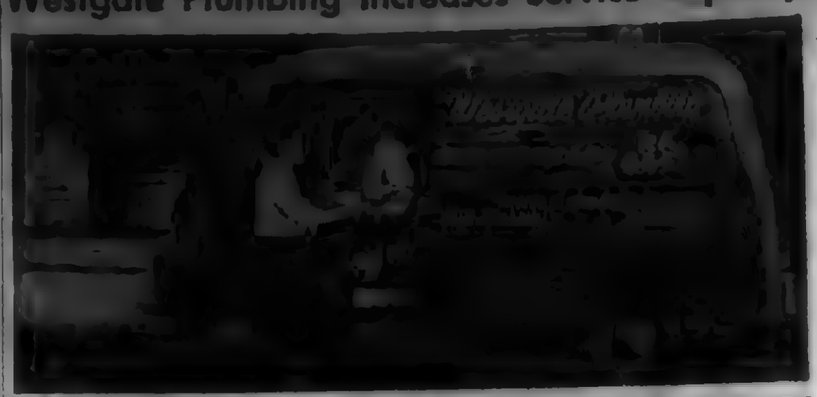
ert Phillips as directors for a two-year term each.

It was announced during the evening following election of officers that the recent newspaper sale of the Hilltop Lions Club with their Sight-Saving and Community Improvement edition of The Hilltop Record that the results thus far tabulated had exceeded all previous years.



President-elect Dailey said this week, "We of the Hilltop Lions Club are especially grateful to the people of the Hilltop in giving to us their whole hearted support and cooperation in our newspaper project. To all who aided and to all who donated to this worthy cause the Hilltop Lions Club offers sincere thanks."

Next project on the Lions Club agenda is the sponsorship of Roger Bros. Circus on Saturday, June 20, at the W. Mound-st circus lot. Every member of the Lions Club now has tickets available at 65 cents each for children and $1.25 for adults.

ARTHRITIS?
I have been wonderfully blessed in being restored to active life after being crippled in nearly every joint in my body and with muscular soreness from head to foot. I had Rheumatoid Arthritis and other forms of Rheumatism, hands deformed and my ankles were set.
Limited space prohibits telling you more here but if you will write me I will reply at once and tell you how I received this wonderful relief.

Westgate Plumbing Increases Service Capacity

Pictured above is the new service truck recently added to the equipment of Westgate Plumbing at 2490 W. Broad-st. Owner, Bob Edgar this week pointed out that the new truck is fully equipped with thousands of parts to handle any type job quickly, at low cost. George Young (at left), Sullivant-av, service manager for Westgate Plumbing also points out that the firm is now equipped to handle all sewer cleaning from sink to main line sewers with no excavation necessary by use of a new electric cutting machine that cuts out roots and other obstructions.

Tinker Leach, formerly of the Hilltop, and now of St. Petersburg, Fla., is back in town again visiting with his father-in-law, Carl Schumann, 28 S. Ogden-av. Tinker's wife, Armida, will join him about the middle of June, after vacationing on the Gulf beaches. They will remain in Columbus until after Labor Day, when they will return to St. Petersburg to reopen their restaurant business in downtown St. Petersburg.

MEMORIAL Day
As taps is sounded in reverent tribute to our departed heroes, may it echo in our hearts as reveille, re-awakening us to our grave responsibilities as their fellow-Americans. Let us strive ever to make their supreme sacrifice meaningful. Let us firmly resolve that the freedom so dearly purchased shall never be allowed to wither by neglect or perish by default. Let us ever be alert to guard and cherish our priceless heritage and pass it on to our children, unweakened and untarnished . . . in all its shining glory.

Your Youth

By Bob Schmidt - Dusk Wilson

Hail the Champs—John Burroughs defeated Westgate School to become the Gra-Y Softball Champions.

It was a close game but Capt. Bill Ingle and his team from John Burroughs came through with additional hitting strength to win 5 to 2.

Now that softball is completed the "Y" boy members are now turning their thoughts to baseball. Again this year your Hilltop "Y" is sponsoring the Little "Y" baseball league. Application blanks have been distributed throughout all grade schools on the Hilltop. If you fellows haven't received your application ask your principal to drop by the Hilltop "Y" office. The Hilltop Lions and Kiwanis Clubs have contributed the tee-shirts for all players in the Little "Y" Baseball Leagues this year.

The Hilltop "Y" will again conduct a Summer Fun Club. All boys and girls on the Hilltop are eligible for this club. Throughout the summer the Hilltop "Y" Summer Fun Club will schedule all-day hikes, over-night camp-outs, swims, rubberneck tours, athletic events, treasure and scavenger hunts, Red Bird baseball games and many other special events. Watch for the special Summer Fun Club schedule for June.

Most "Y" Clubs are completing their fall and winter programs. The Gra-Y clubs are completing their fall and winter programs and are planning picnics for their last meeting. The West Senior Hi-Y Club will have a Dad's Night, Monday, which will include a picnic supper at Westgate Park and enjoying watching a Red Bird ball game.

As we close the column for this week we would like to congratulate the Hilltop "Y" Mothers Council on a very successful season. On June 4 they will have a family picnic at which time the new officers will be installed. Mrs. Fred Dinish, president; Mrs. Virgil Furry, vice-president; Mrs. T. Lynch treasurer; Mrs. Robert Schmidt, secretary, and Mrs. Robert Edgar, chaplain, will be the new officers for 1963 and 1964.

Tell you more about the picnic next week.

Hilltop Man Delivers Film Of Coronation

A Hilltop man was busy Tuesday on one of the most important delivery errands of his life.

Standley Reaver, 48, one of five flying brothers, flew coronation films from Goose Bay, Labrador, to Boston, where the films were shown over National Broadcasting Co. television directly from the Logan International Airport.

Reaver's souped-up, clipped wing P-51 covered the 950-mile Goose Bay-to-Boston flight in two hours, 15 minutes. He flies for the Paul Mantz Air Service, Los Angeles. The films were flown to Labrador by British planes.

The local pilot was in Columbus Friday when fouled spark plugs forced his plane to land here en route to his Labrador assignment.

He is the son of Mrs. Rose Reaver, 1596 Reaver-ln, and a graduate of West High School. His four flying brothers are Charles, 1604 Reaver-ln, operator of the Reaver Flying Service, Grove City; John, who operates an airport at Panama City, Fla., and Lt. Col. Adam Reaver and Capt William Reaver with the Air Force in Germany.

Local Church Will Celebrate Anniversary

Community Christian Church will celebrate its fifth anniversary on Sunday, June 7.

The Community Christian Church started in West High School on June 6, 1948. The congregation moved into the foundation of the new church on Christmas Sunday, 1948. In 1952 the entire unit was built, and the congregation moved into the sanctuary on Christmas Sunday. The stone work on this unit is almost completed for the Anniversary Sunday.

The next unit on Olive-st will finish the sanctuary, and in this unit will be the main entrance to the church.

The Anniversary Worship Service will be at 10:30 a.m. Rev. Haldy will assist the pastor, Rev. James F. Lorenz, in this service. The community is invited to the Anniversary Service. Special music by the youth choir and Ruth Esther Lorenz.

Two Coal Firms Form Merger

Announcement was made this week of the consolidation of two west side coal firms, and their location on the Hilltop. Ray McVay, Jr, announced this week that as of June 1, the Bauch Coal Co., of 217 W. Main-st and the Ray McVay Coal Co., 76 N. Sylvan-av, would both operate from the latter address.

McVay said that the move of the Bauch firm to the Hilltop location was made necessary due to the rapid expansion of Columbus City Center, which will eventually engulf the former W. Main-st location.

Jack Wolfe and Fred Leuppe will be office managers of the N. Sylvan-av firm, which will now be known as the McVay Coal Co., specializing in coal and concrete construction.

Valued Keepsakes Lost In Moving

Last Thursday Clara Robey moved from her Hilltop home at 2422½ W. Broad-st over Fox Food Market to a new home at Waverly near the new Atomic Plant site. But in the process of moving a box containing a new iron, a shaving kit, an electric razor, lunch bucket and other items were left on the back stairs.

The missing box and its contents were not missed until Thursday of last week, but a return trip to Columbus and the Hilltop failed to find them.

The young couple highly value the contents of the box and ask its return, feeling that someone had inadvertently picked it up, believing that it had been set on the back steps as discarded items. A phone call to Harold Fox at Hilltop Westgate Realty will restore the lost items.

Bruckelmeyer to Harrisons

Lester Bruckelmeyer, for 23 years associated with A & P stores, the past 14 years on the Hilltop, has been named manager of the grocery department of Harrison's U.S Super Market, W Broad and Rome-Hilliards-rd. The announcement was made this week by Russell Harrison, owner of the firm.

Several Changes Sought By Citizen Transit Group

Extensive changes were recommended Tuesday afternoon in the bus transit system of Columbus by the Citizens Transit Committee in a report covering city-wide recommendations to Mayor Robert T. Oestreicher. The report was submitted by Jack Alkire, Hilltop business man who headed the city-wide survey.

Locally the committee asked for these specific improvements in the bus service which consist of an extension of the W. Broad-st line under Public Utilities Commission authority from the city limits to New Rome, servicing the General Motors-Ternsted plant Westinghouse, Broadlawn, Garden Heights, Mix addition, Sever Acre Trailer Court, Lincoln Village and New Rome.

The report will be studied by transit experts who will evaluate and decide how much of the report is immediately feasible.

Specific proposals suggested by the committee cover almost every bus route in the city. They include the following local areas:

West Side: Loop on W. Broad-st line from Front-st north to Long-st, east to Third-st, south to Broad-st, then back west. Express bus service from west city limits to the east city limits 7 to 9 a. m. and 4 to 6 p. m.

Sullivant-av line extended to west city limits and including a downtown loop, Sullivant and Town to Fourth-st, north to Chestnut-st, west to Front-st and south to Town-st and th n west.

The group suggested repaving of Sullivant-av from Glenwood-av to Central-av.

Crosstown lines, it was suggested rerouting Hague-av lines as follows: From Hague-av north to Dibblee-av, east to Eldon-av, south to Valleyview-dr, west to Hague-av, south to Eakin-rd, west to Binns-blvd, north to Sullivant-av west to Huron-av, north to Wicklow-rd, west to Demorest, South to Sullivant-av, then east to Hague-av and then north.

Better scheduling was urged on the crosstown line for both weekday and Sundays.

Crosstown service on Central-av from McKinley-av south to Mound-st. Additional service on N. Hague-av bus line was suggested from city limits north to Trabue-rd to serve Skidmore School, the new municipal golf course at Wilson-rd and San Margherita. This would have to be covered by PUCO permit.

Among the long range recommendations made by the West Side Area Committee were extension of Sullivant-av line to Georegsville-rd and north to Ternstedt plant and return.

The committee also recommended some extension of streets such as Mound-st west to Demorest-rd, and cutting Sullivant-av across the Scioto River, joining Main-st bridge to eliminate present traffic congestion at Town and Sandusky-sts.

Williams Quits West High School Coaching Staff

Eugene H. Pierce

Fred Heischman

George Williams

Veteran West Cage Mentor Resigns Post

More changes in the athletic department of West High School were announced this week as George Williams, veteran coach with the athletic department since 1936, retired from the athletic scene and further participation in sports to take up a teaching schedule. Beginning next fall Williams will teach in social science and handle athletic tickets.

With Williams' retirement from West High athletics, Fred Heischman, assistant football and reserve basketball coach, was announced this week by Principal Irvin F. Young as the successor to Williams as varsity basketball coach. The post of varsity baseball coach given up by Williams' retirement will be filled by Eugene Pierce, who will; in addition, take over the duties as reserve basketball coach.

Principal Young in commenting on the situation said this week, "This change in the athletic department has been brought about by Coach Williams' own request that he be relieved of further duties in the field of athletics in order that he pursue a more full schedule of teaching."

Williams' home town is Athens, O., where he was a graduate of Athens High School. He later was graduated from Ohio University and then from Ohio State, where he received his M.A. degree.

Williams' record as a coach has been a long one, beginning in Jeffersonville, where he coached basketball and baseball in 1929-1930. From 1930 to 1934, he was assistant football and basketball coach at Marion. He came to West High in 1934 and served as reserve football, basketball and baseball coach at West Junior until 1938, when he took over the reins as head football coach of West Senior from 1938 until 1948.

While head football coach, Williams won 16, lost 28 and tied 3. In City League competition his teams finished in second place once; third, once; fifth, once, and sixth, twice. During this period he also coached varsity basketball and baseball and then was in the service from 1944 to 1946.

As basketball coach of West senior from 1938 until 1953, Williams' teams won 135, and lost 117. His teams in City League play garnered four second places; were third, twice; fourth, three times, and fifth, three times.

Baseball teams under Williams won 155 games and lost 65. In City League races they finished first, five times; second, three times; third, once, and fifth, three times.

Fred Heischman, the new varsity basketball coach of West High School, graduated from New Albany High School in 1931. He later attended Capital University, where he won letters in football, basketball, baseball and track. He was graduated from Capital in 1939 and then took up graduate work in physical education at Ohio State.

Heischman coached football, basketball and baseball at Utica, O., for three years. He then moved to Roosevelt Junior High School in 1941 and coached basketball, baseball, and taught physical education for three years. After two years in the Navy as an officer of the Armed Guard on merchant ships he came to West in 1946 as assistant football and reserve basketball coach, also as teacher of mathematics and physical education. Heischman is married and father of three children.

Eugene Pierce, a North High School product, participated in reserve basketball and varsity baseball at that school. He later attended Capital University and played varsity baseball there until graduated in 1940. Pierce then coached baseball, basketball and track at McCutchenville in 1940-41. From 1941 until 1942 he was a chemist in the employ of DuPont de Emours, leaving there to join the U.S. Navy for service in the Pacific Theater from 1942-1946.

After his term of service Pierce taught at Attica, O., from 1946-1948, where he also coached baseball, basketball and track. At Westerville from 1949 through 1951 he taught and coached basketball. Since 1951 he has been at West High School as a teacher of science and coach of the 1952 reserve football squad.

Pierce is married and father of one child.

Trabue-rd Widening Project Is Assured By Agreements

Guy Elbin, Franklin County Engineer, today announced completion of agreements for purchase of all right of way for the widening of Trabue-rd from McKinley-av to Rome-Hilliards-rd.

This sets up the project for fall contract letting and construction in 1954, Elbin said.

Plans for the project, which will cost $250,000 to $300,000 are more than 95 per cent complete.

Trabue-rd will be widened to 24 feet from Hague-av west to Rome-Hilliards-rd and to 40 feet from McKinley to Hague-av through San Margharita. The stretch of Trabue-rd through San Marghrita will have curbs and sidewalks.

Elbin said his staff bought 37 parcels of right of way property between McKinley and Hague. Right of way from Hague westward was acquired previously. Hearings on intention of widening and on compensation and damages still must be held, but the problems to be found in these hearings already have been solved by the agreement, Elbin said.

The project probably could get under way late this fall but it would have to be abandoned for cold weather, leaving Trabue torn up and unhandy, Elbin explained. Since it can be completed in one construction season, it will be better to begin construction early next spring.

The present road is 16 to 18 feet wide. The new route will be six to eight feet wider with an asphaltic concrete surface. The broader route is necessary to help accommodate the increased east-west traffic to the growing west-side, Elbin said.

Norwich Special School Switch To Be Reviewed

Further action in the dispute over the transfer of Norwich Special School District over to control of Norwich Local School District at Hilliards was delayed until June 15 at a meeting held Tuesday in the offices of County School Superintendent George C. Berry.

Decision to withhold any further action was made after it was charged that there were discrepancies in the signatures appended to a remonstrance to prevent the transfer. A recheck is planned to ascertain the validity of the signatures with both sides in the argument being represented at the check of poll books.

500 St. Aloysius Children Hold Traditional Processional

By Pat Martindale

As hymns from St. Aloysius carillon chimes rang out last Sunday afternoon approximately 500 school children held their annual procession which is a traditional May event of the St. Aloysius School and Church in honor of Mary the Mother of God.

This event of May dates back to the sixteenth century in the Roman Catholic Church when Saint Philip Neri had the children of Italy assemble around a picture or statue of the Mother of God and show their devotion to her by singing hymns in her honor. Then to beg her intercession and protection they would recite the rosary and other prayers.

In accordance with the Catholic faith, Mary's greatest and noblest title is that of Mother of God. It is the privilege which raises Mary above every creature. Mary is also the Mother of every Christian, and with a mother's solicitude she sees and provides for the needs of her children. Shrines have been erected in many places on the earth where Mary has in an extraordinary way shown love and protection of her children. Multitudes of her children visit these shrines and from the pilgrimages made to them, grow the devotion of processions in honor of "Our Lady."

During the month of May, Mary's children like to show their love by adorning her picture of statue with lights and flowers. Then to give public expression to their devotion they form in procession, young girls frequently dress in white with veils or wreaths of flowers on their heads, singing hymns and reciting prayers they march to her shrine where they crown her as queen.

In the May procession at St. Aloysius the children assembled in the school, then, preceeded by the crossbearer, marched down W. Broad-st to Midland-av and back to the back to the school grounds as the hymns were played. The children then gathered in the center of the school grounds where the statue of Mary had been arranged and banked with flowers. After consecrating themselves to their heavenly Mother, Jean Timmons placed the crown on her head and proclaimed her Queen of May and Queen of their hearts. Attendants to Jean Timmons were Nancy O'Brein and Roseann Latorre and the crown bearer was Nancy Spires.

Following the crowning the children sang hymns dedicated to Mary as they marched into the church where Novena Devotions were held and closing the ceremony the procession left the church as they sang "Ave Maria! O Maiden, O Mother."

SECURITY NEWS

YOUNG MOTHER'S LAST SWIM

Fatal Cramp Seizure

Racing to a diving raft some 200 yards from the lake shore, a 26-year-old wife and mother was seised with cramp and cried for help. Her husband rushed to her aid but the swift current impeded his progress and before he could reach her, she sank out of sight. He managed to bring her back to the shore, but although artificial respiration was tried for several hours, she did not revive.

PROVISION MADE FOR CHILDREN

Some eleven months before this sad event, the young mother had made plans to have her two little girls and baby boy taken care of in their own home in the event of her untimely death. She had taken out a Sun Life policy for $4,000 and, by pre-arrangement with the Sun Life of Canada, this amount was paid to her husband in annual instalments for ten during the years when her children were in greatest need of attention and care.

A SUN LIFE POLICY FOR YOU

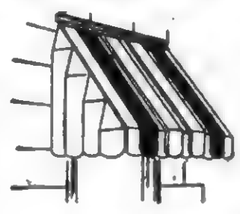
Sun Life policy plans are carefully designed to provide maximum protection and security. Most contracts contain generous cash and loan privileges and offer a wide range of settlement options when the sum assured becomes payable.

ORDINARY LIFE: Permanent protection for dependents at lowest cost. Makes available immediate cash at death for payment of debts, outstanding mortgages, succession duties, or provides a lifetime income to the beneficiary.

LIMITED PAYMENT LIFE: Protection throughout life but with premiums limited to the higher earning period.

ENDOWMENT: Protection for dependents for a predetermined number of years. Ensures future cash for buying a home, children's education, travel, etc., or a lifetime income for retirement.

SALARY SAVINGS: Convenient payment of premiums by monthly deduction from salary or wages under arrangement with employers.



GROUP ASSURANCE AND ANNUITIES: Life assurances and retirement plans for employees at low group rates.

OTHER SUN LIFE PLANS: Family Income; Retirement Pension; Mortgage Protection; Salary Continuance; Children's Special Assurance; Educational Policies; etc.

Let your friendly and experienced Sun Life Representative advise you on the choice of a policy most fitted to your needs.

Local Legion Junior Baseball Nine Opens Season Sunday

Camp Chase Post 98 (Beasley-Grove Forda) Legion Junior Baseball team opens its season with three games this week-end. Saturday sees them in a double header at White Field in Newark, Ohio, a non-league affair.

Sunday will be the first league game for the local nine as they open their Legion League season against Malcolm Jeffrey Post at West High School. Game time for all Sunday Legion games is 2:30 p. m. This will be Malcolm Jeffrey Post's home game, however, as they do not have a home field. Players from this team are drawn mostly from Aquinas High School.

This is the third year Camp Chase has been afforded the use of the West High School diamond. This has been made possible through the co-operation of West High Principal Young and Coaches Williams and Lehman. The Camp Chase Legion team will play all its home games at West High on Sundays and Thursdays. The Thursday games will start at 5:45 p. m.

In addition, the Camp Chase (Beasley-Grove) Little Bigger team will use the West High diamond as its home field with all games being played on Wednesdays and Fridays. Game time for these games is also 5:45 p. m. On Saturdays, either the Legion or Little Bigger League team will meet an "out of town team" at West or will be traveling themselves.

This year's Camp Chase Legion team sees only catcher Jim Hughes, outfielder Jim Cobb, pitcher-outfielder Bill Spratley and catcher-first basemen Dick Converse back as veterans of Camp Chase junior baseball. The rookies who have moved up from the five Knothole teams of last year are Ronnie Forrer ss, Jim Pruden 3b, Dave Randall 1b, Mike Posey 2b, Dick Shultz, p-ss, Gary Nebinger of, Karl Davis of, Jim Mentel p, Jack Howell p, and Bob Courtney p.

Reports indicate that the Camp Chase team will have a strong outfield and strong catching with pitching classed as good. The big question lays with the inexperienced infield. With five or six infielders strictly rookies to the fast Legion play, the sixth one being Dick Converse who is taking his first stab at playing first base, a lot depends upon the development of the infield. Past Camp Chase teams have been high in spirit, however, which shadows inexperience on any type team.

The Hilltop Record will follow the Camp Chase-Beasley Grove team throughout the summer months.

East Rules Record All-City Baseball Selections

East High School, 1953 City League Baseball Champions are honored with five positions on the second annual Hilltop Record All-City league squad as released today.

South captured three positions, Central 2, Linden 2, Aquinas, West and North 1 each.

By Woody Owen

The following players were selected not only on their hitting and fielding abilities but also on their value to their respective teams.

Catcher—Joe Morlan, Central, league-leading home run clouter (3), second in runs batted in with 10, also best defensive back stopper in league.

Catcher—George Mackey, East, only catcher to bat in lead-off position. Led league in stolen bases with eight, consistent hitter and a fine defensive performer.

First baseman—Pat Moreland, Linden, one of league leading hitters. Best in a group of only fair first sackers.

Second baseman—John Frank, South, one of the standouts on any all-star selection. Batted in lead-off position, yet led league in runs batted in with 12; also in runs scored (13). Hit above the .300 mark all season. Committed but two miscues all season in league play.

Shortstop—Jerry Martin, Central—probably most consistent fielder in league at this position. One of key men in Pirates fast round drive. Hit at a .333 clip.

Shortstop—Jim Vincent, West. Fielding not too consistent. The league's second best hitter, .416. Led league with most safeties (15). Established what is believed to be a new City League record by hitting safely in his last 11 consecutive contests.

Third baseman—Larry Karnes, East, most underrated player in Tiger's line-up. League's leading hitter (.419). Key player in several of his team's wins. His double batted in only one run to defeat second place South (1-0). His double batted in only two runs in 2-1 win over Aquinas. Singled to start rally in last inning of final game of season against North in which his team scored three runs to come from behind to win 4-3, and clinch the title.

Outfielder—Ray Adams, South; Don Wright, East; Larry Evans, South; Dale Hampshire, North; Jim Young, Aquinas. All are good consistent hitters, with plenty of speed both in the outfield and on the bases. Excellent defensively.

The three moundsmen selected were head and shoulders above anything else in the league. Chuck Kessler, Linden, won 6 lost 4, for one of the weakest hitting teams in the league; also led circuit in strikeouts (75) in the same number of innings.

Bob Salmans, East, won 5, lost 1 for best average in league, allowing but five runs and 12 hits in 42 innings.

Magnus Lewis, East, won 4, lost 2, allowing 14 runs and 23 hits in 42 innings; second in strikeouts (53).

Honorable mentions—C. Hughes, West; George, Linden; Burton, South; P. Hamrick, West; Hinkle, North, and Edington, Central.

Infield—Howard, South; Zavatsky and Bowman, West; Garey, Linden; Snyder, North.

Outfield—Brown, West; Brooks, Central.

Golfing Slants

Wind Ball

To hit a low, or wind ball it is necessary to deviate from what you have learned to date in this series.

In a normal stroke it has been stated the ball's position is somewhere left of center.

The wind ball is positioned right of center, preferably near the right foot. Hands are well ahead of the ball. A straight line is formed by the left arm and club shaft, from the shoulder to the ball.

Be careful to keep the club face at right angles to the intended flight line. It is a common failure to hit this shot with an open club face.

I prefer an open stance for this shot.

The player's weight distribution is more on the left foot than the right at the address and remains so throughout the stroke, thus contributing to a decidedly upright backswing.

Since the stance is open, the weight is left, and the left hand arm and side are extra firm, the backswing is automatically a little shorter than in a normal shot.

To initiate the downswing, the weight is moved well ahead of the ball, thus creating a heavy pull in the left side, arm, and hand. This pulling action is permitted to develop until the hands have arrived at the bottom of the hand arc, at which time the right hand and the centrifugal force of the club head will assert themselves.

This late hand and club-head action permit striking the ball a descending blow, and the effect is to pinch the ball between the club face and turf, causing the ball to stay close to the ground throughout its flight.

Immediately after impact and on the follow through, keep the club head low to the ground as long as possible for this also aids in keeping the ball down out of the wind.

The tendency is to push this shot. It is difficult to play effectively and should be indulged sparingly until you have captured the fundamentals of the regular stroke.

I'm cognizant of the fact that every golfer has his personal problems concerning his game.

I extend an invitation to all to send your problem to me, care of this paper, and I will give it full treatment at a later date.

LETTERS TO THE EDITOR

The Hilltop Record:

Yes, by all means, a light should be erected at Valley View and Eureka-av and, while on the subject, why not have some protection on Hague-av from Broad to Valley View-dr?

School will soon be out and the pool is opening up and many little tots will be going. I have lived on the Hilltop over 20 years and will say it is not pleasant to sit out on your front porch and witness some speed maniac hurrying to get wherever he's going.

I would like to see a law passed to prohibit parking on both sides of the street, as children on bicycles haven't a chance. This street sure needs to be patrolled and I, for one, would love to see this carried out.

I have no small ones now, but did raise mine here on Hague-av. Nevertheless, I am a grandmother and love all children.

So why not get down to brass tacks and start and do something.

MAY MOVIES
By Larry Little

Starling English classes enjoyed four very good and entertaining movies during May. "Social Courtesy" "Glacier National Park," "Freedom's Proving Ground" and "Magazine Magic" were viewed by most classes in English.

"Social Courtesy" taught girls and boys how to act and behave in public at parties and social gatherings.

"Glacier National Park," in color, was about beautiful vacation spots in Montana and Canada. Beautiful Lake Louise and the Bow River were pictured.

"Freedom's Proving Ground," in celebration of the Ohio Sesquicentennial, showed the development of Ohio's agricultural, industrial and artistic growth.

"Magazine Magic" pictured the publicatin of the modern magazine. The different processes of applying color to magazine illustrations was most interesting and educational.

Harry Graham
Your Shoetrician in SEILLER'S Says:

SHOES ARE IMPORTANT

It is told about Gatling, the inventor of the gun bearing that name, that he once tried to fish a compliment from the German General Bismarck. He asked the old general, "What, in your opinion, is the most important equipment a soldier can have?" Instead of replying, "The Gatling gun," as the inventor expected, Bismarck merely said, "A good pair of shoes."

Not satisfied by this reply and still hoping for praise, Gatling said, "That is undoubtedly true, but what is the next most important bit of equipment?" To this Bismarck replied, "Another good pair of shoes." Shoes and good feet are important to soldiers of today, just as they were in Bismarck's day. Our army officials are aware of this and the boys who are taking their military training now are carefully fitted in good shoes.

Take a tip from the military and see to it that your personal equipment contains a good pair of work or duty shoes. Better still, take the old General's advice, have two pairs of good shoes. Changing shoes rests your feet and prolongs the life of the shoes.

Seen at Seiller's

We always thought, along with a million other women, that a white shirt was a white shirt. But we've discovered there's a GREAT DEAL of difference in white shirts. If you'll stop in at the "Dr. Arrow White Shirt Clinic" at Seiller's you'll see what we mean.

Men do a lot of joking about women pulling and tugging at their girdles, how about the men that tug and pull at their collars. There's no need for discomfort if he will stop at Seiller's and have an Arrow shirt prescribed especially for him. Men don't seem to even try to improve their looks, they think that as long as they are clean and have a fresh shave and haircut, that's all they can do, well "It Tisn't". It's high time they learn a few tricks women have practiced for years, such as the exact shape or style shirt collar that flatters the shape of their faces. For instance, a short stocky man with a full face naturally needs a different style collar than the man with a slim long face.

Seiller's have nine Arrow shirt styles, in white, pastels, long or short sleeves, a style for every type, sure to please the most discerning in taste. Arrow shirts are tailored for PERFECT fit, sanforized for PERMANENT fit plus anchored buttons that stay put. Tissue thin, cool, fabrics for lightweight living.

See and compare! You'll like Arrows! Adv.

Sunset Cemetery and Crematory Is Giving Columbus a Place of Beauty As Well As Utility

For the convenience of our patrons we have remodeled the Administration Building, added a reception room, new rest room facilities and two private offices for use while completing the last items of funeral arrangements or pre-need cemetery or cremation service.
Sunset Cemetery and Crematory offers the most complete service of any cemetery in central Ohio in that we furnish interment (ground burial), urns and inurnment (placing of cremated remains in niches or ground burial), entombment and cremation. Lots, crypts, niches, urns and cremation certificates may be purchased on a dignified prepayment plan.
The Trust Department of the City National Bank and Trust Co. is one of the trustees of our perpetual care fund. We invite you to compare our services, prices, rules and regulations with any cemetery and if you investigate you will be convinced that "you get the best for less" at Sunset Cemetery and Crematory.

Adventists Youth Camp Opens June 4

Eighteen children and youth from this community will be among the approximately 300 Seventh-day Adventist young people from all parts of Ohio who plan to attend the Junior and Teen-Age camps which will be held June 4 to 24 at Tar Hollow State Forest near Chillicothe under the direction of Harold L. Gray, pastor of the Worthington Seventh-day Adventist Church.

Those from this area who plan to attend these camps are: Bruce Ashton, Kathlena Bandy, Frank Bean, Jerry Case, Jimmy Cox, Kathlene Cox, Jason Druit, Billy Gray, Barbara Hagle, Rita Knecht, Christina Krueger, Peter Krueger, Donny Minesinger, Richard Minesinger, Marilyn Neal, Mildred Schilt, Shirley Vitale, Tom Whieldon. Wilton Ashton, Mrs. Margaret Cox, Mrs. Josephine Minesinger, and Grace Nicola will be counselors and instructors at the camp. Mrs. Ruby Bandy will help prepare the food in the kitchen.

The Junior camp for children 10, 11, 12 will be held from June 4-14. The Teen-Age camp for children 13, 14, 15 will convene June 14-24. This is the 27th year that Seventh-day Adventists have had Christian fellowship and recreational camping for their children and youth.

Vermont was the first state to be admitted to the Union after the original 13.

Bible Comment:

Even Paul Sought Training for His Life in the Church

PAUL was not long in finding Christian friends although at first the disciples feared him because of the recent zeal he had shown in persecuting them.

But Ananias, a saintly Christian in Damascus, welcomed Paul as a Christian brother. Ananias had been prepared in a vision for the coming of Paul but he doubted, at first, that so terrible a persecutor as Paul would become a disciple so suddenly.

The disciples in Jerusalem were a little harder to convince. They had suffered much more from the fury of the persecutor, and were suspicious. It was Barnabas, the rich disciple who had given all his wealth for the Christian cause who vouched for Paul.

It was not unnatural that Paul's former associates in persecution should have been aroused to a high pitch of anger at Paul's defection. Their fury was so intense that Paul's new-found Christian friends had to help him escape, letting him down from the walls of the city in a basket.

Paul made his way to Jerusalem and again boldly proclaimed his new faith in the Lord Jesus. But he did not stay very long in Jerusalem and his public preaching was interrupted while he sought fuller preperation for his life's mission.

It is difficult to think of a man as intense as Paul being in retreat for any length of time. Probably the years of his preparation were spent in studying, praying and conversing with other men. In this way he would have the opportunity to feel his way into the fullness and richness of his activity as a missionary.

There is a very good lesson for all of us in the fact that so wise a man as Paul felt that he needed preparation. Zeal, even in a man of Paul's stature, is not enough.

faith
and friendship walk hand *in* hand

Millions of Americans this month are making it a special point to invite their friends into their churches and synagogues—as freely and frequently as they ask them to their homes. You'll find that *sharing* your faith does something for you, and for your friends as well . . . it grows when it's shared . . . and your friendships grow, too.

Take someone to church this week . . .
you'll both be richer for it

Glenwood Briefs

By Pat Martindale

Hail and Farewell

Bob Crombie and Linden Meese who joined the Glenwood Recreation staff will be leaving on June 10. Both boys are seniors at OSU and will graduate from Dental School this quarter. After their state board exams they will begin their practice of dentistry.

Elsie Albrecht who came to the center last January will also be leaving on June 10 as she too will graduate from Dental Hygiene College the quarter.

The Glenwood staff and participants wish these fine people the best of luck in their future.

"Doc" Reiser and Marilyn Gordon remain at Glenwood and additional members will be placed on the staff for the summer.

Bike Day

The first event for the Glenwood Spring Round-up was held Thursday, May 28, and featured the sprint bike races held on Floral-av.

Boys' spring races were won by John Ingram and Billy Quinn, while Jane McIlyar won the girls' race feature.

The center's staff wishes to thank Sgt. Joe Foster and the police department for their cooperation with the event.

The cross country race was won by Bill Quinn who out-distanced the field in a rugged race. John Ingram copped the bike hill climb by propelling his bike up the grade at the side of the center higher than his competitors. Jane McIlyar won the girls' obstacle race with great control over her bike in the tricky obstacle course.

Play Day

Opening portion of the Play Day was the contests. In the boys' spring races, first place went to Norman Easterbrook and Billy Ardle. The forward crab race was won by Jimmy Cremeans while Jimmy Martin copped first in the backward crab race and both boys teamed-up to win in the wheel barrow race.

In the girls' races, Jane McIlyar and Beverly Gill each won first places, while Eileen Ansley won the shoe-kick contest.

The feature race was the cross country. Jimmy Cremeans won the boys' race and Rita Jones won for the girls.

The featured event of the day was the softball game between the junior boys and girls. After three innings of hard play the boys came out victorious 14 to 13.

Softball Game

A mixed age group of boys and girls from Glenwood went to the State School to play softball Thursday. At the top of the third inning Glenwood scored its first and only run when Jim Darby slid across home on a fast ball. "Tink" Meese pitched masterful ball, striking out 10 and allowing three walks and two hits, but an error in the bottom of the fifth allowed two runs to score for the State School. This error gave the State School the game 2 to 1. Glenwood used 10 players in the game in attempting to record its first win of the season.

The game was called by darkness as the end of the fifth inning. Brewer, State School pitcher, fanned five Glenwood boys.

YOUR YOUTH

By Bob Schmidt - Dick Wilson

The Hilltop Kiwanis Club is most certainly furnishing a climax to the Hilltop Gra-Y program with their Baseball Night to be held at Red Bird Stadium on June 5. All the Gra-Y boys are invited to take part in the youth parade preceeding the game and to stay and watch the Red Bird game. There will be approximately 130 Gra-Y boys who will take part in this event.

All five of the Gra-Y Clubs most certainly deserve a pat-on-the-back for their final service project of the year. All the clubs gave the balance of their club treasuries to go toward the purchase of a 35MM projector for the YMCA. Thanks a million, guys! The projector will most certainly be put to good use.

John Burroughs Gra-Y Club was presented its championship trophy for winning the Gra-Y Double Elimination Softball Tournament at a school assembly on June 3. Bill Ingle, captain of the team, accepted the trophy from Dick Wilson of the Hilltop YMCA. Individual awards were presented to all club members by Bob Schmidt.

The Hilltop YMCA Junior and Intermediate Church Softball Leagues are all set to roll starting June 16 and 18. The Junior League will meet every Tuesday throughout the summer and the Intermediate League will meet every Thursday.

Teams in the Junior League are: Cocheri Memorial Alliance, Glenwood Methodist, Hilltop YMCA Leaders Club, Avondale EUB, and Westgate EUB.

Teams in the Intermediate League are: Volunteer Firemen, Church of Christ, Pthygroens, and West Park Methodist.

Schedules will be mailed out to managers this week. All players may pick up copies of the schedule by calling at the Hilltop YMCA office at 2502 W. Broad-st.

In closing this week's column, Bob and I wish to extend our thanks to the school principals on the Hilltop for the wonderful cooperation and consideration they gave us in our school program work. We will be eagerly looking forward to meeting you again at the start of the next school year.

It's About Time To Wake Up

Last week there was quite a stir created when the Citizens' Transit Committee made public its recommendations in a report to the Mayor of Columbus on the current bus and transportation system. It was a job well done and deserving of the plaudits of the community.

But it is about time that the general public awakens to the fact that although these recommendations of the Citizens Committee were designed for the betterment of the transportation system . . . that little can be done about the matter as long as the Columbus Transit Company operates its bus system on the streets of Columbus without the slightest scrap of paper representing a franchise.

Without a binding franchise that gives to Columbus City Council and the mayor a legal right to demand improvements and a bus fare that is reasonable, the Columbus Transit Co. will continue to do as it pleases. It is evidenced now, when the matter of fares is about to be discussed again, that they call public attention to the fact that unless another rate hike is granted by July 15, they will not operate. They are claiming operative losses but actually recent reports disclose only two months of the last year in which they operated in the so-called "red." And in these months they claim some dubious deductions for taxes of varied types which account for the l[illegible]

It is time to face the facts . . . The Columbus Transit Co. has been operating without a franchise for years . . . without this franchise they are well aware of the position they now have the City of Columbus in and have made the best of it by adopting a "take it or leave it" attitude knowing full well there is no other transportation available to give them competition . . . without franchise and without competition they have enjoyed the fruits that amount to a monopoly which is an unhealthy and unsatisfactory situation.

The fault lies squarely upon the Columbus City Council and powers-that-be of former years in not taking steps to correct the situation. It is time that some stiffening be put into public officials' backbones so that they will stand up in protection of the public they are sworn and elected to represent. The "buck passing" days must be a thing of the past . . . now is the time to either talk seriously of franchise to the Columbus Transit Co., or begin negotiations with some other firm who will be ready and willing to do business with the city officials and with the public whom it serves.

The mayor and city council now have the facts concerning needed improvements in the public transportation system . . . the needs of the city are apparent . . . The Columbus Transit Co. also knows of these improvements . . . now is the time to talk franchise and not increased fares.

Increased Play Area Construction Is Planned For Westgate Park

By Pat Martindale

An eight-year-old dream turned into reality for the Hilltop Community Council last Monday night (June 8) after City Council appropriated funds for the City Recreation Department to build a multi-play area in Westgate Park for the Hilltop youth.

Back in 1945 members of Hilltop Community Council solicited donations from Hilltoppers to construct a large play area for the children and the Recreation Department added $3000 to their amount, which made a total of $3800; but because of the rise in prices this amount wouldn't cover the expenses, so the new development was at a standstill until recently.

In 1951 Jerry Spears, Jr., who was president of the Hilltop Council at that time, was appointed to spearhead the project again and in April of this year new plans were presented to the council, plus an additional $700 by the Recreation Department, which brought the total allotment to $4500 for the area.

Nick Barack, supervisor of the City Recreation Department, submitted a final draft of plans to the executive board of the Hilltop Council on June 1 and a motion was passed to get bids for the work and to start as soon as City Council appropriated the amount needed for the Recreation Department.

The area will be of hard surface in two sections, 90 feet by 150 feet, and a 20 foot radius circular area at the Wicklow-rd side of the playground west of the tennis courts, east of the drive and north of the wading pool. It will be constructed of hard surface asphalt over a stone base. It is to be marked off for various games, including

Youth Rescued From Hilltop Swimming Pool

A 16-year-old Greek youth, in this country about 10 months, remains in "fair" condition in Mt. Carmel Hospital after being pulled unconscious from the Hilltop Swimming Pool Sunday afternoon.

The boy, Seraphim Harachis, has been residing with an uncle, Gus Poulos, at 570 Enfield-rd, since coming to this country.

Sunday he was swimming at the pool at 2737 Valleyview-dr with a companion, Dean Petras, 16, 232 Nashoba-av, when he disappeared. They had been swimming about 10 minutes when his body was discovered on the bottom of the pool by Lifeguard William Patterson, 535 Belvidere-av.

A second part-time lifeguard, Police Detective Lawrence E. Sears, 381 S. Warren-av, applied artificial respiration for 15 minutes before the youth started breathing.

Sears continued to supply artificial respiration for an hour before the youth was removed to the hospital by the Jerry Spears Funeral Home ambulance.

Three Injured In Alton Auto Accident Friday

Three men were hurt, two of them bystanders, in an accident on Rt. 40 in Alton near midnight last Friday. A car driven by Chalmer H. Wheeler, 32, of 3750 E. Main-st, struck the rear of the auto of Mrs. Gladys D. Parker, 40, of Galloway, and went across the center divider of the highway into the eastbound lane.

Two bystanders, George H. Moore, 27, of 4475 St. Margaret-ln and Eugene Reinecker, 35, of E. St. Louis, Ill., went to the accident scene and helped direct traffic past the Wheeler car. When a car driven by William E. Lewis, 27, a Camp Atterbury, Ind., soldier, slowed at the scene, it was struck in the rear, investigators said, by a car driven by Alva M. Rector, 48, of 753 Beech-st.

The Rector car swerved and hit Moore and Reinacher. Rector was thrown from the auto according to Patrolman Carl Wolfinger, who investigated. All the injured were taken to Mt. Carmel Hospital by the Rome emergency squad.

Moore is in fair condition with a broken left leg, scalp cuts and possible interanl injuries. Rector has severe head injuries and is in fair condition. Reinacher has a broken left leg and head cuts.

George Levisay Nominated For Legion Leader

George Levisay

A report of the nominating committee of Camp Chase Post 98 of the American Legion last Friday evening listed George Levisay, 85 S. Algonquin-av as its choice for commander to succeed Roger H. Myers, who is a candidate this Sunday for Commander of the 12th District. Levisay, during the past year has served as first vice commander.

Others nominated for the forthcoming election at Camp Chase Post are Reynold E. Greene as first vice commander; Richard Howard as second vice-commander; Richard Martin as third vice commander; Robert Jones as finance officer; Marvin Bigelow and Edwin Emery for post of chaplain and Leonard A. Nelson as sergeant-at-arms.

Executive committee nominees, with two to be elected are Dewey A. Stout, Frank Morgan, George [illegible] and Roy Hawthorne. Nominated to become a member of the Permanent Home Committee and Corporation Trustee was C. C. Hartley.

Boy Is Killed Riding Bicycle On Wicklow-rd

Young Steven George Inman, seven-year-old son of Martha and Clarence E. Inman of 51 Leicksworthy, died from injuries received when he rode his bicycle out of Westgate Park into the path of an auto, last week-end.

An only child, the boy was a first grade student at Westgate School. Dr. Robert A. Evans, coroner, said the cause of death was a skull fracture, broken neck and internal injuries.

A witness reported the Inman boy rode his bicycle over the south curb of Wicklow-rd, and was headed across the street, when struck by an auto driven by Paul Leibensperger, 52 of 282 Dennison-rd.

After being questioned by accident investigator, Patrolman James L. Gloyd, Leibensperger was released.

The boy's death brought Columbus traffic toll to 15 and again stirred comment among Westgate mothers who had campaigned vigorously for sidewalks in the Westgate area. It was pointed out however, that lack of sidewarks was not the cause of the tragedy but that an actual traffic hazard did exist in the area.

James R. Jackson

James R. Jackson, 315 N. Harris-av, will preside at the 67th session of the Royal Arcanum, Grand Council of Ohio, which will be held in Dayton, Saturday and Sunday, June 13 and 14.

Jackson has been the grand regent of Ohio for the past year. Other state officers from this area are Eugene A. Bauman, 425 Columbian-av, who is the grand treasurer of Ohio, and a supreme trustee, and Morris D. Moccabee, 115 Hawks-av, who is grand secretary of Ohio.

Elmer D. Shafer, 321 S. Westgate-av, is the representative from Columbus Capital Council No. 87.

A banquet will be held in the Biltmore Hotel on Saturday and Edmond A. Knoeppel of New York City will install the new officers at the meeting on Sunday.

Remodeling Of Starling Jr. Hi School Started

Contracts for remodeling and enlarging Starling Junior High School were awarded by the Columbus Board of Education at a special meeting held Tuesday.

Geis Construction Co., 332 S. Cassady-av, won the general and electrical contracts on a low bid of $401,237. The plumbing, heating, ventilating and temperature control contracts went to the Sauer Co., Inc., 1183 Essex-av. It entered a low bid of $120,000.

School officials said work on the project was to begin Wednesday. Starling is the third junior high modernization and expansion project to be begun this spring.

Supt. N. G. Fawcett said virtually all of the remodeling work on the old building at Starling will be completed by the time school begins next fall. The addition is scheduled for completion by next Apr. 15. Fawcett said it will house a new gymnasium, instrumental music rooms and shower and locker-room facilities.

West Grads Of '28 Observe Silver Anniversary

Eighteen former teachers of West High School were in attendance at the Silver Anniversary of the Class of '28 held May 23 at West. Pictured above are the former teachers, first row left to right) C. W. Michel, Lois Forcum, Louise Cherry, Blanche Kerr, Evaline Herrington, Edna Smith, Edith McKelvey and Mrs. Margaret Flynn. Second row, A. W. Elliott, O. C. Montgomery, George Noeb, Marcella Crain, Katherine Treyout, Mary W. Baker and C. S. Kennedy. (J. Curtis Allen Photo.)

The reunion of the class of 1928 may be history now, but as everyone who attended will attest, it was a huge success and loads of fun.

The foyer of West High School sounded like a beehive on a busy day as the grads started to gather around six o'clock on Thursday evening, May 28. It was a heart-warming scene as fellows and gals who hadn't seen each other for 25 years tried to span the years and remember faces which somehow had become dim. Many were getting gray, some had added a little weight, others were wearing glasses and alas, there were a few wrinkles to be sighted, but it did not matter for everyone present the clock was turned back and all

Plans Discussed For New Water Line To The Hilltop

Plans for a 32,000-foot-long, 30-in-diameter pipeline running from the Scioto River Pumping Station west along Dublin-av, crossing the Scioto River, continuing in Fisher-rd and turning into Phillippi-rd to link with the present 20-in line were discussed at a meeting in Mayor Oestreicher's office this week. The project would include a 10,000,000-gallon booster station.

Interested participants at the session included Thomas C. Wilson, board chairman of the Columbus Chamber of Commerce; James Foley, director of information, Peoples Development Co., which plans 1600 new residences in a "Lincoln Village" project west of the city; J. B. Roman, works engineer of the Westinghouse Electric Corp., and these officials of the General Motors Frigidaire plant; P. L. Jones, resident engineer, and James Cooper, plant engineer.

Meanwhile, Fire Chief Walter G. Strickfaden announced emergency precautions were taken to protect West Side and Hilltop property from the menace of fire as water pressures dipped to the 40-pound mark. If pressures declined to 30 pounds and continued their downward spiral, three water trucks ordered to stand by at the Municipal Garage were to be rushed to these fire" engine houses No. 10, Broad-st and Glenwood-av; No. 17, Broad-st and Wheatland-av, and No. 12, the new $138,000 fire house at Sullivant and Brinker-avs.

Dewey E. Garner, the mayor's administrative assistant, telephoned John Lee Snoots, sanitation commissioner, telling him to keep the water trucks ready for action. Two of the vehicles have 1500-gallon capacity and the third 2000 gallons.

Hilltop POW Reported Well On Broadcast

In a propaganda broadcast from the Communist Peiping radio, monitored in Tokyo, Pfc. Howard Estell, 220 N. Eureka-av, told his parents last Friday he was well.

Estell has been a prisoner for two years and seven months.

His mother, Mrs. James Estell, said that she had heard two weeks ago from one of the recently repatriated prisoners that he had seen her son and that he "was well" then.

Last direct message the Estells have received from Howard was a Christmas card mailed around Christmas time.

Kiwanis Baseball Night Draws Many Youths From Local Area

The Hilltop area was well represented at the annual Kiwanis Club baseball night at Redbird Stadium last week as can be seen in the above photo when more than 150 youngsters gathered at the Hilltop YMCA for transportation to the annual affair which drew over 7,000 spectators.

In addition the committee is asking that all homes in the Hilltop area also display the national colors.

Under way also by this committee is planning for a project for the merchants to display the American flag on all national holidays in front of their places of business on flag standards placed in wells at the curb line of sidewalks. The Kiwanians plan to ask permission of the city in order that the wells be installed by the club with the cooperation of Hilltop merchants.

Members of the public and business affairs committee of the Hilltop Kiwanis Club are Virgil Cline, chairman; Dr. Evan Morgan, John Nippert, Charles Preston, Ed Schaedler, Mose Williams, Franklin Sparks, Dr. R. J. Miller, Dr. Jack Miles and Clarence Story.

Hilltop Woman Is Critically Hurt

A 48-year-old Hilltop woman is in critical condition in Mt. Carmel Hospital with injuries suffered when she lost control of her car on a curve on Harrisburg-pk, near Briggs-rd, last Friday.

Mrs. Vera Mae Nixon, 48½ Whitethorne-av, suffered head and chest injuries, fractures of both legs and a wrist in the accident. Her auto tore down two signs, knocked over 300 feet of wire fence, uprooted a six-inch tree and was catapulted 20 feet before landing on its top near Big Run Creek.

George Painter Cleared By Sheriff's Department

Complete exoneration of complicity with or knowledge of, the death of Mrs. Madeline Updegraff of Worthington was given to George M. Painter, 1041 Sullivant-av, Hilltop grocer and businessman last week after he detector tests at the State Crime Laboratory, London Prison Farm.

Results of the tests, according to authorized officials, proved that neither Painter nor Ray Updegraff, husband of the dead woman had any knowledge of her disappearance and death.

Earlier last week, Coroner Dr. Robert Evans, had ordered Sheriff Paul to arrest Painter on the basis of a lie detector test conducted by the National Detective Agency on Feb. 19, shortly after the disappearance of Mrs. Updegraff from her Worthington home on Feb. 6. On May 29, the woman's body was discovered in a sewer near her home.

Sheriff Ralph Paul, at the time he was ordered to take Painter into custody, refused to do so without a warrant issued by the court. At that time Paul also asserted that investigations conducted by his own deputies, disputed the fact that murder had been committed.

Sgt. Ralph Neds of the Franklin County Sheriff's Department said this week, "We hope this week to wind up this case with evidence that Madeline Updegraff did crawl into that sewer."

In the meantime Donald F. Smith, attorney for Painter, this week sharply criticized methods of a private detective agency for their release of only partial infor-

Painter Scores Mishandling Of Truth In Probe

George M. Painter, 1041 Sullivant-av, Hilltop grocer and business man, who last week was made one of the key figures in the investigation of the disappearance and death of Mrs. Madeline Updegraff, by virtue of charges pressed by a private detective agency, this week made this statement:

"At the time I submitted myself to the lie detector test at the National Detective Agency, which lasted for a period of approximately five (5) hours, Mr. Seyler who was in charge, was confident I had no knowledge whatsoever of Mrs. Updegraff's disappearance.

"I kept myself available at all times to the National Detective Agency and the Sheriff's office of Franklin County and answered all questions in regards to the case. At no time did the Sheriff's office of Franklin County have any doubt as to my innocence.

"I would advise any honorable citizen of the State of Ohio or the United States to not subject themselves to any questions whatsoever, guilty or not guilty, to anyone, except duly elected or appointed law officials.

"It is bad enough to have had the truth told, but I will say here and hereafter that very little truth was printed in the newspapers concerning my relationship to Mrs. Updegraff's disappearance.

"This entire affair has proven to me and it should prove to everyone else that the duly elected or appointed law enforcement officials will work just as hard and just as diligently to prove the innocence of a man as they will to prove guilt. Scare headlines in newspapers, and would-be crime experts with sensationalism in their reporting and distortion of truth are one of the worst enemies of any law abiding citizen."

Hilltop Woman Wins Degree At Franklin U.

Mary Elizabeth Smith

When the 30th commencement rites of Franklin University were held last Sunday in the auditorium at the Central YMCA, 13 persons stepped forward to receive the Bachelor of Laws degree from the University Law School.

Among these 13 candidates was a Hilltop woman who had devoted many hours of research and study to become an attorney in order to be of more assistance to her husband. That woman was Mary Elizabeth Smith, wife of Hilltop attorney Donald F. Smith of 2977 W. Broad-st. She was the lone woman to receive the L.L.B. degree.

Two Hilltop men were also among the 13 candidates for the degree. They were Howard F. Wilson, 89 Powhatan-av, and Norman J. Wintermeyer, 235 S. Roys-av.

Other Hilltoppers to win degrees from Franklin University during the commencement ceremonies were Omer Bert, 109 S. Westgate-av, a Bachelor of Science degree in Business Administration from the General College and Associate degrees in Business Administration to Ray F. McVay, 208 N. Powell-av, and John S. Wolfe, 129 Haldy-av.

Rev. Hartinger, Former Pastor Here, Stricken

Rev. William Calvert Hartinger, 78, of St. Petersburg, Fla., one-time superintendent of the Columbus District of the Ohio Conference of the Methodist Church, died Wednesday in St. Petersburg.

He was ordained a minister of the Methodist Episcopal Church in 1900 and served as pastor of the Glenwood Church on the Hilltop from 1900-1903 and of First Church here from 1921-1924. He was superintendent of the Columbus District from 1924-1930.

From 1924-1930, he was a trustee of Ohio Wesleyan University and of White Cross Hospital, and during that time was a member of the Headquarters Commission of the Anti-Saloon League.

He had also served churches in Portsmouth, Charleston, W. Va., Indianapolis, Ind., and had been delegate to numerous jurisdictional meetings of the church, including the Uniting Conference of the Evangelical Church.

He had served as chairman of the board of the South Side Settlement House from 1924-1930 and as dean of the Epworth League Conference at the Lancaster Camp Ground in 1927-1929.

A daughter, Mrs. Thomas D. Stevenson, of St. Petersburg, survives.

Ternstedt To Remain Neutral On Annexation

Paul Jones, director of General Motors' Ternstedt plant, said this week that a report of the City Hall conference on water emergency last week did not accurately represent his company's position on annexation.

Ternstedt is absolutely neutral on the question of annexing the area including the plant to the city of Columbus he said.

"It is a matter for the people living in the area to decide," he asserted. "If the issue is brought up, Ternstedt will not take a position either for or against annexation."

St. Aloysius Students Study Ohio Lore

By Pat Marthindale

The sixth grade pupils of St. Aloysius School feel that there's no better time to study the History of Ohio than now, during the bicentennial year, and to go a step further the boys have displayed not only their knowledge of Ohio but their talent in handicraft.

Booklets on Ohio, cut in the shape of the map of Ohio were made by each of the sixth grade pupils and stories were written of Ohio's history over the past 150 years. Pictures illustrating many events were drawn in the books such as the Ohio seal, Ohio flag, Ohio flower and the Indians of various tribes. Present-day Ohio was also included in the booklets.

John Park and Patrick Williams built an electrical map of Ohio by cutting a board in the shape of the state and after painting and decorating it they laid out the cities and then by means of lights wires and a dry battery succeeded in lighting up the various cities. The cities represented by lights were Columbus, the capital of Ohio; Chillicothe, the first capital; Cleveland, the largest city in Ohio; Cincinnati, the birthplace of Taft, and Coshocton, the State Memorial.

Frank Cross built a replica of the covered bridges used in Ohio as far back as 100 years ago. Most people believed that the bridges were covered to protect them from snow and rain which was partly true but the main reason was because the engineers found that the top helped to brace the bridge and give it added strength. A few of the covered bridges are still in existence today.

One of the natural wonders of the world, Blue Hole at Castalia, which is 25 feet in diameter and its depth measureless, was modeled by Carl Capretta, John Shomber and Bernard Grogran. More than 7,000,000 gallons of water feeds a stream from Blue Hole where numerous trout can be seen.

The model of Fort Meigs Monument was also made by Bernard Grogran, Carl Capretta and John Shomber. This monument was built in honor of Fort Meigs, site of the "Gibraltar of the West," where General Harrison twice prevented invasions of Ohio by British and Indians in the war of 1812.

Thousands of tooth picks went into the model of Fort Recovery by David Maxwell, James McAndrews and Louis Nobile. Ohio history tells us that Fort Recovery was erected in 1793 by General "Mad Anthony" Wayne, was the site of General St. Clair's defeat by the Indian Chief "Little Turtle" and is of historical importance because it held many Indians under control. General Wayne who erected many forts in Ohio, died in December of 1796 at Erie, Pa.

Large pencil drawings were made of the faces of the presidents who were born in Ohio and mounted on posters by the sixth grade boys. The posters and exhibits will be shown at a teachers convention to be held at St. Mary of the Springs in the near future.

Quick Quiz on Cost-of-Service franchise

A few days ago, in a letter to the Mayor, we outlined a proposal for a Cost-of-Service Franchise, as a practical, permanent, non-political answer to the problem of giving Columbus the kind of transit service it wants.

The gist of this plan for a long-time contract with the City is that the Columbus Transit Company receives an agreed rate of return on its investment, after allowance for the cost of doing business. If the people of Columbus want additional service and the cost of providing it does not produce the agreed-upon return, then a fare increase may become effective. If the Company shows earnings of more than the agreed rate of return, a reduction in fare MUST be made.

The entire administration of this proposed setup would be in the hands of a Transit Commissioner appointed by the Mayor with the approval of City Council. This would be a full-time salaried position. The franchise ordinance may provide that the cost of operating the Commissioner's department may be included as part of the Company's expense of operation as is customary in other cities.

Since this Cost-of-Service Franchise was proposed, a number of questions have been asked about it. You asked these questions . . . here are the answers.

Q. Can City Council put this ordinance into effect without having it referred to the voters?

A. No! The Columbus City Charter specifically provides that no franchise becomes effective unless approved by the voters.

Q. If approved, when would it become effective?

A. We hope by January 1, 1954, if approved at the November elections.

Q. What happens if it isn't approved?

A. Then all parties are back where they are now . . . on the same uncertain day-to-day basis, with frequent transportation crises, political maneuvering, etc.

Q. You speak of this as being a contract between the City and the Company. Isn't there an existing contract?

A. No! The Transit Company is operating on a day-to-day basis, and the City may order us to discontinue service at any time. That's why the banks won't lend us money at reasonable rates for new equipment.

Q. The Transit Company is a subsidiary of the Columbus & Southern Ohio Electric Company. Wasn't its purpose you from showing increased operating costs by paying excessive rates to the parent company for electric power?

A. The Public Utilities Commission of Ohio fixed in August, 1952 the rate which the parent company shall charge the Transit Company for power. It would be a violation of the Commission's order to charge more or less than the ordered rate, and this rate cannot be changed except by further order of the Commission.

Q. You claim that this type of franchise has been operating successfully for many years in such Ohio cities as Cincinnati, Toledo, Youngstown and many cities outside the state. How do you account for the fact that in each of these cities the current fare is higher than that in Columbus?

A. The answer is simply that the bus riders in those communities know what they want in the way of service and are willing to pay for it. They know, too, that regardless of what they pay it's a fair fare, because the Companies involved are not permitted by the terms of their respective franchises to earn more than a fixed return on their investments.

Q. How does such a franchise affect your employees?

A. They're for it because it gives them greater job security.

Q. You say the bus riders can get what they want. Give an example.

A. Let's suppose a substantial number of persons feel that there should be express service on certain lines. They make this suggestion to the Transit Commissioner, the man who represents the interests of all the people in their relationship with the Transit Company. The Commissioner then analyzes the request and if he feels it is worthy of following out, he orders the Transit Company to comply with the request. Under the terms of the franchise, the Company must carry out his order.

Q. Isn't there any possibility of a disagreement between the Transit Commissioner and the Transit Company?

A. Yes, this is possible but not likely. The franchise should provide for an Arbitration Board to settle disputes. However, in the more than 20 years in which the Cost-of-Service Franchise has been operating in Toledo and Cincinnati, it never has been necessary to arbitrate a single dispute.

Q. Is there anything in the franchise to prevent the city itself from acquiring and operating the transit system.

A. No, quite the contrary. The franchise specifically gives the city the right to purchase or lease our transit system.

Q. What would happen to the recommendations of the Citizens' Transit Committee under the cost-of-service arrangement?

A. The surest way to get action on such proposals is to enact a cost-of-service franchise. The proposals would then be weighed by the Transit Commissioner, and either he or the City Council, depending upon the provisions of the franchise, could order the Company to make such of the improvements as would be deemed necessary.

Girl Scout News

At the regular Wednesday afternoon meeting of Intermediate Girl Scout Troop 103 at the Columbia Heights Methodist Church, New Rome, an investiture service was held to welcome the new committee chairman, Mrs. Ernest Schroeder and two committee members, Mrs. Charles Lowry and Mrs. Robert Boyer.

Janice Lowry was in charge of the belated Mother's Day program, which was a Mother's Day poem read by all the girls, after which they presented their mothers with a wishing well, which they had made, filled with a pansy plant. Refreshments were served by a committee composed of four girls in the troop, Lynda Denman, Jackie Craven, Shirley Benson and Shirley Jewett.

This fine Girl Scout troop is working on its summer camp site, but progress has been delayed because of rains.

The capable leaders of this troop are Mrs. Harold Craven and Mrs. Robert Denman, who plan several cook-outs and other interesting outdoor activities for the girls for the ensuing summer months. The meetings will continue every Wednesday through the summer.

Three Local Agents Open New Point Farm Bureau Office

Three local agents of the Farm Bureau Insurance Companies have opened an insurance service office at 699 Harrisburg-pk, in the Central Point Shopping Center.

They are Clyde Major, 3[illegible] Galloway; E. J. (Mike) Reilly, 797 S. Harris-av, and Earl Rader, 254 S. Richardson-av.

Rader

The new office was opened for the convenience of policyholders in the area, and will enable the agents to maintain a high level of service to their policyholders. From their Central Point headquarters they will handle a multiple line of automobile, casualty, fire and life insurance including all of the 107 coverages offered by the three Farm Bureau Insurance Companies.

An added feature will be on-the spot issuance of automobile insurance policies, a procedure designed to speed up processing of applications.

The office will also serve as an information center for policy - holders and others who have questions on insurance, a handy location for payment of premiums, and an easily accessible point for policyholders in the area who wish to report an accident or file a claim for damages. Complete information on all policies handled by the three agents will be on file there.

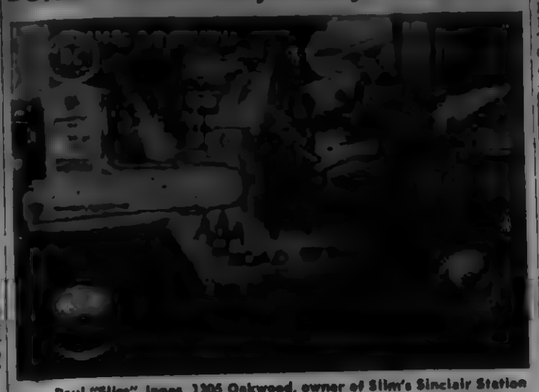
mation concerning the investigation for the purposes of creating sensationalism. "Either their lie detector tests lie or the state's does," asserted Smith after the state tests were completed last week and completely exonerated Painter.

Said Smith this week in a statement to the Hilltop Record, "A great deal of publicity has been given in the death of Mrs. Madeline Updegraff concerning George Painter, grocer at 1641 Sullivant-av.

"As far as any evidence to date is concerned I feel that any relationship between George Painter and Loy Updegraff grew out of the sale of real estate of the properties of Mr. and Mrs. Updegraff. George Painter has at all times cooperated with the authorities and was not in a position to talk back.

"We wish to compliment Sheriff Paul's office and the State Highway Patrol for protecting the rights and reputation of honest citizens which certainly speaks well for honesty in law enforcement.



"I feel the newspapers have the duty of reporting the truth. I know in the interest of justice that your paper will fairly and honestly print the truth and I suggest that you receive your statements of Sheriff Ralph Paul or Sgt. Robert Neds of his office as to the truth whereof I speak on behalf of one of our most prominent citizens of the Hilltop, George Painter.

"The truth, I am sure you will find, is that which is based upon the tests at the State Crime Laboratory completely exonerating George Painter.

"I am sure your newspaper and the public generally will accept the records of the State of Ohio and trained officers in the preference to some unreliable source.

I.A. Ellsworth Beck of the Franklin County Sheriff's Department, stated this week to The Hilltop Record, "The investigation of this case by Sgt. Robert Neds and Sgt. Albert Huff of our department with the assistance of Cpl. Watson of the Ohio State Highway Patrol proved to our satisfaction that George Painter had nothing to do what-so-ever with the disappearance or death of Madeline Updegraff."

Jones Files Mayoralty Petitions

Paul "Slim" Jones, 1305 Oakwood, owner of Slim's Sinclair Station at Thurman-av and S. High-st, is pictured above as he climbed into his jeep armed with a sheaf of petitions to file in his bid for the nomination as Mayor of Columbus. He will file as an Independent in the forthcoming race.

Jones said this week that one of the issues certain to be aired during the forthcoming mayoralty race will be that of "Bingo." Others in which he is also vitally interested are better transportation facilities and reduction of city income tax.

A member of the Masons, Moose and Morgan Memorial Church, Jones has been a resident of the South or East side for the greater part of his life and feels that he knows the desires of people in these territories.

He said he started for the election board to file, "I am not for organized gambling or racketeering elements but do believe in bingo as an entertainment medium."

1928 Graduates —

(Continued from Page 1)

were young again!

When the committee had started to round up the names and addresses of the class, it was found that they were scattered all over the country. However, of the original 139, 78 of the grads, some of the wives and husbands, and 19 former teachers were accounted for, making a total of 137 people present for the dinner which was served in the school cafeteria. It was found that seven of the class had died, eight couldn't be located and the rest lived too far away to make it. However, they did come from as far away as Chicago, North Carolina and West Virginia and all over Ohio.

James Matheny acted as master of ceremonies for the evening and the program brought back many nostalgic memories to everyone. Greetings from new West were extended to the guests by Miss Ruth Bachmaker, vice-principal of the school, and greetings from old West were given by Blanche Kern. A response from the '28 class was given by Mrs. Rebecca Carey Holliday.

Back in 1928, one of the talented members of the class, Frieda Steele, composed the words and music to a number which became the class song. Frieda, now Mrs. Carl Boss, played her violin; Beulah Johnson Williams accompanied her on the piano and everyone sang the words to the song.

John N. Wolfe went back through the years and told the true story of how "1928" was painted on the steps of "Old West."

Next followed the introductions of grads and former teachers. It was found that James Burk had become the first grandfather and that Marjorie Sheets Lamb was the mother of seven sons.

O. C. Montgomery, one of the best liked teachers from either Old or New West, gave a beautiful tribute to Otto G. Magly, beloved principal for so many years.

Without even a chance to practice, Dwight Frasure, Lawrence Tracy, Delbert Walters and Herb Suver, who formed the boys' quartette in school, were called upon for a number, and surprisingly enough they still sound good.

Russell Friend, Jr., president of the alumni association, made a plea to the grads to join the association and become active members in the future.

The program was closed by the entire group singing the West High Alma Mater. The guests then assembled in the gymnasium to greet old friends from the classes of 1927 and 1929 and to enjoy a dance and variety show.

Marcella Thompson Tanner and Christine Mackenzie Haniah from 1927 and Eliza Rodgers Busenburg from 1929 had worked hard to contact all former classmates to inform them of the get-together.

The music for the dancing was furnished by Tommy Dale's orchestra and many talented students from West performed for the older grads.

It is planned that each class celebrating its silver anniversary will be honored as was the class of 1928. The reunion was under the general supervision of Olive Munro Matheny and Ruth Hall Richer. The following served to make the evening a success: Wanda Harner Fenton, Eva Young Walker, Ada Young Worch, Lib Ludwig Treadway, Helen Terry Wozniak, Delbert Walters, Larry Minshall, Beulah Johnson Williams, Opie Reed, Bob Humphreys, Lou Raether Wolfe, Dick Grant, Ruth Dell Grant, "Red" Trabue, Lewis Deyo, Rebecca Carey Holliday, Delmas Carson, Carol Hackbarth, Mary Jane Weagley Gann, Russ Kadel, Dorothy Williams Henderson.

Washington, D. C., became the U. S. capital in 1800.

The first shot in the Civil War was fired at Fort Sumter.

Camp Chase Legion Team Wins League Opener 6-1

Camp Chase-Beasley Grove nine had five runs across and were still batting when the rains came at Newark last Saturday. The grounds were too wet to continue play. An attempt will be made to reschedule the game in July.

In their opening of the Legion League, Sunday, at the West High field, Camp Chase was the victor over Malcolm Jeffrey Post No. 2 (Aquinas) by a 6 to 1 score. Pitchers Bill Spratley for Camp Chase and Chuck Turner for Jeffrey went the distance in a tight game. Both are right handers.

Spratley held the Jeffrey team scoreless until the 3rd inning when a walk, two errors and a single accounted for Jeffrey's only run.

Behind 1-0 as they came to bat in the seventh, Camp Chase's Gary Nebinger, center fielder, hit a terrific drive over the center fielder's head with two out. Nebinger, slipped and fell on the wet diamond while rounding first but was able to pull up at second for a double. He scored the tieing run as Jeffrey's first baseman bobbled right fielder Cobb's hard hit grounder down the first base line. Thus with Cobb on on an error, Pruden reaching first by being hit by the pitcher, and Randall drawing a base on balls, Camp Chase was able to score three runs after two were out as Spratley drove in Cobb and Pruden with a timely single to left.

The fans were treated to the unusual as Camp Chase was the victim of a triple play in the seventh. Singles by Converse and Hughes and a walk by Nebinger loaded the bases. Cobb's hard swing on a fast ball resulted only in a quick bounder to the pitcher who tossed to the catcher to force Converse at home. When the catcher threw to first to get Cobb for the second out, Hughes kept on coming from second to score. Meanwhile Nebinger had rounded second and was well on his way to third when the third baseman received a good throw from first to trap him between bases. He was out on a run down.

Converse collected three singles, Davis two single, and Nebinger a single and double to lead the hitting for Camp Chase.

Spratley scattered five hits and four walks while the only run scored against him was unearned as he threw over first after fielding a slow roller.

Batteries: Turner and Reeb; Spratley and Hughes. E—MJ Callaghan, Dodd 2; CC—Pruden, Randall, Spratley. Struck out—Turner 9, Spratley 7. Walks—Turner 3, Spratley 4. LOB—Camp Chase 11, Jeffrey 9. Double play—Nebinger to Converse. Triple play—Turner to Reeb to Dodd to Callaghan to Miller to Callaghan. Hit by pitcher—Pruden by Turner; Reeb by Spratley.

Camp Chase plays Smith Barratt tonight (5:45), Circleville Saturday (2:30) and Bexley, Sunday (2:30). All games are at West.

Golfing Slants

By JACK KIDWELL

The past week-end saw Beacon undergo its heaviest bombardment. When the smoke lifted there were a couple of sub-par rounds, a hole in one, and two eagle duecces on 4 par holes.

The Beacon Light team of Art Todd, Ernie Mawhirter, Harold Todd, Herb Weisenberger, John Youch, Mike Hurdzan and Norm Willie won the Columbus Publinks team championship for the second straight year by defeating Bridgeview 18-12.

Bill Mawhirter playing for Berwick, turned in his best ever round here, shooting a fine round of 69. He was closely followed by Paul Luiga with 71 which was made possible by an eagle two on No. 4 hole.

Jerry Hyatt, using a No. 9 iron, knocked his ball into the cup on No. 6 for a hole in 1. I believe Herb Weisenberger, Jay Hyatt and Wayne Montague each paid Jerry a dollar each in skins for the pleasure of seeing the shot.

Wilbur Shellingburg, playing with Joe Jubert, Guy Wetherell and Don Meyers knocked his second shot about an inch from the hole on No. 9. Joe Jubert, pitching to the green from about 70 yards out, hit Wilbur's ball, knocking it into the cup. Under the rule book, it's a legal eagle.

In a blind bogey tournament this past week, Al Niederlitz, Chuck Ranney, D. Z. Tilton and Ed Coakfield took top honors.

One of the oddest starts I have ever heard of happened to Dick Murray. His first six holes went like this 7, 6, 5, 4, 3, 2. Dick figures he would have bagged a hole in one on No. 7 except he can't knock the ball that far.

I oft times wonder why I stay in the golf business. Pretty soon I find the answer. It's mostly because of the wonderful people you come in contact with. Let me explain.

Here at Beacon we have a lot of caddies. They're all pretty good boys or they wouldn't be trying to earn their own way. One of the better caddies was handsomely rewarded this week for trying to be a better caddy and a boy.

Big Al Muth, whose heart is bigger than some of the buildings he moves, gave this lad a new set of matched irons, because he figured the boy deserved them. The kid's name is Ralph Walls.

I guess that's one good reason why I like to work around a golf course. You make friends with so many fine people that otherwise you'd never be privileged to know.

Legion Little Bigger Team Scores Shutout

The Camp Chase-Beasley Grove Little Bigger League team walloped Suburban Motor Freight as Camp Chase's ace right hander Jimmy Mentel gave up only two scratch hits while racking up 10 strike-outs and allowing two walks.

Mentel held control throughout as only one of the opposition was able to reach second. Randall got two for four including a homer while Dinsch hung up two singles in three trips and catcher Jimmy Edwards belted four singles to all parts of the field in four trips to get credit for five RBI's and scored one himself. Clapsaddle hit a long triple to right center to score Spratley and then tallied himself.

The Camp Chase Little Biggers were scheduled to meet Briggsdale last night at West. The outcome was too late to make this edition.

They will play Buckeye Electric at Columbus Academy tomorrow night at 5:45 and travel to Ted Lewis field in Circleville Monday night for a night game starting at 8 p. m. Next Wednesday sees them back at West against St. Marys at 5:45 p. m.

Playgrounds On Hilltop Will Open On June 22

A committee meeting to complete arrangements for the Hilltop Playground opening was held at the YMCA on Wednesday, June 10 at 7:30 p. m.

Mrs. Warren Leeka and Mrs. Wilson Timmons are co-chairmen and a committee of PTA members from each of the Hilltop Schools will be in charge of the ceremonies and games.

Library Story Hour Sessions Start June 17

June 17 at 10 o'clock marks the beginning of the Story Hour sessions at Hilltop Branch Library. Every Wednesday at this hour the library will be host to West Side boys and girls for an hour of story-telling, songs and games. Various Hilltop residents serve as guest leaders and story tellers during the summer months when mothers are plagued with the question, "What can I do?"

Separate from Story Hour, but operating during the same period of time is the Summer Reading Club. The aim of the club is to stimulate reading during the out of school months when winter reading skills become rusty from disuse. To participate in the club the small library patrons must join at the library and read books on a proper reading level during the summer.

Male mosquitoes live on flowers, while females live on animals.

Franklin County War Veterans Republican Club will meet in the west basement of Memorial Hall on Tuesday, June 9, at 8 p. m. The final report of "War Vets Baseball Night" will be given and plans are to be completed for the annual picnic to be held on Aug. 11. This will be the last meeting until September.

Hilltop Mothers Council Gives $100 to Aid Boys

Pictured above are officers of the Mothers' Council as they presented a check of $100 to aid under-privileged boys, this week to Robert Schmidt, executive secretary of the Hilltop YMCA. Left to right in the photo are Mrs. Robert Edgar, chaplain; Mrs. Virgil Furry; vice-president; Mrs. Robert Schmidt, secretary; Robert Schmidt; Mrs. Warren Leeka, past president; Mrs. Fred L. Dinsch, president, and Mrs. Ted Lanch, treasurer.

By Pat Martindale

Although only six months old the Hilltop YMCA Mother's Council has made a contribution to-ward helping underprivileged boys when the occasion arises. From proceeds from a card party, plant auction, candy and bake sale the council presented a $100 check to the YMCA secretary, Robert Schmidt, at last Thursday's installation of officers and picnic held at Westgate Shelterhouse.

The "Y" Mother's Council was formed last November by Mrs. Warren Leeka, who was elected the first president in Dec. 1952, and with the other officers, Mrs. Virgil Furry, vice-president; Mrs. Ralph Elliott, secretary; Mrs. P. T. Lanch, treasurer, and Mrs. W. S. Waltman, chaplain, were installed in office in January of 1953.

From then on every meeting was "packed" with activity and the membership grew rapidly. Among the projects undertaken since the January meeting were the decorating of Glenwood Church for the annual YMCA banquet; a taffy sale, a pot-luck at St. John's Lutheran Church preceding the Gra-Y induction, used clothing sale, donation of decorated Easter eggs for Gra-Y bunny hunt, card party and bake sale and a plant auction at one of the meetings and last but not least the presentation of their check following the installation of new officers for the coming year.

The new officers are Mrs. F. L. Dinsch, president; Mrs. F. L. Furry, vice-president; Mrs. Robert Schmidt, secretary; Mrs. P. J. Lanch, treasurer, and Mrs. Robert Edgar, chaplain.

The purpose of the Mother's Council is to bring together persons interested in helping any way possible the members of the "Y" and underprivileged youth when the occasion arises. To promote good sportsmanship among council members in the sharing of assis. To promote social relations among its members and to work in a better interest of the YMCA and to put forth effort to secure the adequate building facilities to meet the need of the Hilltop youth.

Membership in this organization is for mothers whose children have not reached the required age to join the "Y", for mothers whose children hold present memberships and for those whose children have been members but have grown into adulthood, and for women who have an interest in the YMCA work.

Meetings are held the third Thursday of each month from September to June.

Your Youth

By Bob Schmidt Dick Wilson

With this warm weather it sure is an ordeal to be inside writing this article, but of course you are interested in the "Y" boys and their programs so here goes. The Gra-Y Clubs are closing their programs this week with parties and boy was that cake and ice cream wonderful. The "Y" Indian Guide tribes will continue throughout the summer enjoying campfire Pow Wow and cook-outs. The tribes are also planning family picnics so the mothers can be the guests of the Big and Little Braves.

Those Little Nine Baseball applications are really pouring in. Dick claims if he had all of the boys out at the field at once it would look like a swarm of bees. You fellows who don't have your applications in had better hurry.

The Hilltop "Y" Mothers' Council held a family picnic at Westgate shelter house Wednesday. The club presented the "Y" staff with a $100 check. This money will be used to sponsor needy boys to the Columbus YMCA Camp Alfred Willison. The retiring ppresident, Mrs. Warren Luka, was presented with a gift for her leadership throughout the past year. The following officers were introduced: Mrs. Fred Diusch, president; Mrs. Virgil Furry, vice-president; Mrs. Ted Lanch, treasurer; Mrs. Robert Schmidt, secretary; Mrs. Robert Edgar, chaplain This must be the season for T shirts as business has been good. All the fellows are wearing their "Y" T shirts for the Kiwanis Benefit Red Bird ball game. Must close and get ready for the big parade anc ball game. See you next week.

Mr. and Mrs. Logan Martin, 515 N. Harris-av, accompanied by Mrs. Martin's sister and her husband, Mr. and Mrs. Herbert Hackarth, 728 Thurman-av, will leave June 13, for a two week trip through the South. They plan to visit Mismi and Cuba before their return.

St. Mary Magdalene Scene Of Lambert-D'Andrea Nuptials

Mrs. Julius D'Andrea

Rev. Raymond Bauschard presided at the double-ring ceremony uniting Miss Ananias Lambert and Mr. Julius D'Andrea in marriage, at 9 a. m., June 6, at St. Mary Magdalene Church.

The bride, given in marriage by her father, is the daughter of Mr. and Mrs. J. R. Lambert, 317 N. Chase-av, and the bridegroom is the son of the late Mr and Mrs. Guilio D'Andrea.

Fashioned of white chantilly lace and nylon tulle, the bridal gown featured a fitted lace bodice, long sleeves and a sheer yoke. Lace motifs extended down the bouffant skirt which continued into a cathedral train. Her fingertip-length veil of imported illusion fell from a cloche covered with orange blossoms. She carried a cascade bouquet of white roses and stephanotis, centered with a white orchid. Pearls, her gift from the bridegroom, were her only jewelry.

The bride's three attendants, Miss Helen Liaska, maid of honor, Miss Betty Ward, bridesmaid, and Mrs. Albert Zimmerman, bridesmatron, were identically gowned. Their gowns of orchid nylon net were fashioned with formal bodices of matching taffeta and full skirts of net, with close-fitting taffeta jackets. They carried sweetheart roses, surrounded by delphinium.

Mr. Gildo Rossi served as best man, and ushers were Mr. Paul Rossi and Mr. Glenn Reynolds.

The mother of the bride chose for the event a gown of navy blue sheer and a white orchid corsage.

Louan Reeves Becomes Bride Of Carlton W. Hartley, Saturday

Mrs. Carlton Willard Hartley

Before an altar flanked with four seven-tiered candelabra and baskets of white gladioli and white snapdragons, Miss Louan Iris Reeves exchanged marriage vows with Mr. Carlton Willard Hartley. Two-tiered candelabra, centered with a bouquet of white flowers, decorated each aisle. Rev. Harold Dutt officiated at the 7:30 p.m. ceremony on June 6, at Westgate Evangelical United Brethren Church.

Given in marriage by her father, the bride is the daughter of Mr. and Mrs. Lawrence Norman Reeves, Sr., 148 N. Harris-av. The bridegroom is the son of Mrs. Jayne Hartley, 56 Binns-blvd, and Mr. C. C. Hartley of 1370 Wilson-rd.

The bride's ballerina length gown was fashioned of chantilly lace and nylon tulle. It featured a fitted strapless bodice and a bolero jacket with a scalloped Peter Pan collar and long sleeves extending into points over the hands. The bouffant skirt was styled with an accordion pleated front panel, with scalloping on either side. Her fingertip veil of imported English illusion fell from a juliet cap of matching lace trimmed with seed pearls. Her bouquet was of lilies of the valley, centered with a white orchid.

Mrs. Ronald Close served as matron-of-honor, Mrs. James Lee was bridesmatron and Miss Wanda Freeman, bridesmaid. Her attendants were gowned in ballerina-length turquoise taffeta and nylon tulle, with strapless surplice bodices and taffeta stoles. Miss Sherry Pletcher was the small flower girl and ring-bearer was Master Howard Reeves.

The bridegroom was attended by Mr. William Grim as best man. Seating the guests were Mr. Harry Hubbard and Mr. Jack Galloway.

The mother of the bride wore a taupe gown, trimmed with seed pearls and rhinestones. Her accessories were of navy blue and her corsage was of sweetheart roses.

The bridegroom's mother was gowned in dusty rose with accessories of powder blue. She also wore a corsage of sweetheart roses.

Hostesses for the reception held at the church immediately following the ceremony were Miss Luanne Hartley, sister of the bridegroom, Miss Shirley Willing and Miss Shirley Lewis.

Seen at Seiller's

Sunday, June 21, is Father's Day. Grandest guy in the world, who plugs along day after day, regardless of how he feels, even perhaps with a job he hates, to keep his family healthy and happy. The welfare of his family is always uppermost in his mind, so let's show him this Father's Day how much he means to us and how much we appreciate having him around.

There are many wonderful gifts from which to choose at Seiller's gift bar, which features the famous Hickok gifts for Father's Day, such as the new, sleek, smart looking belt and buckle sets, or the beautifully designed wallets, or the very unique jewelry designed especially for the sportsman. Seiller's have just included the ever popular Old Spice toiletries for men, in their fabulous array of gifts. It makes him so nice to be near.

Shirts, socks, ties, handkerchiefs, and swim suits are a few suggestions to help you make Dad a happy fellow on his day. You'll know you have chosen just the right gift, for the right man for you, if you go to Seiller's. The place to go for brands you know.

Your Shoetrician in SEILLER'S Says:

PEASANT'S FEET

A customer, in the store one day last week, was telling me about a trip he made over to Italy, some five or six years back. He was marveling at the feet of the peasants in the section he visited. It seems that it was a mountainous region and there was no coal or gas for cooking and heating purposes, so the peasants carried wood to make into charcoal.

Instead of wearing leather shoes like ours, they tuck old rags and sewed and stitched them together to make a sole upon which to walk. This rag sole was held on with a sock-like affair and they thought nothing of walking 10 miles up and down mountains, through icy mountain torrents, packing a couple of hundred pounds of wood on their heads, wearing crude shoes. And, believe it or not, they never have foot troubles.

If we would take a tip from these peasants and use our feet a little more, perhaps wear looser shoes for work, we, too, would have more trouble-free feet.

Sandy Morris Will Perform In Dance Recital At West Hi

Sandy Morris, above, 10-year-old daughter of Mr. and Mrs. Elmer Morris, 708 S. Wayne-av, is one of the many students appearing in the Keith School of Dancing recital, "It's a Circus" at West High School Friday, June 12th, at 8 p. m. Sandy is a fifth grade pupil of John Burroughs School. She has appeared as guest at the GC Ranch and has won many prizes with her baton twirling.

This year she appears as "Mademoiselle Coquette" and "Nikki, The Swell" a comedy routine.

Friday, June 12, at West High School, the pupils of the Keith School of Dancing will present its annual recital at 8 p. m.

Youngsters and oldsters will enjoy "It's a Circus" as it has many features of a real circus. There's the circus parade, the barkers, popcorn balls, cotton candy, leopards, zebras, tigers, ponies, bareback riders, animal trainers, juggler, tight rope walkers, snake charmer, clowns, and the circus band.

"It's a Circus" is a fast moving, two scene vehicle in which some 200 Hilltop children take part. "The midway" is designed for the tiny tots and "the center ring" attracts the more advanced students.

The climax of the show is "Ballet Cameo". The music for this number is the well known "Die Fledermaus" by Johann Strauss, Jr., The ballerinas are Kathryn Seeds, Alice Martin, Dotty Lou Reese, and Carolyn Berry. The danseurs, Dorothy Dailey, Judy Newkirk, Dianna Tippett and Keith Lovewell. A very beautiful duo is danced by Dotty Lou Reese and Keith Lovewell. Choreography by Keith Lovewell.

The unique presentation of the Keith School revues has always caused a deal of favorable comment in the past 15 years.

Tickets may be bought from the students or at the door.

A Hilltopper Abroad

Mrs. G. C. Lyday Recounts Experiences While In Europe

Hilltoppers Mr. and Mrs. G. C. Lyday of 65 S. Westmoor-av, who sailed from New York aboard the Holland-American Line ship, Veendam on Apr. 17, are having an exciting trip. Mrs. Lyday sends an interesting account of their travels abroad.

She writes from Stuttgart, Germany, of their enjoyable 11-day voyage and of joining their son, Major Viernan Lyday and his wife, when they disembarked at Rotterdam. The party traveled by car to The Hague, over a four-lane highway dotted with windmills, Holstein dairy herds and lovely green fields.

The harbor of Amsterdam was most interesting, filled with ships from everywhere, including one from Russia. Source of amazement to Americans always, is the large bicycle traffic. A portion of city streets is reserved for bicycles, and there is always a bicycle path bordering country roads.

The tulips of Harlaam, she writes, are really as gorgeous as one might expect. In Hamburg, a city of over a million, 50,000 people were killed in the bombings. Much of the rubble has been cleared, and modern buildings have been erected.

Denmark, next on the itinerary, and not so prosperous as Holland, has a most impressive cleanliness. Farmohuses are built in a square, with an enclosed court, and barns and sheds all under the same roof, for added protection from winds.

Copenhagen, an island city, is known as the City of Towers. Tivoli Gardens, internationally famous park, the cathedrals and famous castles were all enjoyed.

An unexpected treat occurred on the ferry crossing from Denmark to Sweden, when Queen Ingrid of Denmark and the three small princesses drove onto the ferry.

Goteburg, 200 miles north of Copenhagen, proved enjoyable, as did the very modern Oslo, Norway. Norway is a prosperous country, having escaped extensive damage during the war.

Horses are still very numerous in all three countries, with only an occasional tractor being seen.

Mrs. Lyday has promised that there will be more news soon, concerning their experiences abroad.

The next meeting will be held on June 12, at the Hilliards Methodist Church.

Garden Club Plans Luncheon Meeting

Highland Garden Club will hold its monthly meeting at 12:30 p.m., June 15, at the home of Mrs. R. L. Underwood, 1955 W. Fifth-av. The hostesses, Mrs. E. D. Myers, 2034 Fairmont-av, Mrs. John T. Nutting, 2011 Fairmont-av, and Mrs. Charles C. Munro, 329 S. Harris-av, are planning the covered dish and fried chicken dinner.

New committees for the ensuing year will be announced by Mrs. C. V. Williams, 166 W. Shreyer-pl, president, in the absence of the newly-elected president, Mrs. W. D. Xander. 226 S. Westgate-av.

Lee is a vegetable grower living on S. High-st and George is Franklin County agricultural agent. Along with other folks working on the farm part of the county's sesqui committee, they have figured out a set of four tours into the farming sections of Ohio's middle county. It's a gesture of merit because town and city folks will have an opportunity on the tours to observe what 150 years of progress has meant to agriculture. They'll have a chance to see first-hand how food and fiber are produced right close to home.

There is no charge for any of these tours and one can drive their own car and take their family. No tour involves more than 40 miles total.

A belated Happy birthday wish to Bob Stewart, the blacktop man. Golf is his hobby in the summer . . . A Get Well Wish to Mrs. Elmer Fetter, a patient at Mercy Hospital . . . Skinny Gill is under observation at Mt. Carmel Hospital . . . Last week in the New York Giants and Chicago Cubs game Tom (Duke) Simpson pitched a four-inning relief role for the Cubs . . . Without fanfare, Captain Frank Luckshaw recently retired from the Columbus Fire Department. He is now associated with the Ohio Turnpike Commission . . . Johnny Benedetto, U.S. Marines, called to say "Hello" before leaving for Camp LeJeune. He will be out in September . . . On July 18 Eleanor Lane and Johnny Bischel will wed. After a honeymoon at Cedar Point, they will make their home in Chillicothe, where he is associated with Burroughs Machine Co. . . . This June, John T. Cantwell was one of five from Columbus to graduate from Notre Dame . . . Hilltoppers awarded degrees at Capital University commencement are Herbert Ault, Jr., Donald Baird and Fanchion Grier . . . Ellen K. Page, OSU graduate, is a new member of the Phi Beta Kappa, national scholastic honor society . . . Due home from the Far East are Lt. William H. Overmyer, Sgt. Kurt L. Elmer and Sgt. Victor S. Scarpitti . . . In mid-summer, Margie Jeanne Ruddock, career girl, will marry William Louis Belaney of East Liverpool, O. . . . Up at OSU, Harry Overs is one of the top ranking students in the college of arts . . . Newly elected officers of the Senior Hesperian Club are Mrs. J. E. Galloway, Mrs. Mielke, Mrs. N. S. Edberg and Mrs. J. E. Linville . . . The Kenny Pattons' daughter, Janet, who loves sports, is engaged to John Emery Crego, son of Mr. and Mrs. LeRoy Crego . . . We think these names should be mentioned, as members of the Blue Star Mothers who did an excellent job for them: Mrs. Heinzman, Mrs. Powers, Mrs. Hines, Frances Martin, Esther Stanch, Ruth Armstrong and Mary Randall.

Hilltop Dancers Will Present Pupils In Recital At Central

Two Hilltop dancers will present their dancing pupils in a show this Saturday evening at 8 o'clock at Central High School. They are Nancy Bailey and Jacquie Hardy, both graduates of West High School and are now teachers for the Jack Sherick Studios. Miss Hardy and Miss Bailey have studied dancing for many years with Mr. Sherick, and Hilltoppers will remember them from Band Variety Shows at West High and for their numerous appearances in Hilltop Minstrel Shows.

This is Miss Bailey's second year with the Sherick Studios. She will present her pupils from the Hilltop, Linden and downtown studios in two scenes, "Summer Weddings" and "Rhythm Varieties."

The second half of the show Saturday evening will feature the pupils of Jacquie Hardy who has been with Mr. Sherick for only one year, in The Club New York.

Some of the talented youngsters who appeared on the Jack Sherick television show this past season will be featured. Miss Hardy and Miss Bailey will each do a solo number in the show also.

What's after "Once-upon-a-time"?
● There'll come a time when fairy tales aren't real. Her doll won't be her playmate any more...
Her first day of school, first date, first prom—they'll live only in her memory book.
Before you know it, she'll grow up—daughter still in your home, but mistress in her own.
Will she have found the faith to meet the grown-up problems of her life? The courage and the inner strength to match the trials maturity will bring? Will she have serenity of spirit to convey to children of her own?
Faith is the heritage it is your privilege to bestow.
Show them the way... this week

Ronald DeVore Files Petitions For Mayor Race

Ronald (Ronny) E. De Vore, 320 S. Terrace-av, filed today his candidacy for mayor. De Vore has appointed A. Martin Logan, public relations counselor, as his campaign manager with headquarters in the Deshler-Wallick Hotel.

De Vore is seeking the office of mayor of the city of Columbus with the conviction the city can be operated on the same economic pattern as a private enterprise. He feels qualified to give the citizens of Columbus such an administration of economy and much needed efficiency.

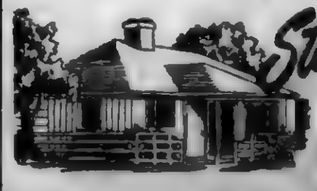
Repeal or revision of city income tax, better transportation, immediate correction of parking and traffic situation, better maintenance of streets, an ardent program for attracting big business to Columbus, plus a definite program of better housing, slum clearance, and recreational facilities are a few of the things on De Vore's program.

De Vore was born in Columbus Feb. 25, 1906. His background covers a wide scope, including five years' additional training beyond the usual grade and high schools, including business college, mechanical, electrical and radio engineering, aeronautics, business management, production systems and management.

During World War II he was certified as completing WMC sponsored courses in job instruction, job relations, job methods, and supervisory institute.

From 1934 to 1944 De Vore was vice-president and factory superintendent of the De Vore manufacturing Company, chemists. He has been doing tax accounting since 1945.

In January 1945 De Vore established the "Unclaimed Freight Stores" which now consist of a down-town store, a drive-in on Dublin-rd and three warehouses.



He is an active member of reception committee of Aladdin Temple. He is a past worthy patron of R. T. King Chapter, OES, past royal patron of Laurel Court, Order of the Amaranth, and is at present serving the second time as royal patron. He is also an associate officer of Mt. Olive Shrine.

Letters To The Editor

This newspaper invites letters from its readers on subjects of timely interest. All letters, however, must be not more than 400 words in length and all must be signed by the writer. The writer's name will be omitted if requested.

Hilltop Record
Editor:

On May 5 my son's bike disappeared from West High School. He is a paper carrier (35 papers) and his route is located quite a distance from our home, thus making the use of a bike quite necessary since he mows lawns after carrying his papers, often returning home to get our lawn mower.

He reported the bike's loss, description, etc., with no results. I do not blame the school authorities, for with such a large enrollment, it is impossible to question students individually. However, there may be some parent reading this letter who could do a little investigating. The bike was not a fancy one, but all that he had. It is blue, size 26" with a black front fender, no rear fender, and was proudly wearing a new redquilted plastic seat cover. It had been the property of his late father, thus giving it added value to the boy. This would mean little to any other youngster. He had made plans to paint and rebuild the bike when school was out.

He would be very happy to see it in the bike racks at West some day—no questions asked.

Mrs. Wendell F. Rector.

Hilltop Record
Columbus, Ohio
Mr. Editor

This is to advise the citizens and the veterans of World War One, who reside on the Hilltop, that they now have a Barracs of This National organization, located on the Hilltop at 2393½ W. Broad-st. in the VFW Hall, under the able command of Commander Alva Boystel.

The Old Sarge, well known to the veterans of the nation and a member of this Barracs, has been appointed by the commander to represent this organization on the traffic and bus situation of this community and of the City of Columbus.

I have been instructed by our commander to work with the Hilltop Council on all community affairs and sincerely hope to meet the representatives of all Hilltop organizations and groups at the meetings of the Hilltop Community Council.

This Barracs meets the second Sunday of each month in the VFW Club Rooms at 2393½ W. Broad-st at 2 p. m.

We extend a most cordial invitation to every World War One veteran of the entire city to meet with us and join us in our effort to secure justice for the veterans of that war; justice that has been denied us simply because two-thirds of the veterans of that war have refused to help themselves by joining any organization. Wake up, Comrades, it IS MUCH LATER THAN YOU THINK. Each day you put it off is just another day of life wasted, a day in which you could have done something for your self in an organized way.

This Barracs is proud to report that we now have a Ladies' Auxiliary. We extend a cordial invitation to the ladies who are eligible to join this organization, to do so at once. Just drop a card to Commander Boystel or President Mrs. Boystel at 191 S. Cypress-av, for full and complete information.

By THE OLD SARGE

Fishing Report:

When a person takes off on a fishing jaunt and then returns he is constantly confronted with the question "Did you catch anything?"

We have had these questions by the dozen with some slight variations from some skeptics who believe you should carry a fish around as proof.

Last week it was our pleasure to accompany Hilltopper Clarence Story, editor Pat Shrock of The Greenfield Daily Times and Judge Charlton Myers of Marion, on a jaunt into the French River in northern Canada

To say that we caught fish would be putting it mildly. Every man in the outfit had his due share of luck each day except one when we were rained in and took advantage of the cool day to catch up on some rest.

The pickerel were plentiful as were the northern pike. The water was still very cold and pickerel were caught while trolling and casting. Some fine bass found their way to our lures but in view of the fact that the season hadn't opened yet they merely provided the thrill of the catch and were returned to the water.

This territory was not new to Clarence Story, a veteran fisherman, and incidentally the finest cook anyone could want on an expedition of this sort. His menus included such fancies as pineapple upside down cake, apple pie, biscuits, and we won't forget his upside down cherry pie, brought about by the fact that the pie pan was too hot to handle. But the pie was still good.

Judge Meyers was a newcomer to the fishing field and took the five day course in stride and graduated with honors by catching the first fish and the last one. His dissertations on subjects ranging from Indians to school teachers added to the enjoyment of the trio.

It was the best year yet for Pat Shrock. We have fished with him many years but this one topped all previous records and he will long remember his 1953 catch.

The French River is a beautiful spot this time of year and in our opinion rates among the best for a vacation. The fishing is topped only by the hospitality of such fine people up that way as former Hilltopper Roy Wolfe who spends about five months a year there.

And we can't forget our very good friend, Bill Kennedy, who operates the fine Keystone Camp. For an all around good time a stop off at Keystone can be marked up as one of the best. If you are up that way be sure to look up the Kennedys. They are fine folks.

Kiwanians Name Cecil J. Randall Father Of Year

Cecil J. Randall

Common Pleas Court Judge Cecil J. Randall, 66 years young and a resident of the Hilltop at 1989 W. Broad-st for the past 42 years, this week was named by the Hilltop Kiwanis Club as the Father of the Year for 1953. The naming of Judge Randall for the honor marked the first time the Hilltop Kiwanis has selected a father for such honors.

The venerable jurist who has served on the Franklin County Common Pleas Court bench for the past 23 years, this Thursday will be the guest of the Kiwanians at the regular noonday luncheon meeting, which is dedicated to "Fathers' Day."

Judge Randall has long been in public service and served in many capacities. He was, for instance, the first Public Defender in the City of Columbus; he served eight years as a member of the Columbus Board of Education; taught a Sunday school class at Glenwood Methodist Church for 42 years; is a member of the YMCA Board, and is a 33rd degree Mason.

Judge Randall is the father of four children, two daughters, Mrs. Ed Nicklaus, Kokomo, Ind; Mrs. Charles Carpenter, Lacanada, Calif., and two sons, Chester B. Randall, 43 S. Warren-av, and David Randall, West High athletic coach, who resides at 83 Powhatan-av.

Judge Randall, although a busy man in civic affairs, still finds time for a hobby which is twofold. He likes to travel with his wife on long trips and to also give all of his available time to the sport of fishing. His wife, Ruby, said this week, "He'd rather fish than eat."

At the Thursday meeting of the Kiwanians a film feature, "My Son's Dad," will also be shown.

Candidates up for election at Friday night's session are: George Levisay for commander; Reynold E. Greene for first vice-commander; Richard Howard for second vice-commander; Richard Martin as third vice - commander; Robert Jones as finance officer; Marvin Bigelow and Edwin Emry for chaplain and Leonard A. Nelson as sergeant-at-arms.

Executive committee nominees, with two to be elected, are: Dewey A. Stout, Frank Morgan, George Skeene and Roy Hawthorne. Nominated to become a member of the Permanent Home Committee and as Corporation Trustee is E. C. Hartley.

Transfer Pupils To Get Choice Of 3 Schools

School officials said this week that a dozen 6-A pupils from Westgate School to be transferred next fall will have the choice of attending either John Burroughs, West Mound or West Broad Schools.

The midyear class will become seventh graders in January. They will not attend West Junior-Senior High School the first semester next fall as was reported Wednesday, because that school also is crowded, officials said.

W. W. Miller, assistant superintendent of schools, said the new Westgate building will have a capacity of about 500 pupils next fall. Keeping the second-semester sixth-graders there would necessitate a divided sixth-grade class of 50 in one classroom.

Citizens Transit Suggestions Killed By Report

Downtown Loops Are Ruled Out In Cook Report

The two major recommendations in the Citizen's Transit Committee report, urging express service and downtown loops, were practically ruled out of further consideration this week after a report of Columbus Safety Director Donald D. Cook classified them as "impractical."

The report was made to Mayor Robert T. Oestriecher, who said that after scanning the data, that he would still like to try and work out some method of express service, probably for the morning rush hours.

Cook, in his report to the mayor on the recommendations of the Citizen's Committee, said that the amount of time saved by the express buses would be very little. He also said that downtown loops would create additional traffic congestion and tend to delay, rather than expedite bus service.

The report from Cook stated that time checks revealed that only five to seven minutes would be saved by express service on the West Broad-st line, the E. Main-st line and the N. High-st line. Express service, he declared, would only be feasible when Columbus has expressways and that a downtown terminal would be needed to get the most benefit from such express service.

Cook scored the double parking of trucks and cars as the greatest hindrance to the mass transportation problem and pointed out that the solution is the making available more men in the police departments for traffic enforcement.

Cook's report practically wiped out most of the recommendations made in the Citizen Transit Committee's report. It was pointed out, however, that the points still feasible are speedier service on all lines, extension of lines within the city and loops outside the downtown area.

Citizens of the various areas in Columbus have contacted different members of the Citizens Transit Committee this week, voicing their disapproval of the manner in which the Committee's suggestions have been stifled by various members of the Mayor's cabinet.

It was pointed out that members of the Committee had given much of their time and effort to compile the wishes of the citizenry toward better transit service and that the methods by which these recommendations are being ignored leaves much to be desired before the public as a whole can accept any appeasement to the Transit Company in relation to fare increases.

It was further pointed out, that the citizens of the city were asked to give these suggestions and recommendations to that the public officials would have available facts and figures on what public demands were before any rate increases would be discussed.

Fringe area residents also were critical of the manner in which the recommendations have been killed one by one, pointing out that the action was further evidence of the refusal of city officials to cooperate with them in solving their growth problems.

Preparations Are Begun On Big Community Event

More and more activities is evidenced around the Hilltop Business Association offices at 3183 W. Broad-st these days as the 1953 Hilltop Bean Dinner committees begin functioning in anticipation of the annual community affair slated for July 28-29.

Several of the events for the forthcoming festival have already been made known. One of them which promises much merriment for the throngs which will assemble at Westgate Park is the big Tug-of-War challenge match between the Hilltop Kiwanis Club and the Hilltop Lions Club. The Lions have named Ed Tonti as the captian of their team and they have begun practice. Thus far the Kiwanis Club has revealed none of its plans.

The tug-of-war incidently will be across Westgate Park Lake with the Lions team on one side the Kiwanians on the other. To win, one team must take the other team across the lake, otherwise there will be no contest.

Final registration date for the contest is July 15. All contestants must submit a photograph of 2 inches by three inch size with their registration blank. Registration blank is in todays issue of the Hilltop Record.

In the meantime E. H. "Curley" LeFever, general chairman of the 1953 Hilltop Bean Dinner and his vice-chairman Ray Dethy made announcement today of the committees which will serve for the event.

Norwich School Transfer Feud Is Rekindled

A number of the residents of the Norwich Special School district are determined to become a part of the Norwich Local School District.

This week, after being informed that the Franklin County Board of Education had been forced to rescind its former action of transferring the district because of a counter petition, they immediately petitioned for separation of a portion of the district. As a matter of fact they have asked to secede that portion of the district which was favorable to the earlier merger.

Residents in the special school district had urged the change as a fiscal advantage and brought the matter before the county board. However, 76 residents had signed a petition opposing the change.

The dispute will come up for further action by the board when it acts on the new petition brought by proponents of the change, urging that the special district be absorbed except for the area to which signers of the objecting petition live.

The one school involved is on Dublin-rd, south of Roberts-rd.

Scout Council Elects Officers

Henry A. Flaharty, President of the Columbus Coated Fabric Company of Columbus, was elected President of the Central Ohio Council of the Boy Scouts of America at the annual meeting of the Council, held at Camp Lazarus on Sunday, June 14. J. H. Fulford, President of the Jeffrey Manufacturing Company, George E. Gauthier, Athletic Director of Ohio Wesleyan University at Delaware, and Robert Terhune, owner of the Bobana Farms at Washington C.H., were elected new vice-presidents.

Robert W. Irwin, Business manager of the Ohio State Journal, was re-elected vice-president. Scott Krauss, owner of the Krauss News Agency, was re-elected treasurer, and M. E. Sensenbrenner, owner of a W. Broad-st store, was re-elected council commissioner.

Veteran School Teacher Retires From John Burroughs Position

Mrs. John W. Neff at left is pictured above as she presented a going-away present to Clara Wood, John Burroughs teacher, who this week retired from teaching duties after a 49-year stint.

By Pat Martindale

The party held for the graduating class at John Burroughs School had a double purpose this year. Not only were the 85 students who graduated honored but Clara Wood, who has taught school for 49 years, is retiring.

At the June 10 party each graduate was presented with the traditional graduate's cap and an autograph book and pencil by the PTA and Miss Wood was presented with a travel clock.

Miss Wood has taught in Mt. Vernon and Akron, Anderson, Ind., and at Fleser, Mt. Vernon-av, Felton and Heyl-av Schools in Columbus. She has taught at John Burroughs School for the past nine years.

"Teaching methods have changed a great deal in the past 49 years," declared Miss Wood, "and mostly for the better. Nowadays children have such a wide scope of learning channels, such as radio, television and the various organizations that plan children's programs, while years ago they were taught just plain subjects from books alone.' Miss Wood believes that children now just as years ago, must be disciplined but that the type of discipline depends upon the individual.

Being a very active person, Miss Wood expects to continue in her club work and church work and she says she would like to continue to work some with children.

At the graduation party, the sixth grade teachers, Marilyn Nolan, Stella Schart, Marion Kane and the principal, Genevieve Maloney, were seated at the speakers' table. The committee in charge of the party was as follows: Mrs. Russell Adams and Mrs. Carl Ingle, co-chairmen; Mrs. Wilbur Morrison, Mrs. Eugene Ingles, Mrs. William Murphy, Mrs. John Butterbaugh, Mrs. Roger Gove, Mrs. Warren Buck, Mrs. Robert Miles and Mrs. Charles Reichelderfer.

On June 2 the teachers at John Burroughs honored Miss Wood with a farewell party at the Beechwold Inn.

In Passing

You'll like these stray quotes better than anything I could write—If there wasn't any weather, a lot of conversation would never get started . . . If the little boy is practicing his music lesson, his mother is home . . . I call my car Flattery because it gets me nowhere . . . If you are genuinely happy, you don't know why . . . It isn't the load that breaks you down, it's the way you carry it.

While watching the coronation, my favorite five-year-old asked when the cowboy was going to lasso the queen. Which is one difference between an inauguration and a coronation, I suppose . . . A lucky friend of mine had her rent raised ONE DOLLAR; another not quite so lucky, twenty-five dollars . . . Another lovely lady at The Hilltop Record office is Jane Jones.

In the last "In Passing," I mentioned that Rosemary Clooney Street in Maysville, Ky., runs straight up a hill. It came out "Rosemary Looney Street in Maryville, Ky." Sorry, Rosemary honey.

OVERHEARD BESIDE A BUGGY

You've got to get to know him
To judge him as you should,
For watching from the sidelines
Is just no earthly good.
You've got to get to know him
To feel that he's astute.
It hardly seems sufficient
For you to call him cute.
That's such a weak description
Of one so truly great;
Of one the Lord has fashioned
To wield affairs of state.
You've got to get to know him.
There's more than meets the eye.
Beneath that drool and drizzle
He's really quite a guy.
The world has lots of problems
To cause a chap to weep,
And wisely he takes refuge
In falling fast asleep.
You've got to get to know him.
He's brilliant as can be.
Would you believe it, brother,
Already he knows me!
You've got to get to know him
To grasp the things I've told
'Cause really he's quite something
And only six weeks old.

Here are a few facts about local people that might not be widely known: A lady in Worthington posed for the Madonna window of a large Los Angeles church. I've seen photographs of the window; it is beautiful and so is the model . . . in one of Columbus' hospitals is a lady who has played on Broadway with Mae West and other celebrities. Mae sends her a check each year at Christmas, and sees her when she comes to town . . . My favorite shutin whom I've mentioned here several times, is branching out as a writer. For years she has written to many disabled veterans and other shutins, and has sent occasional features to the newspaper in her home town. Now she is writing verse and articles: one of the latter appeared recently in the Sunday Dispatch Magazine and another has been accepted by a national magazine. It is true that we can if we think we can.

Your Youth

By Bob Schmidt - Dick Wilson

"Thanks a million" to Mrs. Thelma Neal and the Hilltop Womens' Chorus for the $15 donation they recently made to the Hilltop YMCA. This sum will go toward current expenses of program for youth. The Chorus has been meeting weekly at the "Y" office throughout the fall, winter and spring months. One meeting a month is a social meeting while the remaining periods are used for chorus practice sessions.

"Thanks a million" to Bob Edgar, proprietor of the Westgate Plumbing Co., at 2480 W. Broad-st, and Harold Cunningham, farmer in Valleyview, for the use of their trucks in the Hilltop YMCA Leaders' Club scrap drive. The boys made their financial goal on the drive although the "little red plumbing truck" had to end up getting a new pair of "shoes." Yep, dear readers, you guessed it! But it wasn't only one flat tire—it was a grand total of three. (And all of them during the hard downpour of rain in the afternoon.)

"Thanks a million" to Gilbert Coffman, father of one of the members of the Leaders Club, for donating his time driving one of the trucks (not the one with the new pair of "shoes") and handling one of the working crews of boys.

"Thanks a million" to all the Hilltop residents who donated paper, rags, magazines, etc. Without your cooperation, the drive most certainly would not have been the sucsess it was.

And now that our thanks have been extended to all deserving of it, here is a brief schedule of the baseball and softball leagues supervised by the Hilltop YMCA for this summer. Monday, June 15, was the work detail day for all Little Nine baseball players. Practice sessions started June 16 and will continue through Friday. Actual league play will begin on Monday, June 22, at West High field with practice sessions in the morning and games in the afternoon.

Tuesday, June 16, was the opening game in the Hilltop YMCA Junior Church League. Teams in this league are Avondale EUB, Glenwood Methodist, Hoge Memorial, Hilltop YMCA, Cocheri Memorial, Alliance and Westgate EUB. Games will be played every Tuesday at 6 at Westgate Park throughout the summer.

Thursday, June 18, will be the opening game in the Hilltop YMCA Intermediate Church League. Teams in this league are Volunteer firemen, Church of Christ, Pythgroans and West Park Methodist. Games will be played every Thursday at 6 at Westgate Park throughout the summer.

A Looper "Slow Pitch" League is being organized for men over 30 years of age. Leslie Chick will supervise this league; so all of you old men who still have young ideas and are interested can call Dick Wilson at the "Y" office, JO. 4641 or Chick at JO. 2270.

FATHER OF A SOLDIER

He goes his way, doing the things he must do:
He grieves but his grief is hidden
(Mother might know) He has told her often
That nothing can happen to their son.)
Father works doggedly and silently,
In his garden and at his desk.
He donates blood and buys bonds.
Remembering young Bill's bragging
When he was ten, that his dad
Never let a guy down.
Father is a rock; a barricade
Against troubles, great and small.
Surely God, a Father too, will answer
Day's quiet praying

TO FATHER

My father had the knack of bending over
And finding keys, as one finds four-leafed clover.
He kept them in a dove-tailed woodan box
Thinking, perhaps, he would discover locks
The keys belonged to, or that they might fit
In other locks, by being filed a bit.
There was a key of iron that we guessed
Had once been used to lock a seaman's chest,
An' little silver watch-keys on a ring,
And common ones that we could count and string;
On stormy mornings Mother let us play
With Father's keys. We put the box away
Before he came. I think of Father still
As one who opened doors for us, at will.

It's Vacation Time For Sure — And Hilltoppers Make Most Of It

Hilltoppers find many means whereby they can find relaxation during the summer vacation months as can be readily seen in the above photos snapped at random last week while young folk were at play enjoying those first few days of summer vacation after the school books were put away. In the roundup story via the camera lens we found the parks full of youngsters enjoying the recreational facilities available to them. Shown here are the scenes around local parks and Hilltop Swimming Pool last week.

Looper League To Make Debut On Hilltop Soon

By Dick Wilson

The Hilltop is being offered a different type of softball in the form of a Looper Slo-Pitch League. This league will be only for men 30 years of age and up. Distinctive characteristics of the league are that the ball must be delivered by the pitcher in a looper fashion, there will be no base-stealing and bunting is taboo. Regulation softball rules will be abided by, with the exception of the above three points.

Leslie Click will be the Hilltop YMCA supervisor of the league. Click has had experience as Assistant Recreation Director of the Salvation Army and is well known in softball circles throughout Columbus for his ability as a softball player.

Teams that have already signified interest in the league are: Hilltop Branch Post Office, managed by Jim Smith; Westgate EUB, managed by Bill Williams; New Rome Independents, manager unknown; and an independent team managed by Dick Nash. Any other team interested in entering the league is asked to contact Click at Jo. 2270 or Dick Wilson of the Hilltop YMCA at Jo. 4641.

Games will be played at Westgate Park on Thursday evenings at 6 o'clock. Tentative starting date is June 25.

Golfing Slants

By JACK KIDWELL

Par withstood the assault of some 600 players this past week, but was forced to bow to Harold Todd by two strokes. Harold shot a steady 35-35—70 to take the pot money from Norm Hanlab, Haig Addison, Beyrl Taylor, Al McFadden and Charley Dolby.

McFadden and Dick Murray turned in a couple of 76's, which were followed by Big Jawn Allen with a best-ever 77.

Other best-ever rounds were played by George Towne, the old maestro at the Neil House, and Andy Anderson, each requiring 94 strokes. Herb Loechler also shot his lowest score, when he journeyed to Army C.C. to shoot an 87.

I read a good poem in the last issue of the U. A Journal. It was by Edgar A. Guest and is but one of his many excellent poems about golf.

The Bad Golfer Who Was Good

"I'm a golfer, St. Peter!" the spirit proclaimed,
"And of much I have done I am truly ashamed.
"I have flubbed and I've dubbed to my pitiful cost,
"But I blamed not the caddy whenever I lost.
"I've sliced and I've hooked and I've been in the rough,
"Twenty years I've played golf—I've had trouble enough!
"I've cursed when in sand traps, of that there's no doubt,
"But I covered my footprints before I went out.
"I'm a golfer, St. Peter! Just one of the mutts!
"My sins they are many, I've taken three putts
"Countless times when I shouldn't, my record is black,
"But always the divots I cut, I put back!
"I'm an old hundred shooter! I thought I was great
"Whenever I finished around ninety-eight;
"I was slow at the game, I confess it to you,
"But I never refused to let others go through."
"Come in," said St. Peter, "Come in and sit down!
"Come in and I'll give you a harp and a crown!
"I've a welcome for you, with the saints you may dwell,
"For it takes moral courage to play golf well."

Many golfers have wondered why 18 holes constitute an official round. It is usually formost in their mind after having turned the front nine in 68.

It seems that 18 holes was an exact fit for the St. Andrews course, the birthplace of golf. Nine holes out and away from the first tee and nine back to the clubhouse.

Feature Race At Hilliards Oval Saturday

The feature event on the week's harness racing program at Hilliards Raceway, Hilliards, will be a Class 22 pace to be raced Saturday night, June 20. The headline event, to be raced in two divisions, will carry a divided purse of $1,200.

Hilliards Raceway, now entering its second week of night harness racing, reports an increase of 25 per cent, both in attendance and in the mutuel handle.

Top driver in the early stages of the 41-night harness racing season is Clem "Slim" Shilling, veteran Washington C.H. reinsman. Shilling set a fast pace for leading driver honors by winning the first two features at the Hilliards track.

Eight races are offered nightly at the Hilliards Raceway with an extra race added to Saturday's card. Night harness racing will continue at Hilliards through July 25.

More than 500 horses and approximately 50 drivers are competing for $150,000 in purses being offered during the meeting by the raceway. Larger fields and better trotters and pacers have made it possible for racing secretary James Lynch to provide the fans with several thrilling finishes. The races have been so close that more than 50 per cent to date have been decided by the photo-finish camera.

Post time nightly for the night harness races at Hilliards Raceway is 8:15 o'clock.

YOUR SHOE MAN

Do you take the shoe-man's advice when you get shoes, or do you think you know more about applying shoes to your feet than he does? Of course it does depend somewhat on where you buy shoes. Many of the cheaper departments and style stores do hire clerks, extra men and students who don't know much about fitting. I'll grant you. In such cases about all they know is how to read the size in your old shoe.

But if you go to a good shoe store, one that makes a business of fit, you'll find men there who have attended the college of experience almost as long to learn to learn their profession as did your doctor attend medical school to get his. If you go to such competent, conscientious fitters and, figuratively speaking, put your feet in their hands, you'll be fitted as nearly perfect in shoes as it is possible to be fitted.

If you have trouble with your feet or if you are hard to fit, try this same time. Go into a shoe store and ask the shoe man to fit you in what you should have, regardless of style, size or price. You may cause the poor man to have heart failure, but I'll bet you get the best fitted pair of shoes you ever had.

Camp Chase Team Walloped By Boys' Club Nine 9 To 3

Camp Chase Post-Beasley Grove Junior Legion team lost two important league games to give them a 1-2 record for league play this past week-end.

At West last Thursday, the Smith-Barratt-Boys' Club team walloped them 9 to 3 in a seven inning game. Weak hitting and errors was the whole story in a nutshell. Camp Chase collected only six hits as the Boys' Club team belted out 13 to all parts of the field.

Jim Cobb doubled and Gary Nebinger had two singles to lead the hitting for Camp Chase. For the Boys' Club, Sally got three for four and Hakes three for five and each of the other seven players one hit.

Camp Chase 3, Circleville 1

In a non-league game at West Saturday, Camp Chase beat the Circleville Legion team three to one in a tight game. Camp Chase's right hander Bob Courtney gave up only two hits while striking out six and walking four in five innings. He was relieved by right hander Karl Davis, an outfielder converted to pitcher and hurling his first game, in the sixth inning. Courtney was taken out only to give Davis experience.

In the four innings Davis pitched he allowed one scratch hit, struck out six and walked three.

Hughes collected three singles in four trips for Camp Chase.

Camp Chase 6, Bexley 8

After taking a 6-0 lead early in the game the Camp Chase Legion team blew sky high in the fifth inning at West against Bexley Sunday.

Two errors and a tipped bat loaded the bases with none out. A batter hit by the pitcher and a walk forced in two and two singles in a row accounted for four more to tie the game up six all.

In the sixth inning a hit batter, walk and two singles accounted for two more for Bexley and making the score as it ended, Camp Chase 6, Bexley 8.

In the seventh with one out, center fielder Gary Nebinger was safe on a bad throw from short but as he hit the bag at first he twisted his ankle and fell. It is not known at this writing how serious the sprain is but it is certain he will not be in the line-up for tonight's game. Nebinger is Camp Chase's leading hitter. He batted cleanup in the game in which he was injured and collected two for four including a grounds rule double that bounced into the football stadium. He is hitting .375.

Legion Little Bigger

No-Hit, No Run Game Hurled By Camp Chase Mike Posey

Collecting nine clean hits while their opponents were able to rack up only four and a beat out bunt, the Camp Chase-Beasley Grove Little Bigger team went down to defeat 5-3 against Buckeye Electric at Columbus Academy last Friday night.

The Buckeye nine scored two after two were out in the third with a home run, a batter hit by the pitcher who went to second on a passed ball and scored on a single.

Camp Chase bounced back in the next inning as Johnny Edwards led off with a single, Dave Randall doubled to center sending Edwards to third, and Ronnie Nebinger singled to center to score Edwards and Randall and tie up the score at 2-2.

With one out in the sixth inning, Randall singled to right stole second, and scored as Ronnie Nebinger again singled to center to drive in his third run and the only runs scored by Camp Chase.

Going into the bottom half of the last inning behind one run, the Buckeye team drew a walk for the first man up. A safe bunt put a man on first and second with none out. The third batter pulled one on the fly down the third base line that bounced into the weeds beyond the short Columbus Academy left field. By the time the ball was found in the dense undergrowth the batter had scored, driving in two ahead of himself, to end the game.

Batteries: Jim Mentel and John Edwards; Tom Ruth and Bill Borreau.

Dave Randall led the hitting for Camp Chase with two doubles and a single in three trips while Jim Mentel and Ron Nebinger each had two singles in three trips.

Posey's No Hit-No Run

Playing at West Saturday against Briggsdale in a make up game that was rained out last Wednesday, Camp Chase beat Briggsdale 20-0 as right hander Mike Posey hurled a no hit-no run game, facing only 24 batters in a seven inning game. He struck out nine and walked three as only one man reached second base.

It was the other way around for Camp Chase as every player on the team fattened his batting average. Larry Price got one for three and scored four runs along with George Watkins who got two for six. Jim Wilson, Ron Nebinger, Mike McDonald and Bill Spratley each collected two hits and Ken Clapsaddle and Stan Huff hung up three each, Clapsaddle getting two doubles.

In a game too late to meet press time, the Camp Chase Little Biggers were scheduled to play St. Marys at West last night. Tomorrow night they play Buckeye Electric for the second and final time this season. This game has been moved up in the schedule to make room for the Legion All Star games. As early as it is in the season, this could be the deciding and most important game of the season for Camp Chase. This is the same team that upset them last Friday. Buckeye has a 3-0 record against Camp Chase's 2-1 standing.

James Zulauf, one year old son of Mr. and Mrs. Robert Zulauf, 308 N. Harris-av, is a bit young to be thinking of queens, but we thought with the Hilltop's Annual Bean Dinner in the offing it made an appropriate caption line to explain that inquisitive expression.

SPORT SLANTS

By Woody Owen

As usual graduation has again taken its toll of West High School athletes, some of whom rated among the finest in the city.

The football squad was the heaviest hit, having lost nine of its players on the offensive team and several defensive stalwarts.

Those who will not be around when the pig skin begins to fly this fall are all-city ends, Jerry Trabue and Bob Thornton; all-city tackle, Tommy Thomas; all-city guards, Fred Ives and Bob Guiffrie; centers, Ron Raike and Chuck Warne; tackles, Roger Meyers and John Weaver; end, Earl Redman; halfbacks, Bill Haire and Ron Grant, and all city quarterback, Dick Orr.

The baseball nine losses are Bill Haire, Dick Hutchinson, Sam Zavatsky, Herb Brown, John Weaver, Roger Hamrick with Ron Bowman becoming an alumnus next February.

Basketball losses were Dick Hutchinson, Earl Redman, Bob Thornton, Jerry Trabue, Bill Haire and Herb Brown, while the heaviest track losses were Chuck Warne, 1953 city discus champion and also the record holder in the event, and Don Whipple, 1953 city champion in the shot put event.

This writer takes this means to wish each of you nothing but the best in the future and here's hoping that many of you go on to college and do as well as you did for the Cowboys.

Each of you can be justly proud to have been members of the athletic squads at West, whether having been a regular or a substitute as every member of the squad helps make a winning team.

Historic Presbyterian Church Site Of Earle-Wollerman Rites

Mrs. and Mrs. Fred Wollerman

Old-fashioned garden flowers decorated the almost century-and-a-half old Presbyterian Church at Perrysville for the wedding of Miss Elizabeth Jane Earle and Mr. Fred Louis Wollerman on Saturday, June 6. Officiating at the 2:30 p. m. candlelight ceremony was Rev. Alfred J. Wold, minister of Hoge Memorial Church. During the marriage service, the couple partook of Communion, using the ancient pewter cup of the original Communion service of the church.

Miss Earle is the daughter of Mrs. Leo Hitchcock and Mr. Wollerman's parents are Mr. and Mrs. Arthur Wollerman of 387 Demorest-rd.

Preceding the ceremony there was a half hour of instrumental and vocal music, with pianist Miss Beverly Fisher and Lyric soprano, Violet Chokreff.

Given in marriage by her stepfather, the bride wore a ballerina-length gown of white chantilly lace over taffeta, styled with a formal princess bodice, and full skirt, and a short spencer jacket finished with tiny scallops, high collar and long sleeves. Her fingertip-veil of illusion was held in place by a matching cap and head band. She carried a white Bible topped with a purple-throated white hybrid orchid and stephanotis and wore an heirloom locket.

Attending the bride were Miss Janeen Christopher as maid-of-honor and Miss Rosie Crawford as bridesmaid. Miss Phyllis Crider attended her cousin as junior bridesmaid. Each wore identically fashioned ballerina length gowns of dotted net over taffeta with yokes of sheer net, and drop shoulders formed by net ruffles. Their bandeaux were fashioned of illusion and flower petals. Each carried a colonial bouquet of pink carnations and pink tulle. The maid-of-honor's gown was of pale pink and the bridesmaids' of pale blue.

Mr. David Westenbarger served as bestman and the ushers were Mr. Paul Shanabrook and Mr. Richard Davis.

A reception was held at the church immediately following the ceremony. On Friday evening, following the wedding rehearsal, Mr. and Mrs. Arthur Vollerman entertained the wedding party at The Century House, in Loudonville.

The bride is a graduate of Perrysville High School and is now enrolled at Ohio State University.

The bridegroom graduated from Wooster College on Monday, June 8. After July 15 the newly married couple will be at home in their newly built home at 547 E. Weber-rd.

Seen at Seiller's

It's vacation time again, and that's the time to buy some cool cotton dresses, shorts, suits or slacks and be prepared for those glorious two weeks with pay.

The newest thing Seiller's have in cotton dresses are the trim little 2 piece suit dresses made of Fleck Cord. A combination of rayon and nylon. An extra strong fabric, yet cool. Specially created for warm weather. Seiller's also have some wonderful seersuckers to make your vacation life easier and more fun. Cool, smart, halter style dresses with stoles or little perky jackets, whichever you prefer.

For you little girls 5 ft. 4 or under, Seiller's have those superbly styled Berkshire frocks, no alterations needed.

There is no need to pay any penalty in appearance and price, just because you're a little on the chubby side, Seiller's have dresses designed to make you look slimmer and who wouldn't be happy about that?

Have you ever had unexpected guests drop in and catch you in a pair of old droopy shorts? Do you feel and look poised? No of course you don't. Well you will, if you have on a pair of the beautifully tailored shorts that we saw at Seiller's. They are all famous name brands. We especially liked the heavy crease resistant grey ones, made by Jantzen. They really fit and never, never lose their shape.

Zippered in the back for a neat trim look. They give the impression of taking pounds off the derrier.

Of course you know by now about the McGregor shorts for men, scientifically designed for comfort, in 4 different lengths. Also the cool, comfortable Hobby Jeans men are so fond of.

Seiller's have some glorious, big beach towels, beach bags, swim suits, slacks, everything you could possibly need for summer fun.

The apron effect of taffeta extended into the bouffant skirt, and the three cornered stole was in matching taffeeta. Miss Breining carried a bouquet of aristocrat and sweetheart roses. Home——On The Hilltop

The Hilltop is a community of home owners . . . and rightfully so.

Over the years many thousands of people who have come to the Hilltop have found this to be a fine place in which to live. The friendly neighborhoods, the friendly and convenient stores, the varied services of all descriptions and above all else that old thing called 'Hilltop Spirit', have influenced them to buy or build their homes here and settle down to the real business of living.

An analysis of what has made the Hilltop great can be traced back to the efforts of organized business people of the community who, over the years have given of their time, effort and money to develop every worthwhile project that has come along for the good of the Hilltop.

This leadership from the business people of the community has been well received by the residents of the community because they have found these business people friendly and unselfish.

And so it is that Hilltop home owners and residents of the community have come to be fine friends and patrons of Hilltop business firms . . . they have long since learned that their business done with the local individual stores brings them so many returns in the form of a progressive community.

"Where are we going, Daddy?"

He puts his hand in yours with such confidence, looks up with so much pride. This is the way you go together—to a neighbor's . . . to the store . . . to take a walk . . .

Where are you going this time? Could it be . . . to church?

That's the shortest *long* trip in the world. Perhaps only a block or two. But it can lead all the way to Peace of Mind.

Your mind may not have been at peace in many ways, with one particularly disturbing thought returning time after time . . .

The little fellow . . . starting to grow up . . . starting to grow up without formal religious teaching . . . without training in knowledge of God.

What would the world be without God? What will our children be, without training in knowledge of God? If we let this happen, and something goes wrong, how can we ever face them in their hour of need?

So this week, you and he together are taking the first step. Your greatest gift to your children is faith in God.

Show them the Way ...this week

THE BOYDS OF BLACK RIVER
By Walter D. Edmonds

The Boyds lived in upper New York state on a prosperous farm. A new century was just starting. Uncle Ledyard Boyd raised horses for sulky racing. It had been many years since the Boyds had a winner. Doone, Uncle Ledyard's son, placed his faith in Blue Dandy. Through Doone's training and John Callant, the groom's, help, Blue Dandy came into her own in an exciting first race against three of the best race horses.

Teddy, a neighbor boy, tells the story. We see through his eyes Doone's courting of Kathy. We see the gouty but lovable Admiral, the grouse shooting, the dog fight, the exciting roundup of the dog pack and many other incidents. This is an excellent book, well written, and pleasant reading.

THE DOCTOR DISAGREES
By Elizabeth Seifert

Dr. Stephen Carr volunteered for active duty in Korea against his family's wishes. Shelly, his lovely wife, was left to bear his family's criticism and interference.

Dr. arr asked an old friend from Medical school, Craig Talboy, to take over his practice while away. Craig was always in trouble with the conservative doctors. He felt deeply about the American Medical Association and what it should do and stand for. He fought for these beliefs against great odds.

Shelly and Craig are involved in malicious gossip by the townspeople. Through Shelly's quiet good sense and love for her husband the gossip is stilled.

This is a book of professional conflice among doctors. It is entertaining and light reading.

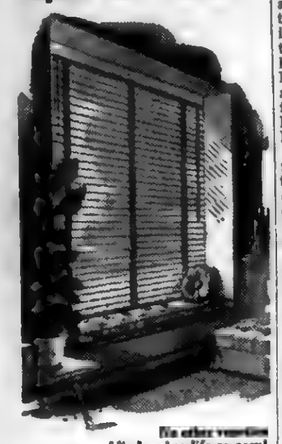
Anyone who appreciates New England dry humor will enjoy reading "The Last Resorts" which was written by Cleveland Armory. Names of many well known society folks are mentioned along with humorous incidents in their lives.

The last resorts that were "right" for socialites were located mainly on the east coast—"The Berkshires, Palm Beech, Hot Springs, Narragansett Pier, Tuxedo, Newport, and Bar Harbor, the exception being Palm Springs in California which caters to the movie crowd. Charles Farrell is the mayor of Palm Springs and Bob Hope is the honorary mayor. Raymond Loewy, the industrial designer, has one of the outstanding homes in this area. His swimming pool runs into his living room and frequently guests accidentally fall into it while saying their goodnights.

It would be of interest to Columbus folks to read about the home of Canon Anson Phelps Stokes, former rector of Trinity Episcopal Church here in our town. Today he lives in Lenox, the social capital of the Berkshires, in the second largest resort cottage in the country. Inherited from his father, the cottage occupies half a mountain and is a "100 room trurreted castle." Canon Stokes confines his living to the building that was once the dairy. While at Yale he wired his mother "ARRIVING THIS EVENING WITH CROWD OF 96 MEN" and he received this return wire from her "MANY GUESTS ALREADY HERE, HAVE ONLY ROOM FOR 50."



To Tuxedo, a resort 40 miles northwest of New York City, goes the credit for the first tail-less dress coat which is now called the tuxedo. Griswald Lorillard, of tobacco fame, wore the first one to the Autumn Ball in 1886.

In Newport, an island belonging to Rhode Island, lived Mrs. Stuyvesant Fish, whose husband was president of the Illinois Central Railroad. She was quite a wit. Once upon observing a young man at one of her parties in a sport shirt she was known to ask, "Who is that young man in the negligee?" Again during a coughing spell Mr. Fish asked her if he could get her something for her throat to which she replied, "Yes, you can, that diamond and pearl necklace we saw today at Tiffany's."

From the lady who wore velvet eye-lashes to parties to Mr. Belmont who provided clean sheets for his horses to sleep on every night it was fascinating to read of the idiosyncrasies of the rich. However the author left much to be desired in connecting his stories. He left the reader with the feeling that the only thing that held the back and the front of the book together was the paste on the binding.

Hilltop Plagued By Serious Water Shortage

G. M. Official Scores Lack Of Water Planning

Paul L. Jones, resident manager of the General Motors Ternstedt Plant on the Hilltop this week heavily scored the City of Columbus for its lack of planning to back up promises given to General Motors and to Westinghouse assuring them of adequate water supply.

Jones' signed statement to the press and to city officials was released Tuesday morning following the stoppage of production at the huge industrial plant because of the acute low water pressures to this area.

Jones' statement pointed out that adequate water was promised to both General Motors and Westinghouse plants as an inducement to bring them to Columbus and asked the question, "Where is the water?"

Jones said in his statement:

"Operations were affected at Ternstedt on Friday the 19th, Saturday the 20th, and Monday the 22nd because of the water shortage. The shortage on Friday was of short duration and only resulted in idle time, no employees being sent home. However, on Saturday, a regular scheduled production day, 1100 employees were sent home at 9 p. m., resulting in a loss of 3,850 hours of pay and production. On Monday the 22nd, the shortage of water resulted in the stoppage of many operations from 7 until 11 p. m., the employees being retained on the job.

Again attention is called to the fact that Westinghouse has not begun to use water to any extent, and that adequate water was promised both of these plants as an inducement to bring them to Columbus.

Where is the water?

Because of inadequate planning to back up these promises, the only apparent, immediate recourse is to ban lawn sprinkling and any additional waste of water during the shortage periods as could be decided by the city authorities until such time as additional facilities can be provided.

The alternative to the above, continued harassment of water shortage, can only throw into reverse the industrial expansion program and its financial support to the city.

Kiwanians Are Attending Convention

C. Carlton Hartley, president, and Otto J. Best, first vice-president of the Hilltop Kiwanis Club were delegates this week at the 38th annual convention of Kiwanis International at New York. The convention opened Monday, and closes today.

The delegates will elect International officers, act on amendments to the Kiwanis International Constitution and Bylaws, and pass on resolutions presented to the convention.

Headlining the convention speaking program are eminent business, political, professional, and religious leaders.

More than 15,000 Kiwanians and their families were expected to view a glittering dramatic production staged by Leon Leonidoff of Radio City Music Hall fame, in Madison Square Garden on Wednesday evening in conjunction with the president's reception and ball. This spectacular entertainment was to be one of the highlights of the convention.

Kiwanis ladies and junior guests will be entertained by a professional fashion show, teas, luncheons, and tours of the many points of interest in New York City. The ladies will be addressed by Mrs. Ivy Baker Priest, treasurer of the United States.

Kiwanians from the Hilltop Kiwanis club will convene with fellow Kiwanians from every state in the Union, Canadian provinces, and the territories of Alaska, Hawaii, and the Yukon.

Municipal Race Is Narrowed For Elections

Two candidates for offices in the Aug. 11 primary were knocked out of the race last week because their petitions did not contain sufficient valid signatures.

Ruled off the ballot by the Board of Elections were Everett M. Young of 1280 Linwood-av, a candidate for mayor, and G. Ariowe Bryant, 2139 Sullivant-av, a candidate for city attorney. Both are Democrats.

Young had filed 5039 signatures but only 3823 were found to be valid. Bryant filed 4526 signatures, but only 3633 of these were valid. A total of 3924 valid signatures were necessary for both offices.

Twenty other candidates' petitions were certified for the nonpartisan primary. They include:

MAYOR—Robrt T. Oestreicher, the incumbent; Maynard E. "Jack" Sensenbrenner, 356 Guernsey-av, Hilltop store owner; Paul L. "Slim" Jones, 1306 Oakwood-av, bingo champion and filling station owner; Ronald E. DeVore, 329 S. Terrace-av, store owner, and Henry E. Worley, 1986 Indianola-av, real estate dealer.

City Auditor R. P. Barthalow is unopposed.

Petitions Ask Annexation Of Brookshire

Petitions were filed Monday with the county commissioners to annex approximately 30 acres of Franklin Township land into Columbus.

The petitions were filed by Alfred Tonti, Hilltop builder, owner and developer of the subdivision, a portion of which already lies within the Columbus corporation limits.

Known as the Brookshire Park Addition, the general boundaries of the area are Richardson and Racine-avs, and from the southern limits of the city to St. Joseph-av.

Tonti said 30 families in the subdivision are living within the township. Sewage and water lines are being installed and streets are being paved at the present time. Tonti said that the residents believe that the advantages of living within Columbus outweigh the disadvantages by far.

Lions Club Tug Of War Team Ready For Action

Despite the extremely high temperatures, the members of the Hilltop Lions Club continue to practice for the big tug-of-war contest which is to be staged between them and a team composed of Hilltop Kiwanians at the Tenth Annual Hilltop Bean Dinner on July 28 and 29. This week in preparation they worked out against a power shovel at the new Rosery subdivision and vow they'll take the Kiwanis team into Westgate Park lake with the greatest of ease.

Pictured above are the Lions hard at work tugging the power shovel while their Captain Ed Tonti at extreme right urges them to move it again. Left to right are John Dickson, Al W. Dailey, Ray Chamberlain, Ron Jones, William Beard, Pinky Higgins, Rex Lynch, Chuck Nall and Dick Anderson.

The Kiwanians have named West High Coach Mack Pemberton as their captain for the big tussle.

Business On Sunday Hit By Council Of Churches

Rev. Harold W. Dutt, pastor of Westgate EUB Church and local representative of the Columbus Area Council of Churches this week directed attention to a campaign which will be launched this Sunday from the pulpits against stores and business places which "disregard the sacred observance of Sunday."

Dr. Floyd Faust, chairman of a committee of the Columbus Area Council of Churches, said the committee had sent a letter to all Protestant ministers to be read in churches on June 28.

Roman Catholic priests of the diocese, he said, were sent a similar letter early this week by Bishop Michael J. Ready.

In its letter, the Council committee expressed "genuine concern over increasing disregard of the observance of Sunday as a day held sacred, either for rest or worship."

Noting "deliberate commercialization" of Sunday in Columbus "designed to induce people of our city to make Sunday a principal shopping day," the letter said:

"Such offenders are taking unfair advantage of the majority of conscientious businessmen, their competitors, who are faithfully closing their business places on the Lord's Day.

"As a consequence, creditable individuals and firms have informed us that they feel this unfair competition so keenly they themselves will reluctantly be forced to open on Sunday also, if the others are not induced to close."

The committee recognized the right of business firms who observe a Saturday Sabbath to remain open on Sunday, provided they do not use "mock piety" as a shield for unfair competition and do not attempt to induce Christians to violate their own day of rest and worship.

The committee contended further that firms not classed as "essential services" are defying existing laws and ordinances against Sunday operation.

"Finally," the letter concluded, "we recognize that no place of business will open its doors after the number of patrons who cross its thresholds on Sunday make such an opening unprofitable.

"We therefore urge the Christian citizens of our community to examine their own consciences in this respect, and refuse henceforth to be party to this encroachment upon Sunday . . ."

The letter, which Protestant ministers are asked to read in full, is signed by the 12-member committee headed by Dr Faust.

West Side Seen As Site of New Union Depot

The possibility that the West Side would be chosen as the site for a new Union Railroad Station loomed strong this week as petitions filed by City Attorney Richard Gordon and Hilltopper Emile Reiss, 1909 Sullivant-av, were set for hearing on Aug. 5 by the Public Utilities Commission of Ohio.

The dates for the hearing had been previously set for July 8 but application made by Reiss to not hold the hearing until after the primary election in order to circumvent any political tinge was honored by the commission.

The possibility that the West Side might be chosen for the new Union Depot was forecast due to the fact that the west portion of the city today is the most rapidly expanding of the area and that three of five railways now using the present depot facilities already traverse this section of the city, eliminating to a great degree the problems of trackage and relocation. It was pointed out that the West Side is not landlocked and that there exist no artificial barriers to further expansion.

It has been revealed that a com-

Westinghouse Production Mgr. Is Appointed

Frank C. Fox was named today as manager of production at the Westinghouse Electric Appliance Division plant here. The appointment was announced jointly by C. L. VanDerau, division general works manager, and E. L. Smith, works manager for the local plant.

In addition to his new responsibilities, Fox will continue to handle contractual negotiations incidental to the de-activation of the Columbus jet engine program.

Fox began his career with Westinghouse in 1933 as a merchandising student. He later served in various sales capacities with the Boston, Mass., and New Haven, Conn., sales offices and returned in 1939 to headquarters sales in Mansfield, Ohio. In 1940 he joined the Connecticut Electric Sales Company as major appliance sales supervisor. Four years later he returned to the appliance division in Mansfield where he served in various supervisory capacities in the manufacturing and quality control departments. In 1947 he was transferred to the purchasing department and was named assistant purchasing agent in 1951. He was appointed to the Columbus plant staff in June, 1952, as contract manager, a position he held prior to his present appointment.

A native of Columbus, Fox attended public schools in Ashland, Ohio, and was graduated from Ashland College. He and his wife, Elizabeth, reside at 1788 Guilford-rd. They have four children, James, 13, Judith, 11, Steven, 7, and Kathleen, 1.

Installation Of Lincoln Village Services Started

The next step in the construction of the huge Lincoln Village model city will be taken soon, Charles F. McCurdy, Inc., well known utility line contractor, has been awarded the contract for the sewer and water lines in the first section of the project.

Construction on the 18 miles of arteries will begin within ten days. The lines will range in size from six to 12 inches.

Site grading of some 300,000 cubic yards of earth for the initial section of the model city will be completed soon.

Lincoln Village will be an 1,170 acre model community, located west of the Columbus city limits. The west boundary of the first section will adjoin New Rome. Some 900 single houses and 750 apartments are planned for the project by the latter part of 1955. The entire housing section is to be completed prior to 1960.

Also included in Lincoln Village is 550 acres of land zoned for industrial sites. This section is located across from the General Motors and Westinghouse factories.

The builder of the city is the Peoples Development Co., a subsidiary of the Farm Bureau Insurance Companies.

A West Side concern, the Bowman and Howard Construction Co., 236 Rome-Hilliards-rd, has been awarded the contract for the installation of the main trunk storm sewers in the first section of Lincoln Village.

The low bidder, Bowman and Howard, will install more than a mile of sewers ranging in size from three to five feet in diameter. Reinforced concrete will be used.

Some 900 single houses are to be erected in the initial project. Plans call for its completion within three years.

Lincoln Village is to be located along W. Broad-st between Columbus and New Rome. The development now under way is on the north side of the street adjoining New Rome.

The 1170 acre project is being built by the People's Development Co., a subsidiary of the Farm Bureau Insurance Companies.

Water Pressure At Low Level As Tank Goes Dry

Hilltop and West Side residents were casting a quizical eye toward Columbus City Hall this week as the water supply of this area reached the acute stage imperiling health conditions, industrial production and creating an alarming fire hazard. The new Westgate booster tank with capacity of 1,000,000 gallons went dry and water pressures dropped from an extreme low to absolutely nothing in several portions of the area.

City officials scored the heavy use of water by some residents for sprinkling of lawns and urged that everyone exercise the utmost care in conserving water, pointing out that the major danger is in the case of fire on the Hilltop or West Side.

Residents and industrialists however were critical of the city officials and their methods of planning, pointing out that formerly the great cry about low water pressures was in the north side of the city, but had now shifted to the West Side area despite the building of the new Westgate booster tank, which was to have solved the water pressure problem in this area.

They were sharply critical too, of the fact that inadequate pumping facilities were still being used by the water department in feeding the huge Westgate tank, terming them "horse and buggy" day equipment to care for modern facilities.

Another point on which West Siders and Hilltoppers were most critical was the lack of planning by the Service Department and Water Department on the reconditioning of the old Westgate Park water tank.

It was pointed out that Columbus City Council had authorized Service Director Harry D. Metcalf to take bids for the reconditioning of the old tank on July 7, 1952. The contract was not awarded until May 18, 1953. The contract was awarded to General Maintenance and Engineering Co., 1231 McKinley-av and council appropriated $39,000 for the job.

Officials this week admitted that they were slow in awarding the contract saying that it could have been given as early as Apr. 1 and that had it been awarded at that time the job could have been completed by June 1.

Senior Civil Engineer of the Water Department, Frank Wright, said this week that lack of help in his office was the reason for the delay in awarding the contract. He also added that the painting could have been started in May, but that sandblasting could not be done last fall and the welding and riveting in the winter because too much rust would have accumulated by painting time.

City officials pointed out that an all time high of 7,000,002 gallons of water were pumped on Monday and that in spite of the high pumping gallonage the situation became increasingly worse. West of Harris-av water pressures steadily decreased and in the area of Sullivant Avenue Airport, water reduced to a mere trickle with the result that production at the huge Ternstedt plant slowed to a standstill and workers were sent home. Ternstedt officials indicated that production will be seriously hampered each time the booster tank at Westgate Park runs dry.

In the meantime Mayor Oestreicher and other city officials have renewed their plea to all residents to conserve water in every possible manner.

As an emergency measure water tank trucks were sent by the Columbus Fire Department to Fire House No. 12 at Sullivant and Brinker-av and to No. 17 Fire House at Wheatland and Broad-st to stand by during the serious waer shortage.

MINGLE TO SPEAK

Colonel George Mingle, head of the State Highway Patrol, will be principal speaker at the regular Thursday noonday luncheon meeting of the Hilltop Kiwanis Club.

Sensenbrenner Hits Shortage Of Water Supply

Dried up water tanks in Columbus became an issue today in the mayoralty campaign as M. E. (Jack) Sensenbrenner, Democratic candidate for mayor issued a strong blasts at the incumbent city hall administration.

"Thousands of dollars wasted in surveys, boondoggling and political sabotage are arousing citizens all over the city into demanding an end to the drouth." Sensenbrenner declared in a statement, his first since filing as a candidate for mayor.

"First it was the North Side and now it is the West Side which is affected by the water famine," he said.

"The people of Columbus have never received a clear-cut explanation as to why we have recurring water shortages. This situation is keeping industry from the city and interrupting work in plants already established here."

Sensenbrenner declared that if elected, he would insure the speed-

RICH MAN, POOR MAN . . .
GOOD HEALTH FOR ALL

HOSPITAL CARE FOR TB.

Could you turn your home into a hospital?

Step into the nearest hospital, look around, and give yourself an honest answer. Yet, families of tuberculosis patients sometimes try to fool themselves, according to the Columbus Tuberculosis Society. They try to believe that they can follow the doctor's instructions accurately. The patient thinks he will get well faster at home. And the result can be tragic.

Tuberculosis is an infectious disease which strikes about 115,000 persons in this country every year. The Columbus Tuberculosis Society estimates that it kills about 30,000. It is a chronic disease, which means it can break out again, even though once arrested. With proper medical care, however, a TB patient can get well and live a normal life. The disease is easiest to cure when it is found early and when treatment is begun promptly. The best place for this is a tuberculosis hospital.

A TB hospital is a treatment center built around one idea: to help the tuberculosis patient get well. Here he will find skilled, specialized medical and nursing care under the best possible conditions. Every phase of hospital life is set up to make complete rest, necessary to recovery from TB, easier for the patient.

Home care is necessarily second best. In spite of good intentions, the patient exposes others in the family to his disease. He may eat and sleep at irregular hours. Small disturbances keep him from resting properly. He worries because his illness is upsetting to the family. He lacks the daily medical and nursing attention which a hospital provides. And, despite the encouragement and attention of loved ones, his is a lonely battle.

In the TB hospital the patient is a member of a whole community devoted to fighting tuberculosis. In their company, he finds it easier to accept his illness, to stay in the hospital until his cure is complete, to prepare himself to return to his home and take his place again as a useful member of society.

Archbar Grotto To Sponsor Mid-West Rodeo, Horse Show

A chunk of the ol' West will come East when the Archbar Grotto presents the fifth annual Mid-Western Rodeo and Horse Show, July 2-5, at Ohio State fairgrounds coliseum.

Cattle roping, cattle cutting, wild bronc and steer riding head the attractions on the jam-packed entertainment list. Beautifully costumed cowgirls and cowboys will parade their mounts in classes for Arabian, Morgan, Palomino, Quarter horse, Western horse and ponies to add to the excitement.

Tommy Springer and his beautiful Palomino stallion, Golden Sunset, will thrill young and old with his famous "End of the Trail" and a score of other tricks. Specialty acts and donkey racing round out the program of western goings-on in America's most complete rodeo and horse show.

Members of the Grotto sponsor the first three days of the rodeo. Proceeds go into the organization's Humanitarian Fund, used by various charities, both local and national.

The fourth day—Sunday—is to be directed by the Western Horse Exhibitors Association of Ohio, Inc., Earl Lambert, 544 S. Parsons-av, president.

The rodeo entertainment will be held during the first two hours of each performance. It is planned that way so that kiddies who want to see the bucking broncs will get their fill before bedtime.

Three kinds of tickets are available. Some 10,000 special tickets are available to children 12 or under, who will be admitted free when accompanied by an adult. Another 5,000 will be given to children in various Franklin county and Columbus institutions. Local business and professional people sponsor these special tickets so the Grotto can play host to the underprivileged children at matinee performances of the rodeo. Tickets for adults are one dollar each.

Les Ballenger, 233 S. High-st (AD. 3295), is general ticket chairman. Carl House, 596 S. Eighteenth-st (FA. 4477), is in charge of distributing the special tickets. All Grotto members have tickets for adults and the free 12-or-under age group.

Qualifying rounds for Beacon Light Club Championship may be played anytime between June 26 and July 15. Qualifying scores will determine flight player will be in, and number of players will determine number of flights, with 16 players in each flight. After qualifying rounds, competition will be on match play basis. Entry fee is one dollar, with money going to purchase trophies for all flight winners.

Dick Dentner and Troy Brown played 18 holes Saturday for the first time in three years. Dick didn't report a score, but Troy shot a very respectable 80—quite an achievement after so long a layoff.

Kenny Cooper had the week's best score—a one under par 71. Kenny's brother, Herb, shot a neat 77 which called for observance of the golf ritual of crossing his brother's palm with silver.

Jack Mawhirter got an early start Sunday, turning the front nine in 37 and coming home in 35 for 72 blows. That's Jack's best ever score on Beacon Light. Other scores of note included a 73 by Al McFadden, a 76 by Cal Richards and 82 for Don Meyers.

All you chaps that play with K. R. Dunkel or Marion Ruffner better watch your words about how far you hit your tee shots. K. R. and Marion each bought one of the new Bag Boy carts with yardage meters that will measure your hefty wallops right down to the foot. They both claim that most of long conversation drives turn to short putts when given the new golf lie detector test.

Gregg McEttrick got a fabulous birdie on No. 6 Saturday. His tee shot was pulled over the fence, but the ball struck the electric high line and caroomed back into the trap between the green and out-of-bounds. With his putter Gregg was out of the trap and into the cup for a two. Bobby Brokaw who hit his tee shot to the green, missed his putt for a birdie and had to settle for a par. His comment on the action was a rather vicious "Humph."

Ed Desmond has just returned from Toledo Inverness, where he witnessed the round robin medal play championship. Ed figures those fellows hit their shots a bit better than we golfers around these parts.

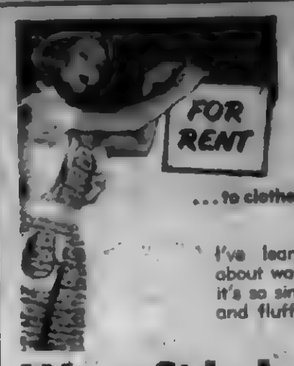
State School Will Honor Vet Employees

At Westgate Park Monday, June 29, the Administrative staff of Columbus State School will present certificates and pins to persons reaching multiples of five year service categories, according to plans laid out by the Superintendent, Roger M. Gove, M. D.

Last year was the first time an institution in Ohio had ever attempted such a program. It was so well received that arrangements have been made to make it an annual affair for the employees.



Special honors designate John Bauersachs, finance manager, with 35 years of service; 25 years of service pins and certificates to Edith Salts, Robert Salts and Florence Salisbury.

The activities include recreational programs starting at 3 p. m., dinner at 6 p. m. and presentation ceremony at 7 p. m.

No-Hitter Marks Opener Of Intermediate The Church Loop

By Dick Wilson

Playing in the opening game of the Hilltop YMCA Intermediate Church League at Westgate Park last Thursday, the Volunteer Firemen beat Church of Christ 16-1 as Bobby Green hurled a no-hit game. He struck out 15 by walking three men in the first inning. He missed a perfect game as Ron Dixon scored on a fielders choice. The C of C boys never threatened to score after the first inning although Green at times displayed marks of wildness as he walked a total of 12 men in the seven innings of play.

It was the other way around for the Volunteer Firemen as every player on the team fattened his batting averages and the "boys in red" managed to score at least one run in every inning. Ronnie Guyton got three for four along with Blair Spence who got three for four, one being a home run. Jay Renshaw also collected a home run off the offerings of the Church of Christ hurler.

Bob Moore handled the pitching duties for the losers with inexperience being a great handicap to him. He displayed good control throughout the game, but he showed a definite lack of steam in his offerings. Danny Timmons and Bob Moose looked good afield for the losers while Jay Renshaw and James Esly looked good defensively for the victors.

Sherrill Singer's Pythgroans forfeited their opener to the West Park Methodist nine, but the Methodists played a practice game with a team composed of Pythgroans and Hilltop Lutherans. The West Park nine won by the score of 5-2 as the battery of Earl Gates and Bob Whaley looked exceptionally good.

Next Thursday the Pythgroans face the Volunteer Firemen and West Park meets the Church of Christ. Game time is 6 p. m. at Westgate Park diamonds.

YOUR YOUTH

By Bob Schmidt - Dick Wilson

Don't fret, kids! Bob and I have not quit showing "Y" movies for the summer. We are just now in the process of changing over from the winter program to the Summer Fun Club activities. We will start having movies at the "Y" once again the first week in July. Watch this column for further announcements.

Speaking of movies brings to mind that the Hilltop YMCA will once again be presenting free outdoor movies at all the parks on the Hilltop throughout the summer. No definite schedule has been set up as yet but it is tentative that we will be showing them at Holton Park every Tuesday, Westgate Park every Thursday and Glenwood Park every Friday. Scheduled showing time will be 8 p.m.

While we are on the subject of movies, I would like to take this opportunity to say "Thanks a million" to C. Carlton Hartley, president of the Hilltop Kiwanis, for giving me the privilege of being his guest and showing the YMCA March of Time film, "My Son's Dad," at last week's Kiwanis luncheon meeting.

The film told the story about a boy and his dad. It also showed how boys around the "Y" help one another and how they catch the real spirit of what the "Y" is all about.

C. J. Dyer, general executive YMCA secretary of Columbus, made a few opening remarks, and then the film was introduced by Douglas Nabb, member of the West Broad Gra-Y Club. Nabb represented the more than 7,000 boy members of the Columbus "Y."

Chief Louis Christy informed that Big and Little Braves "Doc" Burnard went to the area Indian Guide Longhouse meeting at Camp Nelson Dodd at Bierkhaven, O., last week-end. All cabin reservations were taken, but this did not stop our brave warriors from the Hilltop. They packed up sleeping bags and blankets and really "roughed it," as they slept under the stars in true Indian fashion. Nice going. Big and Little Braves. I know you brought back a lot of valuable material that the Hilltop tribes can put to good use.

In closing this week's column, I would like to tell all of you Little Nine baseball players that an All Star team will be picked in the near future to take a trip to Chillicothe. They will play a Chillicothe Recreation Department Little League team under the lights. Sounds like fun, huh?

Camp Chase Legion Nine Annexes Two More Victories

The Camp Chase-Beasley Grove Legion Junior Baseball team won two games last week and had one postponed when the umpire did not show.

At Ohio State on Thursday Bloce Post was the victim of a 23 to 1 onslaught at the hands of Camp Chase. Karl Davis and Dick Schultz each scored four runs for Camp Chase, Shultz getting two singles and a double in four trips and Davis three singles and a home run in five trips. Jim Cobb also homered while Mike Posey, Jim Mentel and Bob Courtney each hit two singles.

Bob Courtney once again started the game and struck out three and walked one in two innings before being lifted to give Karl Davis experience. Davis struck out six and walked none, granting only one hit as he finished an abreviated five inning game.

Batteries: Courtney, Davis (5), and Hughes. Carter and Dickerson. Game called end fifth — darkness.

At Chillicothe Vets Hospital last Saturday Camp Chase beat Newark Legion team 1-0 in terrific pitcher's duel. Right hander Jim Mentel went all nine for Camp Chase and allowed only four scattered singles as Camp Chase won 1-0. But while Newark got only four hits off Mentel their big six foot five right hander Tom Helmick granted only two hits and one walk only to go down to defeat.

More irony is that the only walk he granted proved to be his downfall, and yet more is that he granted that walk against his opposing pitcher, Jim Mentel. With one out in the top of the third Jim Mentel drew the walk. Third baseman Jim Pruden sacrificed him down to second, and second baseman Mike Posey doubled to left to score Mentel with the only run of the game.

As a defensive move Ronnie Forrer replaced Mike Posey at second in the sixth inning. Forrer is older and has had more experience at second. His first trip to the plate he belted the first ball pitched to right for a single to collect the only other hit for Camp Chase.

Hilltop YMCA Junior Church Softball League Starts Action

By Dick Wilson

The Hilltop YMCA Junior Church Softball League got underway last Tuesday evening at Westgate Park with high scoring ball games being the order of the day. Two of the games were lop-sided affairs, but the remaining game was a real thriller with the outcome in doubt until the final out.

Westgate EUB was the victor in its tussle with Glenwood Methodist as they drove across two runs in the final inning to edge the team from Highland-av 14-13.

Pitching chores were handled by Ron Ireland for the victors and Garry Darby and John Hummel for the losers. Their battery mates were Garry Glass and Herb Cozad respectively. Ron Ireland and Don Ireland were the "big sticks" for the EUB nine as each scored three runs.

Don Gilland, Dave Darby and Mike Donaldson each scored two runs for their losing nine.

Cocherl Memorial Alliance showed hitting power as they swamped Hoge Memorial 28-5. Charles Bailey and Garry Webb teamed together to score 10 of the Cocherl runs as both boys scored all five times they were at bat.

Garry Baker showed potential as he very capably handled the pitching duties for the visitors. He displayed a tendency to be wild at times, but his battery mate, Howard Morris held him up in good fashion.

The undermanned and inexperienced Hoge team jumped into an early two run lead, but were soon overcome by the tremendous hitting power of the visitors.

Clark Bryant and Gary Link looked good afield for the visitors and William Henry looked good afield for the visitors.

With all players getting hits and scoring in every inning at bat, the Hilltop YMCA Leaders Club "Clobbered" 'a game but inexperienced Avondale EUB nine to the tune of 20-1.

Dick Fury pitched "furiously" and effectively throughout the game for the Leaders as he fanned nine and allowed only three hits. He walked only three in the seven innings he worked. "Little" Fury did a nice job in receiving the offerings behind the plate.

Bill Link showed strong hitting power for the visitors as he smashed out three home runs in four times at bat. Bob Kern looked sharp in the field for the Leaders as he came up successfully with several hard chances he had at his first base position. Ted Tucker and Dan Edmond handled the battery duties for the losers. Dick Norris scored the lone tally for the EUB in the opening inning.

Hilliards FFA Holds First Meet Of Summer

By Charles Hart

The Hilliards Chapter of Future Farmers of America held its first summer meeting Monday evening, June 15, in the Ag room, with President Hackworth presiding.

George Wuertz reported having attended the state convention and mention changes which had been made. These included the election of a sentinel as a state office and the camp board being dissolved and put in the hands of the state officers.

There were about 1,200 boys present for the state banquet and a member of the Hilliards Chapter, Louie Huffman, was presented the State Farmer Mechanics award.

A report was given on the fishing trip to Lake Erie. Ten boys attended and reported fishing was poor, but they had a lot of fun.

The next meeting will be held in the Ag room on July 13 at 8 p.m.

The U.S. Children's Bureau is under the Department of Labor.

"Y" Little Nine All-Stars Play Chillicothe

By Dick Wilson

On Saturday, June 27, the Hilltop YMCA Little Nine All Stars will migrate to Yocatangee Park at Chillicothe to play a team in the Chillicothe Midget Baseball League. The game will be played under lights and starting game time will be 8 o'clock.

The All-Star team will be composed of boys who have been trying out for positions on the Little Nine teams for the past week. The coaches of the eight teams are members of the YMCA Leaders' Club, and the Hilltop YMCA staff will select the boys who will make up the All Star team.

The breakdown of the players by ages and positions will be as follows: catcher, 12 years; pitcher, 11 years; first base 11 years; second base, 11 years; third base, 12 years; short stop, 12 years; and outfield, 8, 9 and 10 years. Two catchers, through pitchers, six infielders and six outfielders will be selected to go.

The All Stars will leave the "Y" office at 6 p. m. Saturday, and transportation will be furnished by parents of the boys.

Anyone interested in following the Hilltop team may call Dick Wilson at JO. 4641.

195 Attend 4-H Club Camp From County

From June 15 to 20, 195 4-H Club members from Franklin County attended 4-H camp at Camp Ohio, near Utica. Adult counsellors included George B. Ganyard, county agricultural agent; Doris Snook, home demonstration agent; Carl Ruff, 4-H assistant; Bob Worrall, associate county agent; Mr. and Mrs. Russell Boring, Groveport; Mrs. C. H. Brown, Rome; Mrs. Harold Hart, Hilliards. Also present were Mrs. Mather, county health nurse, Larry Hatlestad, Ohio Midland Light Co.; and Dorothy Culbertson, Cumberland.

Sixteen junior leaders served as cabin counsellors, table hosts and hostesses, tribal leaders, and assisted with crafts and vespers.

The program consisted of classes in beginning swimming, basketry, leather, metal work, lamp making, folk dancing, rope making, and conservation. There were general swims, hikes, organized baseball and volleyball games, square dances, vespers and campfires to round out each day's program.

Campers were divided into four Indian tribes — Maumees, Shawnees, Wyandots and Delawares. Points were given to tribes on various activities in which the group participated. On the last afternoon a craft display was set up by each tribe and a water carnival was planned with events for swimmers and divers, as well as beginning swimmers. Points were scored for each event. Winning tribe this year was the Maumees. Frank Henson was the chief. Louis Huffman was Big Chief of all tribes and presided at all campfires.

Youthful Hurlers Setting A Fast Pace

In golf it's a "hole-in-one", in bowling it's "300," etc., but in baseball it's the most coveted "no-hit, no-run game." Above, left to right, Bill Spratley, Mike Posey, Jim Mantel, and Kenny Clapseddle. All are right handers and are on the same team, the Camp Chase-Beasley Grove Little Bigger League team. Bill Spratley pitched his two years ago while a member of the West Jr. High team. Mike Posey pitched his one week ago Saturday in a Little Bigger League game. Jim Mantel got two last year on the St. Mary Magdalene school team. Kenny Clapseddle hung up his at Circleville one week ago Monday in a Little Bigger League game. Read the story about Clapseddle's no-hit, no-run game elsewhere on this page.

Whalen, and Mrs. Henry Warner of the newly organized Prairie Gardeners Garden Club, attended the afternoon session of the Commercial Point Garden Club's annual flower show and party held at the Scioto Township School on Wednesday, June 17. Program chairman for this fine day was Mrs. C. A. Bliss of Orient, O., who introduced the judge of the many beautiful and varied flower arrangements, Richard Huff of Columbus, and the guest speaker, Mrs. Dale Burkett of the Cleveland Garden Center. Mr. Huff explained his judging and awarding of various classifications and Mrs. Burkett, who has been a judge of flower shows for 18 years, told how she would judge her own beautiful "mass" flower arrangement which she had on display—and in contrast she had a flower arrangement which was all wrong. Representatives from 19 Garden Clubs were present in the audience and they heartily enjoyed Mrs. Burkett's exquisitely, lovely colored slides of her recent trip around the world and her wonderful philosophy which was interwoven with her very graphic and moving dissertation. Mrs. Burkett formerly lived in this community and enjoyed being with the various groups from this area. Her pictures of the Orient were lovely and thought provoking. Close-cropped lawns in a "special park" were kept that way by native women cutting the grass with sharpened bamboo poles, working every day for four coins per week, with a loaf of bread costing seven coins and 11 coins being the equivalent of our dollar. The pictures of India, where the artistic natives had cut from a hedge a perfect form of a large elephant, the startling poverty and yet exquisitely lovely flowers and gardens of these people were most impressive. Mrs. Burkett told of her ride down an avenue in Bombay with native sweet-scented trees in blossom and the taxicab driver breaking off a branch and presenting it to her with the compliments of his country and that during the night a large lizzard hopped out on the floor of her apartment from this foliage. In short, her message was that if one has unpleasant thoughts about any of their fellow men, to be among flowers and working with them, they can't have an evil thought about anything or anybody.

Legion Little Bigger

No Hit - No Run Game By Camp Chase's Kenny Clapsaddle

Thirteen year old Kenny Clapsaddle of the Camp Chase-Beasley Grove Little Bigger League team pitched a no hit-no run game against Circleville Little Bigger under the lights at Circleville's Ted Lewis park last week. He is a right hander.

This was the second game in a row Camp Chase won by virtue of the no hit-no run route. Mike Posey, another Camp Chase right hander got credit for one just two days earlier which was reported in last weeks Record.

Clapsaddle struck out eight and walked eight as he faced 33 batters in a seven inning game. In both the second and third inning he hung up a strike out for the third out as the bases were loaded. Circleville had a total of twelve men left on base. In four different innings they had two on by virtue of the base on balls route with only one out, only to have Clapsaddle bear down.

While Circleville was held hitless, runless, Camp Chase was belting hits to all parts of the park as they collectid 20 hits including four doubles and two triples. Left fielder let the hitting for Camp Chase with three singles and three doubles. Jim Wilson and Mike Posey each hung up a single and triple while Ron Nebinger got credit for two singles (one must be classed as scratchy).

Batteries—Clapsaddle and Huff, Edwards (6), Salyers, Lewis (5) and Jones.

No Umpire

The shortage of umpires hit the Hilltop last week as two of the Camp Chase Little Bigger games were postponed due to the umpire not showing up. St. Marys on Wednesday and Buckeye Electric here Linden on Friday were both sent home without meeting Camp Chase. The Buckeye Electric versus Camp Chase game was billed as one of the top games of the week. Buckeye Electric had previously downed Camp Chase 5-3, their only defeat. As Buckeye Electric is undefeated, the importance of the game is seen. They have not been rescheduled at this writing.

Next Week

Camp Chase was scheduled to meet Circleville again at Circleville, too late for this edition to carry the results. Tomorrow night they meet Linden A. C. at West and, next Wednesday they are against North Side Merchants at Sacred Heart.

Retarded Children—

dren's School under the direction of the Columbus school system.

Children with an I.Q. of below 50 are not acceptable in public schools, making it necessary to enter this type child in a special class or allow the child to go through life without any training whatsoever.

In 1951, the parents of retarded children in Columbus banded together and started the first school locally. Since that time the State of Ohio has set up statutes whereby certain retarded children will be given grants of $200 per year for their education. The money is paid direct to the school the child attends. However, the State has not yet had the money available to make the entire $200 payment, $100 being closer to the actual amount paid. Due to this, parents of this type child have been paying $25 to $45 per month in addition. Special equipment and trained teachers are used in the schooling. Children who used to be regarded as hopeless cases are now leading near normal lives due to the training they have received.

The schools for retarded children have been conducted at the Ohio State School on W. Broad-st and in a barracks type building belonging to the City of Grandview school system. However, the enlarged enrollment in the public schools in Grandview and overcrowded conditions at the State School have made it necessary for the Retarded Children's School to release its space.

Without quarters in which to hold th school, the Retarded Children's Training Program was faced with the danger of breaking up. Parents were desperate. Upon learning of the situation, Mayor Oestreicher acted immediately. In doing so he has followed the pattern set by Cincinnati, Cleveland, Toledo, Akron and other large cities in Ohio.

Oestreicher stated "Society has been far too long in recognizing the need for training of retarded children. As Mayor of Columbus I cannot sit idly by and see a project such as this collapse."

Dr. Roderick N. Purcell, Director of Special Education in the Ohio Department of Public Welfare, has inspected the space in the Health Center to be used by the school and has given State approval. All such schools must be inspected and approved by the State Welfare Department under State statute.

In providing space for the Retarded Children's School, the city of Columbus is in no way responsible for the operation of the school, such responsibility being with the Franklin County Council for Retarded Children, an organization recognized by the Ohio Welfare Department.

up of facilities to end the continuing shortage of vital water supply to all sections of the city.

The Democratic candidate for mayor also demanded an explanation for the neglect of playgrounds, and recreational facilities.

"A kid is worth more than a rose," he said "and the lack of playgrounds and swimming pools is warping the youth of our city, keeping them hot and frustrated on the streets and in the alleys."

Sensenbrenner promised and pledged an aggressive recreational program as one of the first pieces of business on the City Hall agenda, if elected.

West Park And Glenwood Tied For Church Loop Lead

By Woody Owen

The second round of play in the West St. Church Softball League continued last Monday evening at Westgate Park with Glenwood Methodist, West Park Methodist and Avondale EUB remaining undefeated and in a deadlock for first place although the latter has one less victory.

West Park Methodist took both ends of a twin bill from Hoge Memorial by scores of 5-0 and 12-0.

The first game was a regularly scheduled second round contest and the latter a postponement from the first round. The latter victory also deadlocked the Methodists with Avondale EUB for first round honors as both are undefeated.

Bill Kearney pitched both shutouts, allowing but three safeties in the opener and one infield hit in the finale.

Dick Smith homered for the Methodists in the second game to feature the attack.

Jim Remington's single with two outs in the eighth inning, scoring Lamprecht from second base gave Glenwood Methodist a hard earned 3-2 victory over Burgess EUB and kept them on the unbeaten path.

Schedule for Monday, June 29, is as follows: West Park vs. Burgess EUB; Avondale EUB vs. Hoge Memorial, and Glenwood Methodist bye.

Umpires Fail To Appear; Hurt Amateur Baseball Plans

Little Bigger games, Camp Chase versus St. Marys on Wednesday and Camp Chase versus Southway on Sunday, all scheduled to be played at the West High diamond, were postponed due to an umpire not showing up.

Bill Ferguson, athletic director of Camp Chase Post and coach of the Camp Chase teams, contacted George Hardy of S. Richardson-av in each case. Mr. Hardy's answer was "It is due to the shortage of umpires." Hardy is executive secretary of the Umpires' Association, and is in charge of assigning umpires to Little Bigger and Legion games.

As a result of the shortage and fearful that the local baseball program will collapse, Ferguson has appealed to Nick Barack of the Columbus Recreation Dept. and Carl Smith, president of the Old Timers Baseball Association. Telegrams were sent to each last Sunday night.

Neither Barack or Smith are responsible in any way. It was brought out, but were contacted because of their expressed interest and past experience in baseball. Ferguson stated that "Camp Chase Post and Beasley Grove Fords have been the leaders in bringing more baseball to force for kids and teen-agers. It seems a shame the Camp Chase teams should suffer."

Camp Chase Post of the American Legion and Beasley Grove Fords have five teams made up of boys 12 through 16 playing baseball for the third straight year.

Local Scouts Explore Kentucky Hills

Explorer Scouts of Post 214, St. Mary Magdalene Church recently returned from a trip to Kentucky, where the boys hiked the 34 mile Lincoln Trail. Highlights of the trip included a visit to Frankfort, Ky., a tour of the city, including the old State House, and a visit to the grave of Daniel Boone.

From Frankfort, the itinerary included a visit to Bardstown, a trip to the "Old Kentucky Home," St. Joseph's Cathedral, with its beautiful paintings, and a tour of the Trappist Monastery at Gethsemane.

The hike along the Lincoln Trail was a never to be forgotten experience through rugged, backwoods Kentucky to Knob Creek, the birthplace of the Great Emancipator, and on to the Lincoln Memorial at Hodgensville. The return trip included visits to Harrodsville, with its interesting reproduction of a Colonial Settlement, Lexington, and the beautiful campus of the University of Kentucky, and an overnight camp at Blue Lick, the scene of the last battle of the Revolution.

Those making the trip included J. J. Martin and J. H. Harris in charge of the trip, and the following Explorer Scouts: Tim Martin, Allen Hoffman, Tom Byerman, Jim Boehm, Jim Davis, Bill Patton, Tom Young, Mick Melragon, Poo Reis, and Larry Halter.

Seen at Seiller's
by suzie shopper

Dad probably received enough shirts, ties and socks to last him all summer, now let him be ready to meet this warm weather with a couple of pairs of nice cool comfortable slacks.

We thought that wash slacks were gone forever, but thank heavens they're in full swing again, with as much style and smartness as the more expensive materials.

Seiller's have a very wide assortment of styles, colors, and sizes. Pleated and unpleated, from $3.29 up to $20 a pair. They're so light in weight, so cool he'll be in comfort all summer long, handsomely styled.

The Palm Beach slacks at $10.95 are really dreamy, so slenderizing to the man who's waistline isn't quite what it used to be—as one fellow we know puts it, his waistline is all right, his chest has slipped a little.

There's no doubt about it, there's something about the Palm Beach slacks with their beautifully tailored lines and deep pleats that give a man "oomph."

You girls, don't look at an attractive, well dressed man and think "Um-m I wish my husband would wear clothes like that." Help him to look like that; help him to make the right selection. The style and fit are the important thing. You get both at Seiller's.

Says:

SHORT SHOES

From the dim corridors of antiquity have come many amusing tales about shoes. One of the best follows:

It seems that once, long ago, Satan . . . the old "davvil" himself was badly in need of a pair of shoes to ease his aching feet. Being an unwelcome customer, he had trouble finding a place to buy them. Finally, desparate and willing to pay any amount, even to a King's ransom, for a pair of shoes, he came to the shop of a man named Dunstan. Shoe-man Dunstan sized up Satan as he got out his measuring stick. "Sir" he said "It's iron shoes you should have for those hoofs of yours, more like a horse and not leather shoes like an honest man. And if you should be shod like a horse, you must be tied up like a horse."

According to the story Dunstan tied "Old Nick" up and fitted a pair of iron shoes two sizes too small on his hoofs. That gave his Satanic majesty a taste of his own medicine, for the tight shoes were a torture and torment. The Devil pleaded with Dunstan but he refused to untie him or take off the shoes until he promised never again to venture into a shoe store. The old rascal finally agreed and was released. For thus out-witting Satan, Dunstan was made a Saint and patron of the makers of horse shoes and he so remains to this day.

A whimsical tale, but one with a real moral . . . if a pair of short shoes can make even the Devil wince, what can they do to the tender feet of mortal men? Let the old "davvil's" plight be a warning to you, don't wear short shoes.

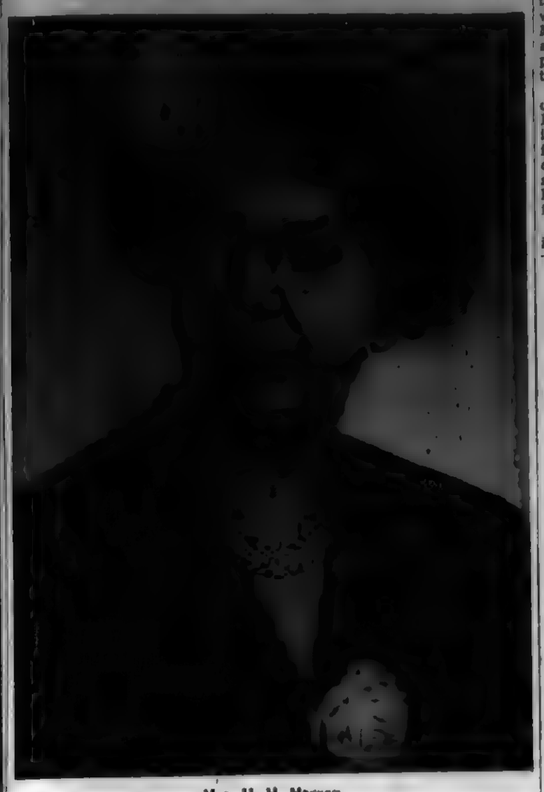
Hilltop Chorus Fetes Member, Plans Picnic

The Hilltop Women's Chorus held a potluck supper Wednesday, June 17, at the home of Mrs. Grace Martin, former Hilltopper now of Abbington-rd. Mrs. Martin was assisted by Mrs. Mary Raymond.



Following supper a stork shower was given in honor of Mrs. William Masters who has been a member of the chorus during the past year.

At the business meeting the chorus voted to turn down an invitation to sing at the Rebekah State convention as they would be disbanded for the summer. Plans were also made for a picic in July which would be the last social event of this season.

Blue Star Mothers Election Held At Convention In Lima

Mrs. H. H. Herron

Mrs. H. H. Herron, 71 Eldon-av, is the new president of the Department of Ohio, Blue Star Mothers of America. Election and installation was held in Lima, at the state convention in session there May 22, 23 and 24. Installing officers were, national president, Mrs Florence Brown, of Pontiac, Mich; second national vice president, Mrs. Ervin G. Hoffman, 1480 Elmwood-av, and Mrs. Edna Lyne, Cambridge, past department president of the Blue Star Patrol of Columbus, Chapter No. 6.

Elected, and installed with her, were two other Columbus women, Mrs. George Pensyl, 393 16th-av, past chapter president of Chapter No. 6, and Mrs. Allen Elliott, 2914 Oaklawn-av, who is beginning her seventh year as a department officer, second vice president, and financial secretary, respectively.

Mrs. Herron is a charter member of Columbus Chapter No. 6, and was on the first committee selected to present names of Columbus mothers for election to office in the organization. In 1943 at the first department convention held in Columbus, she was appointed by the national president to the office of national historian, and was again given that office in 1946. She has been a member of the national publicity committee for several years. She served as the first secretary for the West Unit, one of the original four units of the chapter, and was the second chairman of the unit, serving two years.

In 1949 and 1950 she was president of Columbus Chapter No. 6 which is now composed of 11 units. In 1951 she was elected second vice-president of the Department of Ohio, and in 1952 became first vice president and general hospital chairman for the department, heading all work in the VA Hospitals in Ohio for the organization's hospital work for veterans.

Columbus Chapter No. 6 honored her and the other elected officers with a luncheon at the Seneca Hotel on June 18. Following the luncheon, a quartet from the patients' choir from Chillicothe VA Hospital sang several selections.

Mrs. Herron has been a resident of the Hilltop since the fall of 1913, and has been active in volunteer work and civic affairs. She is a post noble grand in B. F. Allen Rebekah Lodge, IOOF, and a charter member and officer in Glenwood Camp, Royal Neighbors of America.

DECISION NOW!
ASK YOUR
FUNERAL DIRECTOR
He'll tell you it's wise to plan your family burial estate NOW!

Because people turn to him in time of sorrow, he knows as well that is no time for the bereaved to have to hurriedly select a cemetery lot.
He'll tell you "the selection of a family burial estate is a family matter that should be agreed on by all after due consideration has been given the subject." The time to do it is now, when weather and other conditions are favorable.

WARREN AVE. CHURCH OF THE NAZARENE
Harris B Anthony, Minister 450 SOUTH WARREN AVENUE
Friday, 7:30 P. M.—Daily Vacation Bible School Program.
9:30 A. M.—Sunday School.
10:45 A. M.—"The Double Cure."
6:30 P. M.—Young People's Hour.
7:30 P. M.—Evangelistic: "The Cost of Holiness."

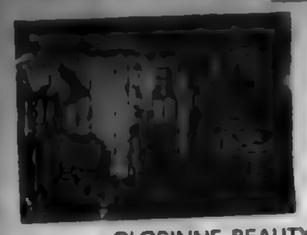
Maybe they've just moved in. Maybe they've been there for quite a while—but your good intentions to get together just never seemed to materialize.

Whatever the case, isn't there someone in your neighborhood—maybe right across the street—with whom you ought to be a little friendlier? Someone who—as far as human relationships go—is miles away from you?

Why not bring your family and theirs closer together by asking them to come to church or synagogue with you this week?

Anyone who has ever experienced that invitation will tell you how warm and friendly it seems in a strange town or a new neighborhood.

So never hesitate about asking a friend or neighbor to church. These days, more than ever, it is the sign of a good American, a good neighbor, and a good person to have for a friend.



Take someone to Church this week . . . you'll both be richer for it

Celebration Marks 43rd Anniversary On Father's Day

A Buffet-Supper was held in honor of Father's Day and the 43rd wedding anniversary of Mr. and Mrs. John Ingles of 298 N. Harris-av last Sunday evening. Those present were Mr. and Mrs. Graham Ingles, former Hilltoppers, now residing in San Antonio, Tex; Mr. and Mrs. Morris Ingles and daughters Jean and Joan and Mr. and Mrs. K. L. Martindale and son Patrick. The absent members of the Ingles' family were Mr. and Mrs. Howard Ingles and son who recently moved to Mt. Dora, Fla. and Pfc. After spending a week visiting relatives and frends in Columbus, Mr. and Mrs. Graham Ingles will stop in Cleveland, Portsmouth, and will then continue their trip to Florida, to visit the Howard Ingles' before returning to Texas.

Mary Ellen Says:

LOOK! ICE CUBES—WITH NO TRAYS!

Ice cubes can now be had from a home refrigerator without benefit of trays. This is the spectacular news that was released by Servel, Inc., manufacturers of gas and electric home refrigerators. The ingenious device that eliminated the ice cube tray requires no hand filling, no hand emptying. Piped to the water system it automatically fills itself, freezes ice cubes, then automatically ejects them into a basket. As ice is used the process is repeated, the supply is replenished.

Not only is this method of ice manufacture vastly different from the conventional method but the traditional shape of the ice is changed as well. The "cubes" are no longer cubes. Rather the ice is frozen in the shape of a half circle . . . or a half moon, in a size that fits easily into a glass. This is the way the system works as explained by the manufacturer. "First a measured amount of water flows into the mold. When it freezes, a small electric heater loosens the circles and ejector arm sweeps them out of the mold and holds them at the top of the unit in the freezing compartment until dry. (When cubes are dry they won't stick together.) Meanwhile, more water flows into the mold.

"With the next cycle, the ejector arms turn again. This time the ice half circles drop into the basket where they remain dry and loose; the ice in the mold is raised to dry, and more water enters. These cycles continue until the basket is filled. A signal arm automatically starts and stops the operation of the 'Ice Maker.' It does this by 'feeling' the ice smooly, stopping when the basket is filled and starting up again when enough half circles have been removed to lower the arm.

"The entire unit," the manufacturer explains, "takes up no more room in the freezer compartment than do the customary four ice trays.

IT'S DIFFERENT

When a lad affects a pipe and brags;
The girl touches her lips with a violent red,
The old world looks on in amusement,
With a tolerant smile for each giddy head.

But if grandmother wears an ingenue's frock,
And grandfather dances the whole night through,
The world shows a sort of cynical pity
And comments, "What silly things they do."

You've heard of pens that write under water—this beat-up typewriter writes under difficulties, which is excuse enough for the horrible stuff it turns out. The weather is hot, humid, the fan blows the papers, the neighbors are asleep and the typewriter can be heard above W. Broad-st traffic, and I cut my typing finger not to mention that the afore-mentioned typewriter needs cleaning and overhauling.

The Ford 50th Anniversary Show brought a lot of laughs and memories. I was smugly certain that I never hobbled about in a tight skirt and then wore my belt around my hips, and those coy hats that covered our eyes, but my sweetest critic said I did and he had the photographs to prove it!

Mail — From my favorite shut-in: "Some time when you run out of stuff to write about, tell your reader this story: A man and his wife were driving through the mountains and stopped at a mountaineer's shack for a drink of water. To make conversation the man said to the mountaineer, 'Gets pretty lonesome so far away from civilization, doesn't it?' The mountaineer shifted his corncob pipe and spat a mighty stream of tobacco juice and said, 'Solitude is a state of mind which effectuates its reactionary tendencies and inoculates those with hypersensitivity. However, having been a victim of claustrophobia during my adolescence, I find habitation in the environment of nature's wonders not only serene and desirous but fundamentally mandatory'."

More mail—From a relative in Oregon: "I hear that Columbus wants to be known as the city of roses. Your city fathers are a trifle late—haven't they ever heard of Portland, Oregon?" . . . From my dirt farmer friend near Buckeye Lake: "'Like a mighty army'—no, I'm not singing a hymn. It's the army worm. They move in sectors like an army, and travel fast. A neighbor says are are even crawling up his wall, trying to get through the window screens. Each morning I look out to see if my corn is still there." . . . From Don Alban, columnist and author of the book "Still Punchin'": "All your mots are bon." (Likewise, Don, I'm sure.)

Just to fill up the rest of the space: "Too many of us are like the deacon who wound up a long prayer by saying, 'Use me Lord, use me in Thy work, but use me in an advisory capacity'." Read that somewhere, also this one: At every blow out there's a flat tire."

Hilltoppers Take In Kiwanis Convention

This past week was a very busy one for Otto Best and myself and our wives as we represented the Hilltop Kiwanis Club at the great Kiwanis International convention in New York City.

More than 14,000 were in attendance representing every state in the union, Canada, Alaska and Hawaii. The meetings were inspirational throughout and brought to light the fact that the strength of America lies in the membership of such service organizations throughout the country.

Organizations of this type stand for the fine things that make America great not only in word but in action.

The Hilltop can well be proud of this and other fine service organizations.

First Federal To Build Modern Hilltop Offices

The recent sale of two parcels of real estate on W. Broad-st at Warren-av to the First Federal Savings and Loan Association paved the way for the relocation of the Hilltop office of that firm.

Willard C. Eidson, president of the First Federal revealed this week the purchase of the property at 2680 W. Broad-st from Hazel Bercaw Moss and Claude Moss as well as property at 2672 W. Broad-st from Jerry G. Spears Sr., and Mildred A. Spears for a total frontage of 124 feet on W. Broad-st.

The recent sale of two parcels of real estate on W. Broad-st at Warren-av to the First Federal Savings and Loan Association paved the way for the relocation of the Hilltop office of that firm.

Willard C. Eidson, president of the First Federal, revealed this week the purchase of property at 2680 W. Broad-st from Hazel Bercaw Moss and Claude Moss as well as property at 2672 W. Broad-st from Jerry G. Spears Sr., and Mildred A. Spears for a total frontage of 124 feet on W. Broad-st.

Purchase of the property at the Northwest corner of Broad-st and Warren-av completes plans for the construction of a colonial type building similar in design to the Bexley office of the First Federal. The present buildings on the property will be razed. The ground area will provide sufficient space for both the new structure and ample parking.

The building has been designed by Arthur C. Lenander, architect, of 79 E. State-st, a specialist in designing office buildings for financial institutions.

Construction of the new building is expected to get underway in the near future. It is hoped that the structure may be ready for occupancy sometime in the spring of next year.

In a statement Mr. Eidson said "The Hilltop office of the First Federal is in need of added facilities in order to render the best possible service to our home loan and insured savings customers. The population of the Hilltop area continues to increase and with the General Motors and Westinghouse plants on the west side of the city many more homes will be built, as-

Jago Ready For Big Fourth

Jago is going patriotic too, what with his flag and huge firecracker, which he holds. He'll make an appearance between 1 and 2 p. m. Gala Holiday Program Will Start At 2 P. M.

It's here again, the Fourth of July that is, and with it comes the third annual celebration of Independence Day under the sponsorship of the Hilltop Lions Club. Saturday is the day on which the months of planning by the local service club will become actuality at West High School when festivi-

"Spooks" Beckman

ties get underway at 2 p. m.

The Hilltop Lions this year have planned for two shows and promise a "bigger and better celebration for the Hilltop than ever before." Their objective is to provide good entertainment to encourage local folk to stay at home and enjoy the holiday in a safe and sane manner.

In the afternoon after the flag raising ceremony by local Boy Scout troops the merriment will really begin with a variety of contests arranged for the youngsters up to 16 years of age with many prizes to be awarded the winners. In addition there will be the boys' and girls' vehicle parade with prizes to be given for the best decorated bike, tricycle, wagon, etc.

The best dressed cowboy and best dressed cowgirl will also come in for a share of the many prizes which are being offered.

On hand, too, for the afternoon festivities will be a circus band consisting of six boys from the West High Marching Band, headed by Bill Moore. Their music will lend an auro of the circus to the afternoon celebration when the Columbus Traveling Zoo with 18 animals will also be present along with two circus clowns.

There'll be cowboys and horses as well as the famed trampoline act of Jim Baley who flips, twists, falls, cavorts, and clowns his way into the heart of any audience with his daring on the bounding net.

For the evening portion of the celebration which will get underway at 8 p. m. a variety show has been arranged with the personable and ever unpredictable "Spooks" Beckman, TV and Radio star as the master of ceremonies.

Sheriff Probes Phony Arrest Racket Here

The sheriff's office has been pushing their investigation into the phony arrest racket which has been reported operating west of Columbus recently.

Deputy Sgt. Paul Stormont, assigned to the case, admitted there were some leads, but declined to say what they are. He said he was questioning victims and intended victims of the three racketeers.

Chief Deputy Dale V. Thibaut said there had been several reports of people being arrested by phony deputies, taken before an alleged Justice of the Peace and fined.

The trio has been preying on couples in parked cars. They have been operating in the area between Hague-av and Phillipi-rd.

Hilltop Man Escapes Death In Collision

Walter W. Frankenburger, 18, of 124 S. Highland-av suffered a fractured rib and numerous cuts and bruises about the body when the car he was driving was struck by a New York Central System passenger train about a mile west of Georgesville at 5 p. m. Monday.

State Highway Patrolman Al Carrick said Frankenburger was driving north on Alkire-rd and pulled in front of the westbound train. The impact of the collision knocked the auto 75 feet. The car's engine was ripped out and carried 200 feet, Patrolman Carrick said. The car was demolished.

A patrol spokesman said Frankenburger, who is in "fair" condition in Mt. Carmel Hospital, was a "very lucky individual."

Hilliards Sewage Dumping Attacked

Two Norwich Township farm operators have asked common pleas court to restrain the village of Hilliards from dumping sewage into an open ditch.

Mae L. Weaver, 75 E. 18th-av, and Arthur Davenport Amlin, requested the injunction in a $29,000 damage suit. They charge the village has been dumping raw sewage into the ditch along Hilliards Cemetery and Leap-rds for the last four years, damaging their land and cattle.

West High Student Named As Girls' Nation Delegate

Kay Glass

Kay Glass, West High School student and the daughter of Mr. and Mrs. Rufus C. Glass, 172 Guernsey-av, was one of two delegates elected Saturday as Ohio representative to Girl's Nation in Washington next month. She is the candidate, sponsored by the Camp Chase Post 96 Auxiliary, to Buckeye Girls' State, which has been in session at Capital University.

Girls State Governor Linda Wilson of Mansfield, was also chosen to attend the event at American University from July 31 until Aug. 6.

The Girls State legislators Saturday adopted a resolution asking Congress to remove the federal excise tax on women's handbags selling for less than $15.

The measure pointed out that the tax was invoked during World War II when materials were scarce and the government was trying to limit the supply. The girls said these conditions no longer exist, nor are they luxuries as the law implies.

Copies of the resolution are to be forwarded to each member of the Ohio delegation in Congress.

The other girl to the mythical Girls' State from this area was Joan Courtney, 674 Binna-blvd. She was sponsored through the Camp Chase Auxiliary by the Hilltop Lions Club.

Highway Chief Urges Caution For Holiday

"Use your head — don't lose it." These were the words of advice from S. O. Linsell, Ohio Department of Highways director, to the millions of holiday travelers over the fourth of July week-end.

Linsell's message to the driving public stressed the fact that Independence Day motorists should take every precaution to arrive at their destinations. Said Linsell, "Holiday week-ends are happy occasions. Don't let yours be clouded by having a member of your family or yourself listed in the death columns."

He continued, "Holidays and summer week-ends are burdened with traffic accidents, and the Fourth of July has been no exception. Last year on the Fourth of July, eight people in Ohio were killed in traffic accidents and on the 10th of July, 13 more people fell victim to road deaths."

Linsell concluded his statement with the warning, "a safe trip for you and your family will depend on your driving ability and the [illegible] caution."

Fire Caused By Lightning Destroys Local Home

Sixty-four-year-old Elizabeth Bromfield of 1967 McKinley-av, was rendered homeless Tuesday evening when during a thunderstorm lightning struck her four room home and the resultant fire completely demolished the structure.

Franklin Township Volunteer Department was first to the blaze, second was the Franklin No. 2 Department and the Arlington Department with the cooperation of the Box 15 Club which fought valiantly to halt the blaze but were handicapped by lack of water. Firemen pointed out that had not their tankers run dry and they had hydrants to couple onto, they would have been able to save the home.

Mrs. Bromfield, in the house at the time the lightning struck, was only able to save her purse and the $40 it contained. Everything else in the home was a total loss.

Council Acts To Ease Water Shortage Here

Columbus City Council took two steps Monday night to solve its water woes on Hilltop and West Side.

Council passed ordinances to: appropriate $100,000 for plans, specifications and engineering supervision of a 36-inch water main to the West Side.

Appropriate $14,000 to pay Army Engineer Corps for use of nearly two billion gallons of water a year from the Delaware Dam.

Paul Laux, superintendent of the Division of Water, said the 36-inch main to the West Side area will be completed by June of next year and would double the six million gallons of water per day now being pumped to that section of the city.

The new main will run from the Dublin-rd water plant to Fisher-rd, then south on Phillipi-rd to Broad-st, where it will connect into the present 20-inch main on Broad-st. The new main and booster pumping station will cost about $1 million.

The agreement with the Army Engineer Corps will permit the city to control the flow of water from the Delaware Dam, thus providing Columbus with 1.9 billion gallons of additional water this fall and winter.

"I'M COMING HOME"

Issued in solemn warning this 13th day of June, 1953.

To the neighbors, friends and relatives of one Richard B. Dilsaver.

Fill the reefer with cold beverages! Get those civies out of moth balls!

Dear citizens:

Very soon the above signed will be in your midst, dehydrated, demobilized and demoralized, to take his place once more as a human being, with freedom and justice for all; engaged in the liberty and somewhat declared pursuit of happiness.

In making joyous preparation to welcome him back into organized society, you must make allowance for the crude environment which has been his miserable lot during recent months. In a sense, he might be a little Asiatic, suffering from Japanese Yapparatta, a little too much Saki or Korean Makjoo. Therefore show no alarm if he prefers to squat instead of sitting in a chair or shows a tendency to bow when meeting or saying goodbye to someone. Keep cool when he pours gravy on his dessert at the supper table. Don't look at him with doubt when he shouts "Eetawa" at you. He really meant to say "Come here." Never ask him why the Smith boy held a higher rank than he did, and make no flattering remarks about the Airborne or Air Force and above all, never, never mention the Marine corps in his presence!!!

This man will run amuck if you mention rotation or reenlistment or what happened to General Dodd. And for good reason keep in mind that beneath this tanned exterior there beats a heart of gold. Treasure this for after many months of cards and shooting the breeze with his buddies, this will be the only thing of value that he has left.

With kindness, tolerance and an occasional bit of good spirits (never place Tori or Saki in front of him), you will again be able to rehabilitate what is now a hollow shell of the happy man you once knew.

P.S. Send no more letters c/o APO 6, Pohang-dj Inchon-Do, or Kole-Do and all that Korean Jibberish.

Dance Music Band Concert To Be Sunday

On Sunday evening, July 5 at Schiller Park, the Columbus Federation of Musicians will present it's version of "Jazz at the Philharmonic" when a large dance band under the capable direction of Clair V. Barnard will provide a concert of all dance music.

This departure from the usual program of the concert band is the result of many requests from enthusiasts of this type of music and every effort has been made to have all types of modern dance music played. In addition to the numbers by the entire band, various small groups will be drawn to present the accepted styles of the modern bands such as Dixieland and the Rhumba.

Vocals will be handled by Russell Butler and Leslie Wendell and the instrumental solos by Doc McLain and Earl March.

Barnard is well qualified to handle this concert being himself an outstanding performer with the Tommy Dale Orchestra. In addition, he is an instructor of instrumental music at West High School and is also a member of the Aladdin Temple Shrine Band. During World War II, he served with an Air Force Band.

The concert will start promptly at 8:00 p. m. and has been made possible by funds provided by the Recreational Department of the City of Columbus and the Columbus Federation of Musicians through a grant from the Music Performance Trust Fund of the Recording and Film Industries.

Modern marriage wouldn't be such a gamble if so many couples didn't think a pair beats a full house.

Politicians find that the difficulty in buying a newspaper's influence is that the one that can be bought has very little influence.

Many men are able to make a place in the sun for themselves because they are a shade better than the next fellow.

No matter how much time you find to look for it, lost time is never found again.

A good wife laughs at hubby's jokes—not because they are clever, but because she is.

Never bet on a sure thing unless you can afford to lose.
